Lamas,2021 This work demonstrates how Latina os have been integral to US and Latin American literature and history since the nineteenth century The Visigothic Kingdom Sabine Panzram,Paulo Pachá,2020-11-27 How did the breakdown of Roman rule in the Iberian peninsula eventually result in the formation of a Visigothic kingdom with authority centralised in Toledo This collection of essays challenges the view that local powers were straightforwardly subjugated to the expanding central power of the monarchy Rather than interpret countervailing events as mere delays in this inevitable process the contributors to this book interrogate these moments to uncover the hidden agency of individuals and local authorities What emerges is a story of contested interests seeking cooperation through institutions and social practices that were flexible enough to stabilise a system that was hierarchical yet mutually beneficial for multiple social groups By examining the Visigothic settlement the interplay between central and local power the use of ethnic identity projections of authority and the role of the Church this book articulates a model for understanding the formation of a large and important early medieval kingdom
