 Trade 29     *EASYUNI Ultimate University Guide 2014* EasyUni Sdn Bhd,2014-07-02 Hi there It s nice to present you once  
 again with another hot issue of easyuni On 11 June this year we launched the unifrens social platform an extension to easyuni  
 s existing vision of providing comprehensive and accurate information to students about colleges and universities This is  
 another milestone in the history of easyuni as one of Asia s most popular education portals committed to helping students  
 with their higher education plans unifrens is a social platform which allows students searching for universities and colleges  
 with similar interests to connect with each other to help them make unbiased and community driven decisions about their  
 higher education It also allows them to connect with students who are currently enrolled at universities who can tell them  
 about their experiences about a particular city country university or a course unifrens is something we had been planning for  
 a while to complement our current family of tools for students We always knew that our users would love it as they want  
 more community driven information instead of promotional content from universities and study abroad consultants I believe  
 this feature will democratise the way information about speci c courses countries or institutions is presented and this can  
 only mean good news for students and their parents visitors as it helps them make more informed decisions about which  
 course institution or country to pick Students can also pose questions to their groups which will be answered by experts and  
 the community The feature is still in its beta stage but has gained massive traction with over 100 000 users already  
 registered and assigned to groups Exciting isn t it The issue you re holding now has so much to offer as well So read every  
 page and ll yourself with all the knowledge needed to make informed decisions about your higher education     *Resources in
