Dutta Pal Chowdhury Physics Book:

New Kind of Machine Learning-Cellular Automata Model Parimal Pal Chaudhuri, Adip Dutta, Somshubhro Pal Choudhury, Dipanwita Roy Chowdhury, Raju Hazari, 2025-04-25 This book introduces the CAML model a novel integration of Cellular Automata CA and Machine Learning ML designed to deliver efficient computation with minimal training data and low computing resources CAML operates through two key perspectives one where CA is enhanced by ML to handle complex non linear evolution and another where CA strengthens ML by leveraging linear CA evolution to process linear functions effectively The book focuses on real world applications of CA such as in Computational Biology where CAML models protein chains to predict mutations linked to human diseases using carefully designed CA rule sequences for each amino acid Another significant application is in multi language Sentiment Analysis where the model analyzes text in five languages Hindi Arabic English Greek and Georgian without relying on pre trained language models CAML uses CA rules for Unicode character modeling offering a transparent interpretable prediction algorithm Overall CAML aims to drive industrial and societal applications of CA with an emphasis on transparent results and efficient hardware design through CA s regular modular and scalable structure

Quantum Phase Transitions in Transverse Field Spin Models Amit Dutta, Gabriel Aeppli, Bikas K. Chakrabarti, Uma Divakaran, Thomas F. Rosenbaum, Diptiman Sen, 2015-01-28 The transverse field Ising and XY models the simplest quantum spin models provide the organising principle for the rich variety of interconnected subjects which are covered in this book From a generic introduction to in depth discussions of the subtleties of the transverse field Ising and related models it includes the essentials of quantum dynamics and quantum information A wide range of relevant topics has also been provided quantum phase transitions various measures of quantum information the effects of disorder and frustration quenching dynamics and the Kibble Zurek scaling relation the Kitaev model topological phases of quantum systems and bosonisation In addition it also discusses the experimental studies of transverse field models including the first experimental realisation of quantum annealing and the recent realisation of the transverse field Ising model using tunable Josephson junctions Further it points to the obstacles still remaining to develop a successful quantum computer

Innovations and Advanced Techniques in Computer and Information Sciences and Engineering Tarek Sobh, 2007-09-04 Innovations and Advanced Techniques in Computer and Information Sciences and Engineering includes a set of rigorously reviewed world class manuscripts addressing and detailing state of the art research projects in the areas of Computer Science Computer Engineering and Information Sciences Innovations and Advanced Techniques in Computer and Information Sciences and Engineering includes selected papers from the conference proceedings of the International Conference on Systems Computing Sciences and Software Engineering SCSS 2006 which was part of the International Joint Conferences on Computer Information and Systems Sciences and Engineering CISSE 2006 All aspects of the conference were managed on line not only the reviewing submissions and registration processes but also the actual conference

Conference participants authors presenters and attendees only needed an internet connection and sound available on their computers in order to be able to contribute and participate in this international ground breaking conference The on line structure of this high quality event allowed academic professionals and industry participants to contribute work and attend world class technical presentations based on rigorously refereed submissions live without the need for investing significant travel funds or time out of the office Suffice to say that CISSE received submissions from more than 70 countries for whose researchers this opportunity presented a much more affordable dynamic and well planned event to attend and submit their work to versus a classic on the ground conference The CISSE conference audio room provided superb audio even over low speed internet connections the ability to display PowerPoint presentations and cross platform compatibility the conferencing software runs on Windows Mac and any other operating system that supports Java In addition the conferencing system allowed for an unlimited number of participants which in turn granted CISSE the opportunity to allow all participants to attend all presentations as opposed to limiting the number of available seats for each session
