of Seventh Avenue Nancy MacDonell, 2024-08-27 In the tradition of *The Barbizon* and *The Girls of Atomic City* fashion historian and journalist Nancy MacDonell chronicles the untold story of how the Nazi invasion of France gave rise to the American fashion industry Calvin Klein Ralph Lauren Donna Karan Halston Marc Jacobs Tom Ford Michael Kors Tory Burch Today American designers are some of the biggest names in fashion yet before World War II they almost always worked anonymously The industry then centered on Seventh Avenue in Manhattan had always looked overseas for inspiration a polite phrase for what was often blatant copying because style as all the world knew came from Paris But when the Nazis invaded

France in 1940 the capital of fashion was cut off from the rest of the world The story of the chaos and tragedy that followed has been told many times but how it directly affected American fashion is largely unknown Defying the naysayers New York based designers retailers editors and photographers met the moment turning out clothes that were perfectly suited to the American way of life sophisticated modern comfortable and affordable By the end of the war the American Look had been firmly established as a fresh easy elegance that combined function with style But none of it would have happened without the influence and ingenuity of a small group of women who have largely been lost to history *Empresses of Seventh Avenue* will tell the story of how these extraordinary women put American fashion on the world stage and created the template for modern style and how the nearly 500 billion American fashion industry the largest in the world could not have accrued its power and wealth without their farsightedness and determination **Die grossen Modedesignerinnen** Stefanie

Lady in the Dark Bruce D. Mcclung,2009-02-16 When *Lady in the Dark* opened on January 23 1941 its many firsts immediately distinguished it as a new and unusual work The curious directive to playwright Moss Hart to complete a play about psychoanalysis came from his own Freudian psychiatrist For the first time since his brother George s death Ira Gershwin returned to writing lyrics for the theater And for migr composer Kurt Weill it was a crack at an opulent first class production Together Hart Gershwin and Weill with a little help from the psychiatrist produced one of the most innovative works in Broadway history With a company of 101 and an astronomical budget *Lady in the Dark* launched the career of a young nightclub performer named Danny Kaye and starred Gertrude Lawrence in the greatest triumph of her career With standees at many performances *Lady in the Dark* helped establish the practice of advance ticket sales on the Great White Way while Paramount Pictures bid for the film rights broke all records New York Times drama critic Brooks Atkinson hailed the production as splendid anointed Kurt Weill the best writer of theatre music in the country and worshiped Gertrude Lawrence as a goddess Though *Lady in the Dark* was a smash hit it has never enjoyed a Broadway revival and a certain mystique has grown up around its legendary original production In this ground breaking biography bruce mcclung pieces together the musical s life story from sketches and drafts production scripts correspondence photographs costume and set designs and thousands of clippings from the star s personal scrapbooks He has interviewed eleven members of the original company to provide a one of a kind glimpse into the backstage story The result is a virtual ticket to opening night the saga of how this musical play came to be and the string of events that saved the experimental show at every turn Although America

was turned upside down by Pearl Harbor after the production was on the boards Lady in the Dark played an important role for the war effort and rang up 777 performances in 12 cities In what may be the most illuminating study of a single Broadway musical this biography brings Lady in the Dark back to the spotlight and puts readers in the front row *Deluxe* Dana Thomas,2015-01-29 Fashion may be fabulous but what price true luxury With incredible access to the glamorous world of the luxury brand Deluxe goes deep inside the workings of today s world of profit margins and market share to discover the fate of real luxury From the importance of fashion owners to red carpet stars and the seasonal must have handbags Dana Thomas shows how far illustrious houses have moved from their roots Thomas witnesses how these luxury handbags are no longer one in a million discovers why luxury brand clothing doesn t last as long and finds out just who is making your perfume From terrifying raids on the Chinese sweat shops to the daunting chic of Paris workshops from the handcrafting and economics of early twentieth century designers to the violent truth behind the harmless fakes Deluxe goes deep into the world of extravagance and asks where can true luxury go now **New York Magazine** ,1984-06-04 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Colors for Your Every Mood Leatrice Eiseman,2000 Offers advice on choosing color combinations for decorating one s home discusses the psychology of color and answers decorating questions Clothing and Fashion José Blanco F.,Patricia Kay Hunt-Hurst,Heather Vaughan Lee,Mary Doering,2015-11-23 This unique four volume encyclopedia examines the historical significance of fashion trends revealing the social and cultural connections of clothing from the precolonial times to the present day This sweeping overview of fashion and apparel covers several centuries of American history as seen through the lens of the clothes we wear from the Native American moccasin to Manolo Blahnik s contribution to stiletto heels Through four detailed volumes this work delves into what people wore in various periods in our country s past and why from hand crafted family garments in the 1600s to the rough clothing of slaves to the sophisticated textile designs of the 21st century More than 100 fashion experts and clothing historians pay tribute to the most notable garments accessories and people comprising design and fashion The four volumes contain more than 800 alphabetical entries with each volume representing a different era Content includes fascinating information such as that beginning in 1619 through 1654 every man in Virginia was required to plant a number of mulberry trees to support the silk industry in England what is known about the clothing of enslaved African Americans and that there were regulations placed on clothing design during World War II The set also includes color inserts that better communicate the visual impact of clothing and fashion across eras *Helena Rubinstein* Michèle Fitoussi,2013-03-11 Helena Rubinstein was born into a poor Polish family at the end of the nineteenth century by the time of her death in 1965 she had built a
