Tearing Down the Walls Monica Langley,2003-03-10 The very night that Sanford Sandy Weill the chairman and chief executive officer of Citigroup was being feted on the floor of the New York Stock Exchange as CEO of the Year the television screens above the floor were flashing danger A congressional panel was tearing into Jack Grubman the 20 million a year telecommunications analyst who worked for Sandy Had Grubman and Citigroup favored corporate clients at the expense of average investors Was Citigroup recommending stocks of troubled companies to get their business The worst scandal of Sandy Weill s long career was breaking around him Here from its very beginning is the riveting inside story of how a rough edged kid from Brooklyn overcame incredible odds and deep seated prejudice to put together Citigroup the world s largest financial empire and to transform financial services in America for better or worse Tearing Down the Walls provides an unprecedented look at how business and finance are conducted at the highest levels with extraordinary insight into the character and motivations of powerful men and women And it s the enthralling account of the interplay between power and personality Sandy Weill the son of an immigrant dressmaker is a larger than life character a legendary Wall Street CEO whose innovativeness opportunism and even fear drove him from the lowliest job on Wall Street to its most commanding heights Over a span of five decades he has tangled with and usually bested some of the most prominent and powerful titans of finance including the elitist financier John Loeb the mutual fund gunslinger and conglomerateur Gerald Tsai the patrician American Express chairman Jim Robinson and the cerebral banking visionary John Reed A consummate deal maker Sandy Weill amassed and then lost an astounding assemblage of securities firms only to plunge ahead to rebuild his empire and ultimately create the modern American financial services supermarket At the center of Citigroup s recent crises he s the mogul many are waiting to see topple while many more are trying to figure out how he succeeded Using nearly five hundred firsthand interviews with key players in his life and career including Weill himself The Wall Street Journal s Monica Langley brilliantly chronicles not only his public persona but his hidden side blunt and often crude yet unpretentious and sometimes disarmingly charming Tearing Down the Walls reveals Weill s tyrannical rages as well as his tearful regrets the crass stinginess and the unprecedented generosity the fierce sense of loyalty and the ruthless elimination of potential rivals even those he loves Langley illuminates a climb to the top filled with class conflict Jew against WASP immigrant against Mayflower

descendant entrepreneur against establishment and explores the volatile personality that inspires slavish devotion or utter disdain By highlighting in new and startling detail one man's life in a narrative as richly textured and compelling as a novel Tearing Down the Walls provides the historical context of the dramatic changes not only in business but also in American society in the last half century Compulsively readable it is also essential for understanding the forces that are reshaping the American financial system today Air Force Magazine, 1986 **Java on Smart Cards: Programming and Security**

Isabelle Attali, Thomas Jensen, 2003-06-29 This book constitutes the thoroughly refereed post proceedings of the First International Java Card Workshop held in Cannes France in September 2000 The 11 revised full papers presented were carefully reviewed and selected for inclusion in the book together with one invited paper All current theoretical and application oriented aspects of smart card security based on Java Card language programs are addressed **Information Security** Kan Zhang, Yuliang Zheng, 2004-09-21 The 2004 Information Security Conference was the seventh in a series that started with the Information Security Workshop in 1997 A distinct feature of this series is the wide coverage of topics with the aim of encouraging interaction between researchers in different aspects of information security This trend continued in the program of this year's conference The program committee received 106 submissions from which 36 were selected for presentation Each submission was reviewed by at least three experts in the relevant research area We would like to thank all the authors for taking their time to prepare the submissions and we hope that those whose papers were declined will be able to find an alternative forum for their work We were fortunate to have an energetic team of experts who took on the task of the program committee Their names may be found overleaf and we thank them warmly for their time and efforts This team was helped by an even larger number of external reviewers who reviewed papers in their particular areas of expertise A list of these names is also provided which we hope is complete We would also like to thank the advisory committee for their advice and support

The excellent local arrangements were handled by Dirk Balfanz and Jessica Staddon We made use of the electronic submission and reviewing software supplied by COSIC at the Katholieke Universiteit Leuven Both the software and the ISC 2004 website were run on a server at UNC Charlotte and were perfectly maintained by Seung Hyun Im We also appreciate assistance from Lawrence Teo in editing the proceedings **The Business Year: Angola 2024**, Angola's economy stood at the crossroads of transformation throughout 2023 with officials confronting the challenges that have swept the globe of late including inflationary pressure while attempting to draw up plans for more sustainable development The country's fortunes remain tightly intertwined with those of the oil and gas sector which continues to represent a sizeable portion of GDP This renders the country susceptible to the undulations of global oil prices something that will need to change longer term It is against this backdrop that we teamed up with AIPEX and the Chamber of Commerce and Industry of Angola CCIA to produce this 170 page publication featuring interviews with business leaders from every major sector of the economy as well as a range of
