## Classical Music Eyewitness Companions:

Classical Music, 2005      **The Complete Classical Music Guide** DK, 2019-11-07 What makes Mozart's music so great? Why does a minor chord sound sad and a major chord sound happy? What's the difference between opera and operetta? From Bach to Bernstein this definitive guide offers a complete survey of the history of classical music. Whether you already love classical music or you're just beginning to explore it, *The Complete Classical Music Guide* invites you to discover the spirituality of Byrd's masses, the awesome power of Handel's *Messiah* and the wonders of Wagner's operas, as well as hundreds more composers and their masterpieces. This guide takes you on a journey through more than 1,000 years, charting the evolution of musical instruments, styles and genres. Biographies of major and lesser-known composers offer rich insights into their music and the historical and cultural contexts that influenced their genius. The ebook explores the features that defined each musical era, from the ornate brilliance of the Baroque through the drama of Romantic music to contemporary genres such as minimalism and electronic music. Timelines, quotes and colour photographs give a voice to this music and the exceptionally gifted individuals who created it.      The Penguin Companion to Classical Music Paul Griffiths, 2004-10-07 This superbly authoritative new work provides a comprehensive A-Z guide to some 1,000 years of Western music. It explores in detail the lives and achievements of a vast range of composers, as well as looking at such key topics as music history from medieval plainchant to contemporary minimalism, performers, theory and jargon. Through Griffiths skilfully blends lightly worn scholarship with personal insight, whether examining the emotional colouring that different musical keys achieve or charting the rise and development of the symphony.      Classical Music John Burrows, Charles Wiffen, 2005 The guide that shows you what others only tell you. Explore and enjoy 1,000 years of classical music with this unique collaboration from DK and Classic FM. From Beethoven to Tchaikovsky, *Così fan tutte* to *Swan Lake*, discover the lives and works of the great composers, performers, instruments and key works with this definitive visual guide to classical music.      *Классическая музыка.
