*Navigating the Zeitgeist* Helena Sheehan,2019-03-25 The first biography of Helena Sheehan Irish American Marxist feminist activist Why would an American girl child born into a good Irish Catholic family in the thick of the McCarthy era a girl who when she came of age entered a convent morph into an atheist feminist and Marxist The answer is in Helena Sheehan s fascinating account of her journey from her 1940s and 1950s beginnings into the turbulent 1960s when the Vietnam War black power and women s liberation rocked her bedrock assumptions and prompted a volley of life upending questions questions shared by millions of young people of her generation But for Helena Sheehan the increasingly radicalized answers deepened through the following decades Beginning by overturning such certainties as America is the world s greatest country and the Church is infallible Sheehan went on to embrace existentialism philosophical pragmatism the new left and eventually Marxism Migrating from the United States to Ireland she became involved with Irish republicanism and international communism in the 1970s and 1980s Sheehan s narrative vividly captures the global sweep and contradictions of second wave feminism antiwar activism national liberation movements and international communism in Eastern and Western Europe as well as the quieter intellectual ferment of individuals living through these times *Navigating the Zeitgeist* is an eloquently articulated voyage from faith to enlightenment to historical materialism that informs as well as entertains This is the story of a well lived political and philosophical life told by a woman who continues to interrogate her times
