**Write Here: Developing Writing Skills in a Media-Driven World** Randi Brummett de Leon,Brooke Hughes,2020-04-30 Write Here is designed to teach students essential reading and writing skills using media examples to help explain academic concepts and provide opportunities for practice It is adaptable because it covers the basics of reading

writing and the modes of writing it is appropriate to use in developmental composition classrooms. However, it also covers such topics as logical fallacies, rhetoric, timed writing, academic writing, source integration, and MLA/APA documentation, making it appropriate for a first-year or stretch composition course. Many beginning writing students are underprepared and feel that writing just isn't for them. The authors hope to dispel that myth by using media examples and a conversational tone to introduce and teach the material. *Write Here* provides examples that are interesting to students while allowing them to connect to the subject matter on a more personal level. Additionally, the process of analyzing the media helps students sharpen their reading, writing, and critical thinking skills.

**Citation Management Tools** Nancy R. Glassman, 2018-11-23 With the rise of scholarly communication, proper citation and attribution practices have become more important than ever. Citation management software is an essential tool for meeting this challenge. Look no further than the proliferation of free and fee-based packages on the market: new programs and updated versions of existing software offering innovative features seem to pop up all the time. Busy students and researchers do not have the time or energy to test-drive all the available options in order to make an informed decision regarding the selection of the right tool to manage their references. After finding the right tool, they need someone to help them use it properly. Librarians must be able to help their patrons navigate the many alternatives and effectively use the special features of the software they ultimately select.

**Citation Management Tools: A Practical Guide for Librarians** was written to help librarians, teachers, and writers demystify the complex world of citation management software. Topics include:

- An overview of citation management software, including what it can and cannot do.
- Advice on selecting the right program for the right researcher and the right project.
- A comparison of citation managers on the market.
- Leveraging citation managers to provide library services.
- Citation management as a collaboration and networking tool.
- Ways to use citation managers to facilitate proper citation practices and avoid plagiarism.
- Citation managers to tame the unruly folders on your desktop.
- Mobile citation management.
- Future trends.

This book focuses on the four citation managers commonly used in libraries: EndNote, Mendeley, RefWorks, and Zotero, but other noteworthy tools are also described. *Citation Management Tools: A Practical Guide for Librarians* provides librarians with the essential skills and information required to support the use of citation managers at their libraries and explore creative ways
