Behold the Man Peter S. Williams, 2024-06-18 After a substantial new essay examining the nature of a properly skeptical historical inquiry into Jesus of Nazareth in the context of contemporary worldviews from pre modernism to meta modernism Behold the Man presents revised essays on an eclectic range of issues from how the Epistle of James treats Jesus as Divine within decades of the crucifixion and an evaluation of recent arguments about the dating of the Fourth Gospel to debunking claims about Jesus and ancient aliens and furthering debate about the resurrection With a foreword by eminent New Testament scholar Craig L Blomberg and extensive recommended resources Behold the Man Essays on the Historical Jesus represents a wide ranging interdisciplinary engagement with historical Jesus studies **C. Christianity George M. Marsden, 2020-02-25 The life and times of C S Lewis s modern spiritual classic Mere Christianity C S Lewis s eloquent defense of the Christian faith originated as a series of BBC radio talks broadcast during the dark days of World War Two Here is the story of the extraordinary life and afterlife of this influential and inspiring book George Marsden describes how Lewis gradually went from being an atheist to a committed Anglican famously converting to Christianity in 1931 after conversing into the night with his friends J R R Tolkien and Hugh Dyson and how his plainspoken case for Christianity went on to become one of the most beloved spiritual books of all time **Faith Has Its Reasons** Kenneth

profundidade do conteúdo quanto pela facilidade com que se pode acessar. O Manual de Apologética oferece as ferramentas para tratar de questões fundamentais como Por que a crença em Deus racional apesar da existência do mal no mundo? Que fatos o sustentam? O testemunho da igreja de que Jesus ressurgiu dos mortos possui certeza de que o cristianismo verdadeiro? Como pode nossa fé em Cristo se basear em algo mais seguro do que nossa razão sem resvalar para um emocionalismo irracional? A obra vai muito além de um manual convencional de Apologética. The Conscience Robert M. Solomon, 2010. Though the conscience is a universal reality it is increasingly forgotten in discussions even in church. The Conscience enlightens the reader on the nature and functions of the conscience. It comprehensively examines what the Bible actually teaches about the conscience and what roles it plays in the experience of salvation and spiritual formation. Discover how the church can minister to the conscience through teaching, modelling and healing as Bishop Robert Solomon analyses the role of the conscience in key areas of our lives: the family, workplace and the public square. Back cover.

The Global Bioethics of Artificial Intelligence and Human Rights Dominique J. Monlezun, 2020-07-22. Human annihilation has never been so easy. Artificial intelligence, guided genetic engineering, nanotechnology and robotics (AI, GNR) are widely recognized as our most transformative technological revolution ever yet we do not even have a common moral language to unite our pluralistic world to prevent an AI apocalypse should this revolution explode out of our control. This book is the first known comprehensive global bioethical analysis of AI and AI GNR by defining the Thomistic Aristotelian personalist foundation of the rights and duties based social contract framework of the United Nations and then applying it to AI. As such it creates a compelling approach which will appeal to scientists, health professionals, policy makers, politicians, students and anyone interested in our shared survival around shared solutions.

Theosis Michael Paul Gama, 2017-02-20. Evangelicalism is reaching an inflection point. The exodus of millennials from Evangelical churches and the growth of those self-identifying as Nones (as in None of the Above) for their church affiliation is concerning for the movement's future. Evangelical leaders offer mixed responses to this challenge from circling the wagons to an enthusiastic "Everything must change" posture. Theosis takes a different approach. Seeking to understand Evangelicalism and its origins, this book suggests that Evangelicalism is best understood as the sibling of Western Enlightenment Modernity which served it well until the modern cultural ethos began to shift dramatically toward post-modernity. In this shift, young Evangelicals principally post-moderns themselves, are abandoning their fathers' Evangelicalism and its perceived linearity, hyper-rationalism, either-or exclusivity and faith expression too often perceived as stripped of mystery and wonder. Theosis proposes that to move forward, Evangelicalism must go back to the future to re-engage with the patristic understanding of salvation as theosis, deification or union with God. This radical return and broadening of the doctrine of salvation has begun to gain traction in
