Timm,2010-02 My goal in writing this book is to provide a careful organization of topics so that one may easily convert from any standard two club opening system and in particular the 2 1 Game Force bids to Precision In the process one may keep most of their natural bidding sequences and the conventions they currently use with minor modifications I have tried to eliminate the fear of the memory features used by many variations of Precision by presenting a series of bids that are geared toward simplicity and allow the reader to integrate the Precision system into their more familiar natural bidding system using the 2 1 Game Force bidding structure which includes Combined Bergen Raises inverted minor suit raises with criss cross cue bidding modified scroll bids and many more familiar methods

Precision Simplified --- Second Edition Neil H. Timm Ph. D.,2011-05-05 The 2 1 Game Force System is an improvement over the Standard American System that has been played by bridge players for years The clear advantage of 2 1 is that it allows a partnership to know that game is possible with only a single bid by the responder However a significant disadvantage is that the opener may have between 12 and 21 high card points HCP when opening one of a suit obviously a very wide range To remedy this situation one may employ the strong club system in contract or duplicate bridge know simply as Precision **The Bridge World ...
