Anthropology and the Bushman Alan Barnard, 2020-05-18 The Bushman is a perennial but changing image The transformation of that image is important It symbolizes the perception of Bushman or San society of the ideas and values of ethnographers who have worked with Bushman peoples and those of other anthropologists who use this work Anthropology and the Bushman covers early travellers and settlers classic nineteenth and twentieth century ethnographers North American and Japanese ecological traditions the approaches of African ethnographers and recent work on advocacy and social development It reveals the impact of Bushman studies on anthropology and on the public The book highlights how Bushman or San ethnography has contributed to anthropological controversy for example in the debates on the degree of incorporation of San society within the wider political economy and on the validity of the case for indigenous rights as a special kind of human rights Examining the changing image of the Bushman Barnard provides a new contribution to an established anthropology debate

Africanness in Action Juan Diego Díaz, 2021 When many people think of African music the first ideas that come to mind are often of rhythm drums and dancing These perceptions are rooted in emblematic African and African derived genres such as West African drumming funk salsa or samba and more importantly essentialized notions about Africa which have been fueled over centuries of contact between the West Africa and the African diaspora These notions of course tend to reduce and often portray Africa and the diaspora as primitive exotic and monolithic In *Africanness in Action* author Juan Diego D az explores this dynamic through the perspectives of Black musicians in Bahia Brazil a site imagined by many as a diasporic epicenter of African survivals and purity Black musicians from Bahia D az argues assert Afro Brazilian identities promote social change and critique racial inequality by creatively engaging essentialized tropes about African music and culture Instead of reproducing these notions musicians demonstrate agency by strategically emphasizing or downplaying them

Women's Authority and Society in Early East-Central Africa Christine Saidi, 2010 This study of more than two thousand years of African social history weaves together evidence from historical linguistics archaeology comparative ethnography oral tradition and art history to challenge the assumptions that all African societies were patriarchal and that the status of women in precolonial Africa is beyond the scope of historical research In East Central Africa women played key roles in technological and economic developments during the long precolonial period Female political leaders were as common as male rulers and women especially mothers were central to religious ceremonies and beliefs These conclusions contribute a new and critical element to our understanding of Africa s precolonial history Book
