Beginning And Intermediate Algebra The Language And Symbolism Of Mathematics:

Beginning and Intermediate Algebra with OLC and SMART James Hall, Brian Mercer, 2002-08 Hall and Mercer's text is intended for schools that want a single book covering the standard topics from elementary algebra through intermediate algebra. The text is fully integrated rather than being simply the joining of two separate texts. Topics are organized not following the historical pattern but by using as the guiding principles the AMATYC standards as outlined in Crossroads in Mathematics. BEGINNING AND INTERMEDIATE ALGEBRA: THE LANGUAGE AND SYMBOLISM OF MATHEMATICS is oriented toward recent reforms in college level mathematics curricula.

Beginning and Intermediate Algebra: The Language & Symbolism of Mathematics James W. Hall, Brian A. Mercer, 2010-01-16

Beginning and Intermediate Algebra: The Language and Symbolism of Mathematics emphasizes what great mathematicians had identified for generations: mathematics is everywhere. Authors James Hall and Brian Mercer believe active student involvement remains the key to learning algebra. Topics in the text are organized by using the principles of the AMATYC standards as a guide, giving strong support to teachers using the text. The book's organization and pedagogy are designed to work for students with a variety of learning styles and for teachers with varied experiences and backgrounds. The inclusion of the rule of four or multiple perspectives: verbal, numerical, algebraic, and graphical, has proven popular with a broad cross section of students. A key supplement for the text are the Lecture Guides. This supplement by the authors, with the assistance of Kelly Bails of Parkland College, provides instructors with the framework of day-by-day class activities for each section in the book. Each lecture guide can help instructors make more efficient use of class time and can help keep students focused on active learning. Students who use the lecture guides have the framework of well-organized notes that can be completed with the instructor in class.
