Lessons from Antigua Joseph A. Nosak, 2014-10-31 The Lessons from Antigua can be a set of guidelines They can encourage mutual respect responsible action and brotherly love among workers

They are taken from more than forty years of experience in the trades and my involvement in the United States Navy Seabees The Lessons hold topics that can be talked about in a team setting They include but are not limited to faith fighting freedom and resolution These topics are covered separately at times together and at times they overlap because life is like that one part will overlap another The purpose of Lessons from Antigua is to raise awareness on how different thought patterns and approaches to managing men will be met with a defined outcome It is not my intention to put down methods or management They got us where we are today and there are strong points in any or all methods There are however areas in any style that can be improved and that is where awareness is born Neither is this an idealist approach to work because some men need to be led with a stick or fear of punishment and some respond better to a carrot or a reward A rare few just need a problem to solve to be motivated The emotionally intelligent part is determining when carrots are needed and when to put the stick away or how to use more carrots and less stick *You Can if you Think you Cna* Norman Vincent Peale ,1984 Von "In God We Trust" zu "Yes We Can" Sebastian Emling,2013 *The Principles of Inner Success; How to Make Your Dreams Your Reality* Dr. Gene Orłowsky,2013-11 Are you stuck in the doldrums of life Do you have the job you want Do you have the relationships you want Are you achieving all you deserve in life Are you happy where you are right now or just living in a comfort zone Success health and happiness can be yours And it s easier than you think Dr Gene Orłowsky will share with you ten life changing principles of inner success He will show you how to change your outer world by mastering your inner environment By teaching you how to monitor your thoughts actions and feelings you can as an individual change your outer world by simply changing your inner world Learn how to overcome the two most common roadblocks to success your limiting beliefs and the failure to take action Learn simple problem solving techniques to break through the challenges and barriers to your own personal success Learn how to motivate yourself to set in motion a chain reaction that will change your attraction value and allow you to attract the naturally right persons places situations and things into you beginning immediately
