**Digital Zombies, Undead Stories** Lawrence May, 2021-01-14 Through analysis of three case study videogames Left 4 Dead 2 DayZ and Minecraft and their online player communities Digital Zombies Undead Stories develops a framework for understanding how collective gameplay generates experiences of narrative as well as the narrative dimensions of players creative activity on social media platforms Narrative emergence is addressed as a powerful form of player experience in multiplayer games one which makes individual games boundaries and meanings fluid and negotiable by players The phenomenon is also shown to be recursive in nature shaping individual and collective understandings of videogame texts over time Digital Zombies Undead Stories focuses on games featuring zombies as central antagonists The recurrent figure of the videogame zombie which mediates between chaos and rule driven predictability serves as both metaphor and mascot for narrative emergence This book argues that in the zombie genre emergent experiences are at the heart of narrative experiences for players and more broadly demonstrates the potential for the phenomenon to be understood as a fundamental part of everyday play experiences across genres

Christopher M. Moreman,Cory James Rushton,2011-10-10 On the surface the zombie seems the polar opposite of the human they are the living dead we in essence are the dying alive But the zombie is also us Although decaying it looks like us dresses like us and sometimes if rarely acts like us In this volume essays by scholars from a range of disciplines examine the zombie as a thematic presence in literature film video games legal language and philosophy exploring topics including zombies and the environment litigation the afterlife capitalism and the erotic Through this wide ranging examination of the zombie phenomenon the authors seek to discover what the zombie can teach us about being human Instructors considering this book for use in a course may request an examination copy here **Romancing the Zombie** Ashley Szanter,Jessica K.

Richards,2017-10-20 The zombie popular culture s undead darling shows no signs of stopping But as it develops to suit changing audience tastes its characteristics transform This collection of new essays examines the latest incarnation the romantic zombie a re humanized monster we want to help heal and connect with rather than destroy The authors discuss our increasingly sympathetic view of the reanimated dead as more than physical bodies devoid of life and personality Their essays cover a range of topics including audience obsession with Apocalyptic love the problem of a kinder gentler undead the millennial reinvention of the sexy zombie and uncanny valley romance **American Popular Culture in the Era of Terror**

Jesse Kavadlo,2015-09-15 Bringing together the most popular genres of the 21st century this book argues that Americans have entered a new era of narrative dominated by the fear and wish fulfillment of the breakdown of authority and terror itself Bringing together disparate and popular genres of the 21st century American Popular Culture in the Era of Terror Falling Skies Dark Knights Rising and Collapsing Cultures argues that popular culture has been preoccupied by fantasies and narratives dominated by the anxiety and strangely the wish fulfillment that comes from the breakdowns of morality family law and order and storytelling itself From aging superheroes to young adult dystopias heroic killers to lustrous vampires the figures of our fiction film and television again and again reveal and revel in the imagery of terror Kavadlo s single author thesis driven book makes the case that many of the novels and films about September 11 2001 have been about much more

than terrorism alone while popular stories that may not seem related to September 11 are deeply connected to it The book examines New York novels written in response to September 11 along with the anti heroes of television and the resurgence of zombies and vampires in film and fiction to draw a correlation between Kavadlo s Era of Terror and the events of September 11 2001 Geared toward college students graduate students and academics interested in popular culture the book connects multiple topics to appeal to a wide audience *Dead, White and Blue* Aaron W Clayton,2023-05-29 Science fiction and horror television shows predict how the world might be different if zombies were real or if artificial intelligence could develop consciousness Pop culture critics reveal that these not quite humans are often proxies for race and the post apocalyptic landscapes set the stage for reimagining social and political institutions This book advances horror scholarship by placing those stories within a long tradition of mythologizing U S history It demonstrates how Disney s *Zombies* reenacts the civil rights movement how *The Walking Dead* fulfills Thoreau s fantasy against the backdrop of founding a new nation and how *Westworld* permits visitors to experience the Old West while bearing witness to Indian Removal Each of these narratives imagines a future that retells the past The chapters within look at that tradition in order to understand the present *Living with Zombies* Chase Pielak,Alexander H. Cohen,2017-01-30 Depictions of the zombie apocalypse continue to reshape our concept of the walking dead and of ourselves The undead mirror cultural fears governmental control lawlessness even interpersonal relationships exposing our weaknesses and demanding a response or safeguard even as we imagine ever more horrifying versions of post apocalyptic life This critical study traces a shift in narrative focus in portrayals of the zombie apocalypse as the living move from surviving hypothetical destruction toward reintegration and learning to live with the undead **The Book of the Undead A Zombie Film Guide** Terry Rowan,2014-08-16 Since *The Night of the Living Dead* screen *Zombies* have become increasingly bizarre bloodthirsty yes even cannibalistic A complete film guide to all your favorite undead zombie and the living dead films Interesting stories behind the scenes and a list of my favorite zombie films One thing is for sure *Zombies* in various forms remain very much alive in the movies and in audiences imagination like yours and mine I want to eat your brains *Quality Telefantasy* Andrew Lynch,2022-03-28 This book explores the relatively new genre of Quality Telefantasy and how it has broadened TV taste cultures by legitimating and mainstreaming fantastical content It also shows how the rising popularity of this genre marks a distinct and significant development in what kinds of TV are culturally dominant and critically regarded By expanding and building on the definition of US Quality TV this book brings together a number of popular science fiction fantasy and horror TV series including *Game of Thrones* *The Walking Dead* and *Westworld* as case studies which demonstrate the emergence of the Quality Telefantasy genre It looks at the role of technology including internet recap culture and subscription video on demand distribution in Quality Telefantasy s swift emergence and analyses its success internationally by considering series created outside the US like *Kingdom* South Korea Netflix and *Dark* Germany Netflix The book argues that Quality Telefantasy series should be considered a part of the larger

Quality TV super genre and that the impact they are having on the global TV landscape warrants further investigation as it continues to evolve This is a valuable text for students and scholars studying or undertaking research in the areas of television studies new media and pop cultural studies
