Western Civilization A Brief History Volume II Since 15:

Index of abridged titles of books selected from the general catalogue Glasgow univ, libr,1887 **A Concise Survey of Western Civilization** Brian A. Pavlac,2023-01-09 This book gives a brief readable description of our common Western heritage It covers the minimum historical information that educated adults should know within a tightly focused narrative and interpretive structure The joined terms supremacies and diversities develop major themes of conflict and creativity Supremacies centers on the use of power to dominate societies ranging from warfare to ideologies Supremacy seeks stability order and incorporation Diversities encompasses the creative impulse that produces new ideas as well as people's efforts to define themselves as different Diversity creates change opportunity and individuality These themes of historical tension and change whether applied to political economic technological social and cultural trends offer a bridging explanatory organization Five other topical themes regularly inform the text technological innovation migration and conquest political and economic decision making church and state and disputes about the meaning of life Various Basic Principles present summaries of historical realities Primary Source Projects and Sources on Families offer students the chance to evaluate differing points of view about the past This text is less expensive less formal has more attitude yet still provides all the essentials for a course on Western Civilization *The Art of Strategy* Owen E. Hughes,2021-05-13 Strategy is best understood not as a science but as an art one of universal applications that transcend situation or historical context The principles that were successful in war and politics through history can have real and demonstrable applications in business and management Here professor of strategy Owen Hughes helps practitioners and students to draw those parallels and to develop a profound and holistic understanding of strategy that will help them plan for and achieve success Describing strategy as an intersection of five facets purpose capability will terrain and tactics Hughes draws from colourful and dramatic examples from history and clearly demonstrates how these tactics might be applied in your own life and work This book is an ideal strategy text for any practitioner lecturer or student who tires of familiar strategy frameworks with limited scope

The Collected Works of Eric Voegelin Eric Voegelin,1989 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1971 *Resources in Education* ,1998 **The Shaping of Western Civilization** Michael Burger,2008-01-01 This book is a short interpretive and coherent overview of the history of Western civilization from antiquity to late eighteenth century Europe and America Back cover The Oxford Dictionary of Quotations Elizabeth M. Knowles,1999 This major new edition of The Oxford Dictionary of Quotations offers the broadest and most up to date coverage of quotations available today Now with 20 000 quotations arranged by author this is Oxford's largest quotations dictionary ever As well as quotations from traditional sources and with improved coverage of world religions and classical Greek and Latin literature this foremost dictionary of quotations now covers areas such as proverbs and nursery rhymes For the first time there are special sections for Advertising Slogans Epitaphs Film Lines and Misquotations which bring together

topical and related quotes and allow you to browse through the best quotations on a given subject In this new fifth edition there is enhanced accessibility with a new thematic index to help you find the best quotes on a chosen subject more in depth details of the earliest traceable source an extensive keyword index and biographical cross references so you will easily be able to find quotations for all occasions and identify who said what where and when *The Sociological Predicament* Alexander Thomas, 2025-04-17 A sociological phenomenon afflicts sociology itself academics think of themselves as the vanguard of the working class despite the fact that they are not working class as the noble willingness to side with the oppressed contrasts scholars reliance on authority to bolster their politics While there are no simple solutions to this contradiction a necessary beginning is for sociologists and other academics to acknowledge the reality of their own class privilege as members of the professional managerial class The Sociological Predicament is then a conscious and deliberate work of professional self loathing that traces the evolution of ideologies found in academia from the mid twentieth century to today which demonstrates the ways in which biases around class have given short shrift to the concerns of working class Americans in deindustrialized cities and towns that have ultimately turned away from and then against them Intellectuals have not historically been on the side of the oppressed but have been instrumental in developing ideologies that sustain the status quo and this book crucially asks whether academics presence on the left ultimately serves conservative ends **The Shaking of the Foundations** Ronald Fletcher, 2023-07-05 Originally published in 1988 the author of the classic Family and Marriage in Britain 1962 Professor Ronald Fletcher here makes a new appraisal of the family in society today Comprehensive in its range of material and straightforward in style the book represents his thoughts on the family and marriage in Britain in the 1980s Since the 1969 Divorce Reform Act many anxieties had been felt and voiced about the trends of divorce marital breakdown the growing instability of the family and so on The changes however were hard to discern and assess statistical records difficult to interpret reliably Ronald Fletcher discusses these continuing anxieties and presents a thorough going critical review of these changes and statistics In his conclusions he emphasises the continuing importance in modern society of the family and marriage Professor Fletcher examines the family as both an agent and symptom of change He explores in detail the relation between family life and the deeper long term changes which had been at work throughout the twentieth century the disrupting experience of world wars the rapidity of technological and social change the many sided changes in communications the spread of secularisation and changes in education seeking a profound and satisfactory causal explanation He ends with a consideration of the future of the family and society alike and what our social and educational policies ought to be if certain values and qualities of life are to be sustained The Shaking of the Foundations is the companion volume to The Abolitionists 1989 in which Ronald Fletcher critically examines the anti family arguments of the previous thirty years **RELIGION, CULTURE AND SUSTAINABLE DEVELOPMENT -Volume II** Roberto Blancarte Pimentel, Robert Charles Elliot, Robert Holton , 2010-12-18 Religion Culture and Sustainable Development is a component of Encyclopedia of

Social Sciences And Humanities in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias The Theme on Religion Culture and Sustainable Development with contributions from distinguished experts in the field discusses matters of great relevance to our world such as Religion values Culture and Sustainable Development These three volumes are aimed at the following five major target audiences University and College students Educators Professional practitioners Research personnel and Policy analysts managers and decision makers and NGOs

Economic Principles for the Hospitality Industry Ricardo C.S. Siu,2019-06-27 Economic Principles for the Hospitality Industry is the ideal introduction to the fundamentals of economics in this dynamic and highly competitive sector Applying economic theory to a range of diverse and global hospitality industry settings this book gives the theory real world context Looking at critical issues around sustainable economic development in the hospitality industry such as diversification technology determinants of demand and pricing it enables students to effectively conduct business analyses evaluate business performance and conduct effective improvements over time Written in an engaging style this book assumes no prior knowledge of economics and contains a range of features including international case studies and discussion questions to aid beginners in the subject This will be an essential introductory yet comprehensive resource on economics for all hospitality students

Ruin und Erneuerung Paul Betts,2022-01-27 Ein Buch von bemerkenswerter Tiefe das es vermag sowohl eine Weltgeschichte Europas als auch eine europäische Geschichte der Welt nach 1945 zu sein Christopher Clark 1945 liegt Europa in Trümmern Städte und Gemeinden sind durch Krieg zerstört die Wirtschaft am Boden Das von den Nationalsozialisten industrialisierte Mordende hat ethische Werte ebenso pervertiert wie Religion Kultur und Wissenschaft Wie ist es gelungen dem zerrütteten Kontinent wieder Frieden Wohlstand und Fortschritt zu bringen Auf der Grundlage von Originalquellen und Zeitzeugenberichten schreibt Paul Bett die vielstimmige Erzählung der Wiedergeburt Europas und zeigt welche große Errungenschaft wir heute wieder verlieren könnten

Atlantische Zivilisation und transatlantisches Verhältnis Lazaros Miliopoulos,2008-02-13 Die politischen Systeme und Gesellschaften des Westens werden einer vergleichenden empirischen und normativen Betrachtung unterzogen Im Mittelpunkt stehen dabei zum einen die Unterschiede zwischen den westlichen und nicht westlichen politischen Systemen und Gesellschaften zum anderen der Vergleich zwischen den USA und Europa Von der Rolle der Eliten über das Verhältnis von gesellschaftlicher und staatlicher Demokratie und die Rechtstraditionen bis hin zum Wirtschafts und Sozialmodell und der Rolle der Religion werden hier alle relevanten Aspekte und Themenfelder angesprochen

The Great Illyrian Revolt Jason R. Abdale,2019-06-30 The little known story of a fierce rebellion against the Romans A very good read for anyone interested in ancient military history and historiography The NYMAS Review In the year AD 9 three Roman legions were crushed by the German warlord Arminius in the Battle of the Teutoburg Forest This event is well known but there was another uprising that Rome faced shortly before which lasted from AD 6 to 9 and was just as intense This rebellion occurred in the western Balkans an area roughly corresponding to modern

Croatia Bosnia and Herzegovina Slovenia Montenegro and parts of Serbia and Albania and it tested the Roman Empire to its limits For three years fifteen legions fought in the narrow valleys and forest covered crags of the Dinaric Mountains in a ruthless war of attrition against an equally ruthless and determined foe and yet this conflict is largely unknown today The Great Illyrian Revolt is believed to be the first book ever devoted to this forgotten war of the Roman Empire Within its pages we examine the history and culture of the mysterious Illyrian people the story of how Rome became involved in this volatile region and what the Roman army had to face during those harrowing three years in the Balkans **The Oxford Magazine**, 1897 **The Dream of the West, Pt II** Brian Lasater, 2008 This volume looks at the ancient heritage of Greek philosophy and Mesopotamian astronomy and examines the history of map making coastal and celestial navigation and astronomy from 1487 1727 **Unmarking Whiteness and the New American Racism** Michael L. Blakey, 2025-07-18 This book criticizes recent performative solutions to racism diversity programs at universities for example and White people's Fragility or intolerance of mature criticism These ideas are locked in an intellectually gated and defensive conversation that effectively denies the ongoing particular abuses of White supremacy This book instead proposes expensive educational and economic changes including reparations as necessary to achieve real equity Once imputed by the eugenical effects of World War II and the Civil Rights Movement's opposition to White racism the word race was largely stricken from scientific writing But biological determinism remained deeply ensconced in an institution of science that assumed the natural world to be determining making natural science its most authoritative means Authoritative heritability estimates and genetic correlations though spurious continued to imply that obvious racial and class inequalities including their dire health effects were natural and acceptable White people often attempted to unmark their racial identity and assumed that of the uniquely normal people as though an act of anti racism Frankenberg shows On the contrary it served to deny their skin color privileges while enjoying benefits of ongoing structural racism as the only real complete human beings in the room This book uses an ethnology of anthropology to show White people's equivocal views of other's equality in their formal analyses museum collections and exhibitions and treatment of colleagues in recent times They remained deliberately deaf to critical African diasporic scholarship Thus Unmarking gives an anthropological analysis of the social history of White supremacy and shows what it is like for some to confront it In constructing this historical and sociological counternarrative the author provides a critical new social history that illuminates a tangled and turgid past for contemporary readers students and researchers with vital insights for anthropology sociology history cultural studies philosophy and American studies **Science and Technology in World History, Volume 2** David Deming, 2014-01-10 Science is a living organic activity the meaning and understanding of which have evolved incrementally over human history This book the second in a roughly chronological series explores the evolution of science from the advents of Christianity and Islam through the Middle Ages focusing especially on the historical relationship between science and religion Specific topics include technological innovations during

the Middle Ages Islamic science the Crusades Gothic cathedrals and the founding of Western universities Close attention is given to such figures as Paul the Apostle Hippolytus Lactantius Cyril of Alexandria Hypatia Cosmas Indicopleustes and the Prophet Mohammed

German Footprints in America Sudie Doggett Wike, 2022-01-19 Often overlooked because of their high degree of assimilation people of German descent are actually the largest single ethnic group in the United States German culture is far more rooted in America than commonly thought For example hot dogs hamburgers and beer wouldn't be classic American staples without German immigrants In addition to enormous contributions to mainstream beer culture and food culture they have also added to America's agriculture religious values and economy This history highlights German contributions to America examining their roles from the earliest colonies through the settlement of the Old Northwest and past the Interwar Period While most German immigrants belonged to the main Lutheran and Reformed churches a diverse cast of immigrant groups is encountered including Moravians Huguenots and Rhinelanders Through them discover the long standing history of the German descendants and their impact in the United States beginning more than 200 years ago

Fuel your quest for knowledge with is thought-provoking masterpiece, **Western Civilization A Brief History Volume Ii Since 15** .
