Lindsay Lohan started angling to get in on this power clique, which she eventually did, and now all is well and the trio go-gobbling every night, smoking and drinking and having dance-offs. Surely they talk to each other too, but trying to guess what their conversations sound like is enough to make anyone's head explode.

Anyway: With full knowledge that the whole Alliance of these three may be over and done with by the end of business day today, we present a tale of the tape illuminating just what these three probably have in common. And regardless of how long these friendships last, thanks for the memories!
