purpose of helping to eliminate the disconnect between the ideal and the reality of socialist Yugoslavia This book offers an analysis of the three music movements and their particular brand of poetics of the present in order to explore the movements specific forms of socio cultural engagement with Yugoslavia s new socialist culture and demonstrate that their cultural praxis was oriented towards the goal of realizing the genuine Yugoslav socialist humanist community in the true measure of man Thus the book s principal argument is that the driving force behind the music of commitment was although critical a fundamentally constructive disposition towards the progressive ideal of socialist Yugoslavia [Catalog of Copyright Entries.
