**Filosofía de la Restauración** Lino García Morales, 2020-08-21 La Restauración de arte es una disciplina joven desarrollada a partir de teorías que suelen poner el foco en determinado tipo de prácticas según el relato del arte. Este libro propone un enfoque desde la filosofía basado en la sustancia de la obra de arte como objeto de Restauración. Este punto de vista permite analizar los problemas de tipificación que surgen de las teorías como posibles soluciones. En Después del fin de la Restauración se define la Restauración como una disciplina inmanente al arte su objeto. En este contexto se hace necesaria una redefinición del arte en términos de un relato diferente dado por la sustancia de la obra de arte y no por su cronología histórica. Definición que abarca hasta la proclamación del fin del arte y determina el fin de la Restauración. Ambos fines simbólicos conceptuales operativos. La sustancia de la obra de arte no es un todo homogéneo tiene tanto de físico como de metafísico y la obra de arte puede ser tratada como un objeto una cosa de carácter sistémico. Esto que es menos relevante para el relato del arte sólo es para el relato de la Restauración. De qué hablamos cuando hablamos de arte. De qué hablamos cuando hablamos de Restauración. De qué hablamos cuando hablamos de autenticidad originalidad valor.Cuál es la relación entre Restauración autenticidad originalidad y valor del arte. Es necesario hablar de una filosofía de la Restauración y no de una teoría de la Restauración. Es conveniente este enfoque sistémico holístico. Por qué. Estas son solo algunas de las preguntas claves de esta primera parte.
