**Department for International Development annual report and resource accounts 2010-11 and business plan 2011-15** Great Britain: Parliament: House of Commons: International Development Committee, 2012-03-09 While DFID's total budget is increasing the Department will both restrict operating costs to 2% by 2014/15 and reduce its administrative costs by a third in real terms from 128 million in 2010/11 to 94 million by 2014/15 This report warns that capping operational costs and staff numbers may not reduce overall costs or improve effective delivery of development assistance The International Development Committee also raises concerns that cost pressures are driving DFID to use consultants to deliver its programmes rather than in house expertise The Department spends 450 million on technical cooperation per year Much of this is good work yet it was unclear exactly what this money was spent on or how effective it was and the extent to which external providers were used DFID needs to improve its assessment of which projects and services it should use consultants for and assess more carefully the use of consultants to manage the Department's own delivery programmes In its efforts to reduce administrative spending DFID might be exporting these costs to other organisations including NGOs and multilateral aid organisations with higher real administration costs The Department should assess the best and most effective way to deliver development assistance as it may be able to do it more cheaply and effectively than external organisations The report recommends that the Department improves its tracking of and reporting on the total cost of administering its aid programme with the aim of quantifying how much aid actually ends up reaching recipients **DFID's RESULTS FRAMEWORK**, 2014

OECD Development Co-operation Peer Reviews: United Kingdom 2014 OECD, 2014-12-17 This peer review of United Kingdom reviews its development policies and programmes It assesses not just the performance of its development co-operation agency but also policy and implementation **Assessing the Impact of Foreign Aid** Viktor Jakupec, Max Kelly, 2015-11-10 Assessing the Impact of Foreign Aid Value for Money and Aid for Trade provides updated information on how to improve foreign aid programs exploring the concept and practice of impact assessment within the sometimes unproblematic approaches advocated in current literature of value for money and aid for trade Contributors from multilateral agencies and NGOs discuss the changing patterns of Official Development Assistance and their effects on impact assessment providing theoretical political structural methodological and practical frameworks discussions and a theory practice nexus With twin foci of economics and policy this book raises the potential for making sophisticated and coherent decisions on aid allocation to developing countries Addresses the impact of aid for trade and value for money rather than its implementation Discusses the changing patterns of Official Development Assistance and their effects on impact assessment providing theoretical political structural methodological and practical frameworks discussions and a theory practice nexus Assesses the effects and implications of the value for money and aid for trade agendas Highlights economic issues

**Evaluation Systems in Development Co-operation 2016 Review** OECD, 2016-09-30 Evaluation is widely recognised

as an important component for learning and improving development effectiveness Evaluation responds to public and taxpayer demands for credible information and independent assessment of development co operation activities OECD Development Co-operation Peer Reviews: United Kingdom 2020 OECD,2020-11-12 The OECD s Development Assistance Committee DAC conducts reviews of the individual development co operation efforts of DAC members once every five to six years DAC peer reviews critically examine the overall performance of a given member not just that of its development co operation agency covering its policy programmes and systems They take an integrated system wide perspective on the development co operation activities of the member under review and its approach to fragility crisis and humanitarian assistance The United Kingdom uses its global standing and convening power to promote an evidence based approach to stability inclusion and prosperity and continues to provide 0.7% of its national income as Official Development Assistance ODA The depth and breadth of its expertise combined with flexible funding instruments and strong country presence allow the United Kingdom to focus these ODA resources on developing country needs while protecting its own longer term national interests Articulating a clear and comprehensive whole of government vision for its support to international development would allow the United Kingdom to reinforce its policy priorities and engage the public Further measures to build effective partnerships and institutional capacity in developing countries would allow the United Kingdom to build ownership of development processes and contribute to lasting change Brexit and the Commonwealth Peter Clegg,2018-12-07 The decision of the UK to Leave the European Union EU was unexpected and as a consequence the precise details of what would come next were left very unclear and still today there is little certainty or agreement over what Brexit will actually mean It is within this context that this edited volume has been produced The Commonwealth featured quite heavily in the referendum campaign particularly on the Leave side claiming that a vote for Brexit would allow the UK to re new and extend links with the countries of the Commonwealth However critics highlighted the potential limitations of a new bilateral link and that in many instances the UK s role is strengthened by its membership of the EU The tension between aspiration and likely reality is a key theme of the volume Another is how the decision of the UK may have consequences across the Commonwealth in terms of both domestic policy and regional cooperation In short the volume shines a detailed light on the historical and contemporary nature of relations between the UK and the Commonwealth Linked to this and possibly of greatest utility is the consideration of how policy should be formulated to best strengthen the relationship in the future This book originally appeared as a special issue of The Round Table **OECD Development Assistance Peer Reviews: United Kingdom 2010** OECD,2011-05-16 The OECD Development Assistance Committee s 2010 peer review of the UK s development assistance programmes and policies *HC 750 - Department for International Development's Performance in 2013-2014: The Departmental Annual Report 2013-14* Great Britain. International Development Committee, 2008 The Department for International Development's DFID recent doubling of support to the African Development Bank AfDB is an affirmation of early successes in the Bank's reform programme The Bank's President Donald Kaberuka and his staff are overseeing critical changes notably the decentralisation and results agendas that will help the AfDB fulfil its potential as the driver of development in Africa Record donor support pledged under the eleventh replenishment of the African Development Fund ADF 11 must be supported by maximising the effectiveness of AfDB strategies Infrastructure investments must do more to build local industry and capacity Compliance with global transparency benchmarks must be a pre requisite for AfDB financing of extractive industry projects DFID has influenced many of the most significant reforms to the Bank and deserves credit for this It must now keep a watchful eye on the implementation of these reforms DFID should argue for a reconfigured Board structure that enables the leverage of DFID and other major donors at the Bank to be commensurate with their increasing contributions to the institution DFID must help ensure that both the Bank's key performance indicators and the extent to which its own objectives are being met are rigorously assessed The Bank has the potential to become a regional leader DFID must continue its worthwhile and highly creditable support to ensure the institution fulfils this promise

DFID's contribution to the Global Fund to Fight AIDS, Tuberculosis and Malaria Great Britain: Parliament: House of Commons: International Development Committee, 2012-05-22 The Global Fund to Fight AIDS Tuberculosis and Malaria was created in 2001 to increase funding to tackle three of the world's most devastating diseases It has approved 14.1 billion for programmes in 150 countries provided AIDS treatment for 3.3 million people anti tuberculosis treatment for 8.6 million people and 230 million insecticide treated nets for the prevention of malaria The UK is the Global Fund's third highest donor and Ministers had committed over a year ago to increase funds to it but this money has not yet been delivered nor the amount of the increase confirmed The Committee is concerned by the delay in delivering funds and is calling for the UK to increase its contribution to the Global Fund significantly over and above the current 384m pledge for 2012 to 2015 subject to reform The Committee says that the G20 meeting in Mexico provides a good opportunity for the UK to announce new funds but only if conditions are met and UK taxpayers money is adequately safeguarded The Global Fund has had a difficult year with financial problems corruption scandals and the resignation of its director Confidence in the Fund was affected with some countries temporarily suspending payments and the Global Fund had to cancel a round of grants totalling some 930m However the MPs say that the Global Fund has made good progress under its new management to reform the organisation's structures and financial risk monitoring In May 2012 the Global Fund announced some 630 million in new funds

**HC 523 - The Independent Commission for Aid Impact's Performance and Annual Report 2013-14** Great Britain: Parliament: House of Commons: International Development Committee,2014-09-05 The Independent Commission on Aid Impact ICAI is an independent commission which reports to the House of Commons International Development Committee not to the Department for International Development DFID The Committee ensures its accountability to Parliament in two main ways through a sub Committee which takes evidence on the reports published by ICAI and through an inquiry each year carried out by the full Committee into ICAI s Annual Report 2013 14 has been a busy year for ICAI with 12 reports published on a wide range of DFID s activities ICAI s Annual Report contained three headline findings for DFID this year Firstly tighter management of multilateral partners is needed Secondly DFID needs to continue to improve its aid programme management capacity especially where contractors are implementing programmes Thirdly DFID s corporate results agenda and in particular its use of reach indicators is distorting programming choices The Committee shares ICAI s concerns on these issues and intend to follow up its recommendations in two forthcoming inquiries this autumn Beyond Aid and DFID s Departmental Annual Report 2013 14 DFID spends a large amount of money at least 200 million on self evaluation However it cannot provide an exact total The Committee question this large expenditure especially given that an ICAI evaluation recently found that DFID staff struggle to use self evaluation material in their work The contracts of the current ICAI commissioners contractor consortium and staff all end in May 2015 While staff contracts may be renewed new commissioners and contractors must be recruited Planning is underway for the transition to the next phase of ICAI all possible efforts must be made to ensure this goes as smoothly as possible
