

TENTH ANNIVERSARY EDITION

With a New Preface

# Dignity

The Essential Role

in Resolving Conflict

Donna Hicks, Ph.D.

"This book is a masterpiece that shows what needs to happen to create a more peaceful world and peace for the world's poorest places. It goes beyond peace, for it is about dignity in conflict."

From the Foreword by Archbishop Desmond Tutu

# Dignity The Essential Role It Plays In Resolving Conflict

## Donna Hicks

**Donna Hicks**

## **Dignity The Essential Role It Plays In Resolving Conflict Donna Hicks:**

Dignity Donna Hicks, 2011 The desire for dignity is universal and powerful It is a motivating force behind all human interaction in families in communities in the business world and in relationships at the international level When dignity is violated the response is likely to involve aggression even violence hatred and vengeance On the other hand when people treat one another with dignity they become more connected and are able to create more meaningful relationships Surprisingly most people have little understanding of dignity observes Donna Hicks in this important book She examines the reasons for this gap and offers a new set of strategies for becoming aware of dignity's vital role in our lives and learning to put dignity into practice in everyday life Drawing on her extensive experience in international conflict resolution and on insights from evolutionary biology psychology and neuroscience the author explains what the elements of dignity are how to recognize dignity violations how to respond when we are not treated with dignity how dignity can restore a broken relationship why leaders must understand the concept of dignity and more Hicks shows that by choosing dignity as a way of life we open the way to greater peace within ourselves and to a safer and more humane world for all **Dignity: Its**

**Essential Role in Resolving Conflict** Donna Hicks, 2021-09-14 A noted conflict resolution expert explores dignity its role in human conflict and its power to improve relationships Drawing on her extensive experience in international conflict resolution and on insights from evolutionary biology psychology and neuroscience Donna Hicks explains what the elements of dignity are how to recognize dignity violations how to respond when we are not treated with dignity how dignity can restore a broken relationship why leaders must understand the concept of dignity and more By choosing dignity as a way of life Hicks shows we open the way to greater peace within ourselves and to a safer and more humane world for all For the Tenth Anniversary Edition of *Dignity* Hicks has written a new preface that reflects on her experience helping communities and individuals understand the power of dignity and how it can lead to a more peaceful world Anyone who understands the importance of personal feelings and their fuel for conflict should consider *Dignity* as a powerful advisory and motivational guide Midwest Book Review Winner of the 2012 Educator's Award given by the Delta Kappa Gamma Society International

**Dignity in the Egyptian Revolution** Zaynab El Bernoussi, 2021-07-01 Dignity or *karama* in Arabic is a nebulous concept that challenges us to reflect on issues such as identity human rights and faith During the Arab uprisings of 2010 and 2011 Egyptians that participated in these uprisings frequently used the concept of dignity as a way to underscore their opposition to the Mubarak regime Protesting against the indignity of the poverty lack of freedom and social justice the idea of *karama* gained salience in Egyptian cinema popular literature street art music social media and protest banners slogans and literature Based on interviews with participants in the 2011 protests and analysis of the art forms that emerged during protests Zaynab El Bernoussi explores understandings of the concept of dignity showing how protestors conceived of this concept in their organisation of protest and uprising and their memories of *karama* in the aftermath of the protests revisiting

these claims in the years subsequent to the uprising      *Securing Peace in Angola and Mozambique* Miranda Melcher, 2024-03-21 This book helps explain how and why there are such diverging outcomes of UN peace negotiations and treaties through a detailed examination of peace processes in the Angolan and Mozambican civil wars Does it really matter what's written on page 36 protocol V section III point 5 of a UN endorsed peace treaty Dr Miranda Ruwart Melcher shows that seemingly small details such as who wears suits who has toothbrushes and how specific words are translated between French and English can and have delayed peace or contributed to restarting wars Dr Melcher uses unique primary source data including interviews with key actors who have participated in peace treaty negotiations as well as thousands of previously newly opened UN documents She argues that treaty specificity is an undervalued but important factor in researching the success or failure of peace processes The book offers new insights and policy recommendations for key details whose presence or absence can have a significant impact on how peace processes unfold      Dignity and the Organization

Monika Kostera, Michael Pirson, 2016-10-31 This important book focuses on the role of human dignity its protection and promotion in the context of organization and Humanistic Management The recent phenomenon of humanism in management already has a rich body of literature and takes up many themes both theoretically and from a practitioner perspective Dignity and the Organization is the first book to explicitly deal with the topic of human dignity and management The chapters address various aspects and problems from a humanistically oriented perspective taking up issues relevant for the contemporary management theorists and practitioners and are concerned with organization management and the social and cultural context The book develops the notion of human dignity in conceptual and theoretical terms in its practical application within the context of organizations      **Raising Our Hands** Jenna Arnold, 2020-06-16 White women are one of the most influential demographics in America we are the largest voting bloc with purchasing power that exceeds anybody else's and when we unify to demand change we are a force to be reckoned with Yet so many of us sit idly on the sidelines opting out of raising our hands to do learn and engage in ways that could make a difference Why White American women are no monolith Yet as Women's March national organizer Jenna Arnold has learned over the past few years crisscrossing the US in conversations with white women about their identity and role in the country we do possess common characteristics ones that get in the way of us becoming more engaged as citizens We're so focused on checking off our to-do lists or so afraid of getting it wrong or so busy trying to avoid conflict that we are actively avoiding the urgent conversations we need to have We are confused about how we got here and unsure how to do better Raising Our Hands is the reckoning cry for white women It asks us to step up and join the new frontlines of the fight against complacency in our homes in our behaviors and in our own minds Consider Raising Our Hands your starting place your Intro to Being a White Woman in Today's World freshman year class In these pages Jenna peels back the history that's been kept out of textbooks and the cultural norms that are holding us back so we can finally start really listening to marginalized voices and doing our part to promote progress The American

white woman is a powerful force an essential participant to mobilize alongside the rest of humanity on behalf of the world and we can no longer make excuses for why we don't have time or don't know enough

### **Dignity as a Human Right?**

George P. Smith, 2018-11-27 Dignity is seen commonly as an ethical obligation owed to human persons. The dimensions of this obligation are subject to wide discussion and defy universal agreement. Dignity is seen commonly as an ethical obligation owed to human persons. Dignity as a Human Right examines dignity within the prism of death and more particularly its humane and dignified management. Although there is no domestic or international right to die with dignity, within the right to life should arguably be a right to dignity and self-determination, especially at its end stage, for a powerful interface exists between the right to human dignity and the very right to life, to love and humanity as well as compassion at its conclusion. Legislative efforts nationally and internationally have begun to recognize a right to die with dignity when a condition of medical futility exists. There are presently five states and the District of Columbia together with a judicial interpretation from the Montana Supreme Court which recognize death assistance for the terminally ill. Internationally, Canada, Belgium, the Netherlands, and Switzerland are seen as leaders in this recognition. The United Nations has played a significant role in framing end-of-life decision making within the ambit of human rights protection. The UN Charter states unequivocally that the dignity and worth of the human person must be protected and safeguarded. Similarly, among other instruments, the Universal Declaration on Human Rights acknowledges that all human beings are born free and equal in dignity and rights.

### **Human Dignity and World Order**

Glen T. Martin, 2024-04-05 We must establish our world order on the principles of human dignity if we want a credible future for humanity. This book shows how and why this is so. It investigates the meaning of human dignity in relation to current scholarly work as well as in terms of the depths of our subjective lives from which the concept of dignity arises. It contrasts the concept of dignity with our current world system engulfed in endless wars, immense inequality, systems of economic injustice, and on-going environmental destruction. It shows the relationship between dignity, human rights, and global moral principles and lays out ten fundamental principles for a planetary ethics. The book contrasts the holistic paradigm uncovered by 20th-century science with the fragmented paradigm that persists at the heart of the present world system, showing how and why a conversion to holism and dignity is both necessary and possible. Human Dignity and World Order shows that we have not yet fully understood our human existential situation as temporal beings oriented toward the future who possess the largely untapped power of a liberating utopian imagination. Through examining our fundamental human condition, it unveils our vast potential for self-transcendence and transformation leading toward a redeemed and credible human future in which we flourish on the Earth within a planetary civilization of freedom, justice, peace, and sustainable prosperity. This book also presents the Constitution for the Federation of Earth as a paradigm or model for practical action toward a credible human future. Altogether, the book constitutes a watershed in human self-understanding, opening possibilities for the future hitherto ignored or misunderstood. Every thoughtful person concerned for our common

human future needs to read this book      **Rediscovering Gandhi (Volume 9)** R.P. Misra,D. Gopal,2018-01-01 This is the ninth volume of the Rediscovering Gandhi series of books published by the Concept Publishing Company P Ltd New Delhi originally on behalf of Gandhi Smriti and between and among countries Satyagraha of Gandhi as the most potent means of peaceful resolution of conflicts is the central theme of chapter 4 There are chapters on conflicts resulting from terrorism power politics religious animosities and ideological differences The book covers not only the conflicts and peace building attempts in India but also in other parts of the world Some chapters focus on social conflicts in India resulting from the division of Indian society into a unique system of castes The last two chapters of the book deal with Sri Lankan ethnic conflict and its management and the role UNHCR in peace building in East Timur      *Emotions, Everyday Life and Sociology* Michael Hviid Jacobsen,2018-07-11 This volume explores the emotions that are intricately woven into the texture of everyday life and experience A contribution to the literature on the sociology of emotions it focuses on the role of emotions as being integral to daily life broadening our understanding by examining both core emotions and those that are often overlooked or omitted from more conventional studies Bringing together theoretical and empirical studies from scholars across a range of subjects including sociology psychology cultural studies history politics and cognitive science this international collection centres on the everyday ness of emotional experience      Education in a Multicultural Cyprus Nicos Anastasiou,Hubert Faustmann,Iacovos Psaltis,2017-08-21 Greek Cypriots Turkish Cypriots Maronites Latins and Armenians have been the primary historical communities that make up the multicultural landscape of Cyprus However the continuing conflict between the Greek and Turkish Cypriots has geographically socially and psychologically segregated these communities while the influx of economic migrants especially after Cyprus s accession to the EU in 2004 has in turn contributed to Cyprus s challenges arising from multiculturalism in an altogether different perspective How has education over time addressed and re examined all these issues introduced by Cyprus complex evolving multiculturalism and ethnic diversity How can education better attend to current problems of coexistence in Cyprus and what kind of role can it play in a federal re united country This collection of essays introduces an innovative and critical examination of these questions in order to provide relevant answers More specifically it examines how formal non formal and informal education contributed to the creation and perpetuation of the Cyprus conflict as well as to prejudices inter ethnic stereotypes and misperceptions The book also discusses how education could contribute to conflict transformation empathy and peaceful coexistence amongst the different Cypriot communities and how this has been possible in other multi ethnic societies The volume will be of interest to students practitioners and researchers interested in peace education multiculturalism and conflict transformation      *Theology of Reconciliation in the Context of Church Relations* Rula Khoury Mansour,2020-01-31 Christians are called to be peacemakers in a world rife with conflict but how should Christians respond when the source of strife is not outside the church but within it Built on an in depth analysis of three Palestinian church splits this text examines the cultural and theological implications

of intra church conflict in Arab evangelical communities in Israel Translating Miroslav Volf's formative theology of reconciliation into her contemporary Palestinian context Dr Rula Khoury Mansour provides a critical evaluation of both Volf's theory and Palestinian peacemaking models Through her research and analysis Dr Mansour develops a Middle Eastern theology of reconciliation and encourages congregations around the world to develop greater cultural and theological awareness in their quest to experience lasting peace within their churches and wider communities **The Syrian Uprising**

Raymond Hinnebusch, Omar Imady, 2018-02-02 Most observers did not expect the Arab spring to spread to Syria for a number of seemingly good reasons Yet with amazing rapidity massive and unprecedented anti regime mobilization took place which put the regime very much on the defensive what began as the Syrian Uprising in March 2011 has evolved into one of the world's most damaging and protracted conflicts Despite over six years having passed since the inception of the Syrian Uprising this phenomenon remains difficult to fully grasp both in terms of underlying forces and long term implications This book presents a snapshot of how the Uprising developed in roughly the first two to three years 2011 2013 and addresses key questions regarding the domestic origins of the Uprising and its early trajectory Firstly what were the causes of the conflict both in terms of structure contradictions and crisis within the pre Uprising order and agency choices of the actors Why did the Uprising not lead to democratization and instead descend into violent civil war with a sectarian dimension With all 19 chapters addressing an aspect of the Uprising the book focuses on internal dynamics whilst a subsequent volume will look at the international dimension of the Uprising Taking an innovative and interdisciplinary approach that seeks to capture the full complexity of the phenomenon this book contributes significantly to our understanding of the Syrian conflict and will therefore be a valuable resource for anyone studying Middle Eastern Politics **Powerarchy** Melanie Joy, 2019-09-03

Harvard educated psychologist and bestselling author Melanie Joy exposes the psychology that underlies all forms of oppression and abuse and the belief system that gives rise to this psychology which she calls powerarchy Melanie Joy had long been curious as to why people who were opposed to one or more forms of oppression such as racism sexism speciesism and so forth often stayed mired in many others She also wondered why people who were working toward social justice sometimes engaged in interpersonal dynamics that were unjust Or why people who valued freedom and democracy might nevertheless vote and act against these values Where was the disconnect In this thought provoking analysis Joy explains how we've all been deeply conditioned by the invisible system of powerarchy to believe in a hierarchy of moral worth to view some individuals and groups as either more or less worthy of moral consideration and to treat them accordingly Powerarchy conditions us to engage in power dynamics that violate integrity and harm dignity and it creates unjust power imbalances among social groups and between individuals Joy describes how powerarchies both social and interpersonal perpetuate themselves through cognitive distortions such as denial and justification narratives that reinforce the belief in a hierarchy of moral worth and privileges that are granted to some and not others She also provides tools for transformation By illuminating

powerarchy and the psychology it creates Joy helps us to work more fully toward transformation for ourselves others and our world

*Quality Peace* Peter Wallensteen,2015-09-08 In *Quality Peace* leading peace researcher Peter Wallensteen offers a broad analysis of peacebuilding isolating what does and not work when settling conflicts The book uses statistical analysis to compare two war outcomes negotiated settlement and victory in the post Cold War era Wallensteen finds that if peace is to last three conditions must be met a losing party must retain its dignity security and the rule of law must be ensured for all and the time horizon for the settlement must be long enough to ensure a sense of normalcy Wallensteen breaks down the components of all of these conditions and applies them to interstate conflicts civil wars in which rebels are aiming to take over the entire state and separatist rebellions He also delves into the issue of world order and the significance of major power relations for local peace efforts Thus the work provides a remarkable understanding of how different types of war outcomes deal with post war conditions Sharply argued and comprehensive *Quality Peace* will invigorate peace research and stimulate peace practice becoming an authoritative work in the field

**Analytic Reflections from Conflict Zones** James R. Adams,2021-09-22 This book details the compelling story of the author s life journey through conflict zones and his return home with innovative conflict assessment and transformation frameworks and models to help people better see their conflict circumstances and peacebuilding possibilities analytic reflections aimed directly at academics professionals and citizens This engaging approach contains a blend of on the ground stories mix of professional and personalized writing styles astute historical and policy contextualization and accessible field tested analytic tools with community societal and international intervention implications It is also a cautionary tale for increasingly conflicted societies Political polarization caustic commentary and societal discord in America and elsewhere remind the author an informed eyewitness of dangerous conflict patterns and consequences that he has seen before in various conflict zones

*The Oxford Handbook of Religion, Conflict, and Peacebuilding* Atalia Omer,R. Scott Appleby,David Little,2015-01-28 This volume provides a comprehensive and interdisciplinary account of the scholarship on religion conflict and peacebuilding Looking far beyond the traditional parameters of the field the contributors engage deeply with the legacies of colonialism missionary activism secularism orientalism and liberalism as they relate to the discussion of religion violence and nonviolent transformation and resistance Featuring numerous case studies from various contexts and traditions the volume is organized thematically into five different parts It begins with an up to date mapping of scholarship on religion and violence and religion and peace The second part explores the challenges related to developing secularist theories on peace and nationalism broadening the discussion of violence to include an analysis of cultural and structural forms In the third section the chapters explore controversial topics such as religion and development religious militancy and the freedom of religion as a keystone of peacebuilding The fourth part locates notions of peacebuilding in spiritual practice by focusing on constructive resources within various traditions the transformative role of rituals youth and interfaith activism in American university campuses religion and solidarity activism

scriptural reasoning as a peacebuilding practice and an extended reflection on the history and legacy of missionary peacebuilding The volume concludes by looking to the future of peacebuilding scholarship and the possibilities for new growth and progress Bringing together a diverse array of scholars this innovative handbook grapples with the tension between theory and practice cultural theory and the legacy of the liberal peace paradigm offering provocative elastic and context specific insights for strategic peacebuilding processes

**Comparative Approaches to Law and Religion** Renae Barker, Camilla Baasch Andersen, Mohammad Rasmi Alumi, 2025-06-03 Comparative Approaches to Law and Religion examines the methodological challenges of studying the interplay between law and religion across diverse jurisdictions This volume fills a critical gap in the literature by focusing on how to conduct comparative research offering both theoretical foundations and practical applications Scholars from varied legal and cultural backgrounds contributed chapters that showcase innovative methodologies tailored to specific issues in law and religion The book is divided into three parts Part I explores the foundational theories methods and frameworks of comparative research in law and religion addressing state religion models legal pluralism and the inclusion of minorities in research Part II applies these approaches through comparative case studies tackling topics such as medical treatment for minors religious freedom in the EU and judicial populism in religion related cases Part III provides a critical evaluation of the methodologies employed encouraging reflection and dialogue on their strengths limitations and broader applicability This volume is an essential resource for scholars of law and religion and comparative law By offering a blend of theoretical insights and practical examples it equips researchers with the tools to navigate the complexities of interdisciplinary and comparative legal studies across varied jurisdictions and traditions

**Mental Health Law** Kay Wilson, 2021-06-08 The debate about whether mental health law should be abolished or reformed emerged during the negotiations of the Convention on the Rights of Persons with Disabilities CRPD and has raged fiercely for over a decade It has resulted in an impasse between abolitionists States Parties and other reformers and a literature which has devolved into camps Mental Health Law Abolish or Reform aims to break new ground by cutting through the confusion using the tools of human rights treaty interpretation backed by a deep jurisprudential analysis of core CRPD concepts dignity including autonomy equality and participation to gain a clearer understanding of the meaning of the CRPD and what it requires States Parties to do In doing so it sets out the development of mental health law and is unique in tracing the history of the abolitionist movement and how and why it has emerged now By digging deeper into the conceptual basis of the CRPD and developing the interpretive compass based on those three core CRPD concepts the book aims to flesh out a broader vision of disability rights and move the debate forward by evaluating the three main abolition and reform options Drawing on jurisprudential and multi disciplinary research from philosophy medicine sociology disability studies and history it argues compassionately and sensitively that mental health law should not be abolished but should instead be significantly reformed to minimize coercion and maximize the support and choices given to persons with mental impairments to realize all

of their CRPD rights      *Access to Justice and Human Security* Sindiso Mnisi Weeks, 2017-11-22 For most people in rural South Africa traditional justice mechanisms provide the only feasible means of accessing any form of justice These mechanisms are popularly associated with restorative justice reconciliation and harmony in rural communities Yet this ethnographic study grounded in the political economy of rural South Africa reveals how historical conditions and contemporary pressures have strained these mechanisms ability to deliver the high normative ideals with which they are notionally linked In places such as Msinga access to justice is made especially precarious by the reality that human insecurity a composite of physical social and material insecurity is high for both ordinary people and the authorities who staff local justice forums cooperation is low between traditional justice mechanisms and the criminal and social justice mechanisms the state is meant to provide and competition from purportedly more effective twilight institutions like vigilante associations is rife Further contradictions are presented by profoundly gendered social relations premised on delicate social trust that is closely monitored by one s community and enforced through self help measures like witchcraft accusations in a context in which violence is culturally and practically a highly plausible strategy for dispute management These contextual considerations compel us to ask what justice we can reasonably speak of access to in such an insecure context and what solutions are viable under such volatile human conditions The book concludes with a vision for access to justice in rural South Africa that takes seriously ordinary people s circumstances and traditional authorities lived experiences as documented in this detailed study The author proposes a cooperative governance model that would maximise the resources and capacity of both traditional and state justice apparatus for delivering the legal and social justice namely peace and protection from violence as well as mitigation of poverty and destitution that rural people genuinely need

This Engaging World of Kindle Books: A Comprehensive Guide Revealing the Benefits of Kindle Books: A World of Convenience and Versatility Kindle books, with their inherent portability and ease of access, have freed readers from the limitations of physical books. Done are the days of carrying cumbersome novels or meticulously searching for particular titles in bookstores. Kindle devices, stylish and portable, effortlessly store an extensive library of books, allowing readers to indulge in their favorite reads whenever, everywhere. Whether traveling on a busy train, lounging on a sunny beach, or just cozying up in bed, Kindle books provide an exceptional level of ease. A Literary World Unfolded: Exploring the Wide Array of Kindle Dignity The Essential Role It Plays In Resolving Conflict Donna Hicks Dignity The Essential Role It Plays In Resolving Conflict Donna Hicks The E-book Store, a virtual treasure trove of bookish gems, boasts an extensive collection of books spanning diverse genres, catering to every readers preference and choice. From gripping fiction and thought-provoking non-fiction to timeless classics and contemporary bestsellers, the Kindle Shop offers an exceptional abundance of titles to explore. Whether looking for escape through engrossing tales of imagination and adventure, delving into the depths of past narratives, or expanding ones knowledge with insightful works of scientific and philosophical, the Kindle Store provides a doorway to a literary universe brimming with endless possibilities. A Game-changing Force in the Literary Landscape: The Enduring Influence of E-book Books Dignity The Essential Role It Plays In Resolving Conflict Donna Hicks The advent of Kindle books has certainly reshaped the bookish scene, introducing a model shift in the way books are released, disseminated, and consumed. Traditional publication houses have embraced the digital revolution, adapting their strategies to accommodate the growing demand for e-books. This has led to a rise in the accessibility of Kindle titles, ensuring that readers have access to a wide array of bookish works at their fingertips. Moreover, E-book books have equalized access to literature, breaking down geographical limits and providing readers worldwide with equal opportunities to engage with the written word. Irrespective of their location or socioeconomic background, individuals can now immerse themselves in the captivating world of literature, fostering a global community of readers. Conclusion: Embracing the E-book Experience Dignity The Essential Role It Plays In Resolving Conflict Donna Hicks E-book books Dignity The Essential Role It Plays In Resolving Conflict Donna Hicks, with their inherent convenience, flexibility, and vast array of titles, have undoubtedly transformed the way we experience literature. They offer readers the freedom to discover the limitless realm of written expression, anytime, everywhere. As we continue to navigate the ever-evolving digital scene, E-book books stand as testament to the enduring power of storytelling, ensuring that the joy of reading remains accessible to all.
