**Instrumente des strategischen Managements** Herbert Paul, Volrad Wollny, 2020-06-22. Für das strategische Management stehen zahlreiche Instrumente für die Analyse, die Entwicklung und die Umsetzung von Strategien zur Verfügung. Das Buch behandelt die Bedeutung der Strategieinstrumente in der Praxis und stellt wichtige neue sowie klassische Instrumente vor. Für jedes Instrument werden theoretischer Hintergrund, Entwicklung und Bedeutung kritisch analysiert. Ähnliche Instrumente und Überschneidungen mit anderen Instrumenten werden aufgezeigt. In der 3. Auflage wurde dem Einfluss der Digitalisierung auf das strategische Management und die Anwendung der Strategieinstrumente besondere Aufmerksamkeit gewidmet. Zudem wurden neue Instrumente wie Plattform Strategien, Business Model Canvas, Design Thinking, Operating Model, und Key Objectives and Results

Entrepreneurship University of Exeter Business School      Reshaping HR Julie Hodges, Mark Crabtree, 2020-12-16 The aim of this book is to explore the contribution HR can make to how organizations enact change within the context of an environment of increasing complexity driven by global forces for change. In particular, the book focuses on the role of HR in creating value for organizations and engaging stakeholders during transformations. This aim is achieved in several distinct ways. First, a critical perspective is provided of the role of HR in organizational change by examining evidence-based theories, models, and frameworks. Second, the book is grounded in empirical evidence from a study conducted by the authors amongst managers and HR professionals across the globe. This provides unique data on the challenges and opportunities which the practice of HR faces within the context of organizational change. Third, consideration is given as to how HR can play an active and constructive role in co-creating sustainable change with managers, employees, and other stakeholders. Fourth, the book identifies the capabilities required by HR professionals in order to engage effectively with organizational change. Finally, aware of the dangers of prescriptive lists, the HR practices offered in this book are provided as a basis for amendment as necessary by readers depending upon the context of individual organizations. The book will be of value to practising HR professionals as well as students studying HRM and change and development in organizations. Our proposal in this book is that since people are of significant importance to the success of change and HR knowledge and expertise is vital to the experience and engagement of individuals and teams internal and external to the organization, there needs to be clarity about the role of HR in transformations. We suggest that HR's *raison d'être* is to focus on the people aspect of organizational change and that this needs to be done within the context of improving organizational effectiveness and wellbeing.      **The**

**Routledge Companion to Fashion Studies** Eugenia Paulicelli, Veronica Manlow, Elizabeth Wissinger, 2021-09-22 This collection of original essays interrogates disciplinary boundaries in fashion, gathering fashion studies research across disciplines and from around the globe. Fashion and clothing are part of material and visual culture, cultural memory, and heritage; they contribute to shaping the way people see themselves, interact, and consume. For each of the volume's eight parts, scholars from across the world and a variety of disciplines offer analytical tools for further research. Never neglecting the interconnectedness of disciplines and domains, these original contributions survey specific topics and critically discuss the leading views in their areas. They include discursive and reflective pieces as well as discussions of original empirical work and contributors include established leaders in the field, rising stars, and new voices, including practitioner and industry voices. This is a comprehensive overview of the field, ideal not only for undergraduate and postgraduate fashion studies students but also for researchers and students in communication studies, the humanities, gender and critical race studies, social sciences, and fashion design and business.      **The Oxford Handbook of Creativity, Innovation, and Entrepreneurship** Christina Ellen Shalley, Michael A.
