Congress. Senate. Select Committee on Ethics,1991 The Banks We Deserve Oscar Perry Abello,2025-02-04 We ve never done anything big in this country without little banks Yet the number of community banks in the US has been steadily declining for decades giving way to big banks that have little connection to the communities they claim to serve The massive unprecedented shift toward such a highly concentrated banking sector has weakened our ability to take action at a community level and leaves many people especially those who have been historically marginalized without access to capital In *The Banks We Deserve* journalist Oscar Perry Abello argues that community banking has a crucial role to play in addressing urgent social challenges from creating a more racially just economy to preparing for a changing climate At their best community banks unleash the agency and aspirations of the communities that establish them Abello challenges people working on racial justice community development or addressing climate change to start more community banks or credit unions as part of their work while also calling for policies and regulatory reforms that will help tilt the landscape back in favor of community banking *The Banks We Deserve* tells the stories of new community banks like Adelphi Bank in Columbus

Ohio the first new Black bank in 20 years or Walden Mutual Bank in Concord New Hampshire the first new mutual bank since 1973 and the first chartered specifically to finance a more sustainable food system or Climate First Bank in St Petersburg Florida which has grown exponentially since opening for business in 2021 He hopes these stories inspire others to take some of these same daunting but not impossible steps For a community or industry that is being ignored by big banks the idea of starting up a new bank or credit union rarely figures as an option In *The Banks We Deserve* Abello shows advocates organizers and innovators that it can be done that it is being done and describes a path to support more community banks and credit unions Annual Report - Federal Deposit Insurance Corporation Federal Deposit Insurance Corporation,1983 *Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations for Fiscal Year 1991: American Battle Monuments Commission* United States. Craig Pirrong,Edward A. Snyder,2012-12-06 On February 6 1989 the Federal Home Loan Bank Board contacted Mid America Institute to inquire whether it would undertake an independent academically oriented analysis of the insolvency resolution crisis in the thrift industry The Senate Banking Committee during the course of hearings on the thrift crisis had suggested to

the Bank Board the desirability of an independent assessment of Bank Board and FSLIC resolution methodology specifically as it related to the controversy surrounding the December deals the Southwest Plan and the possibility that tax considerations were driving certain deals The Bank Board had already initiated studies from industry oriented perspectives Therefore it felt that an academic perspective would provide both a valuable addition to the process and by the nature of academia perhaps the best prospect of a credible and independent viewpoint The Bank Board was prepared to give an appropriately structured Task Force virtually unlimited access to all personnel documents and resources that the Task Force felt necessary to come to an uncompromising assessment The only significant constraint imposed was that a report had to be available prior to the start of the next round of Senate Banking Committee hearings on March 1 1989 The Task Force would be given complete discretion as to the scope and coverage of the report but it was requested that the topic of the December deals particularly the associated tax considerations be a significant part of the report Management Reform United States.
