Dianaworld: An Obsession Edward White, 2025-04-29 A fascinating new perspective on the life and afterlife of Diana Princess of Wales the planet s all purpose cultural icon Over the last forty years the mythology of Princess Diana has turned the woman who was born Diana Spencer into a symbol for almost anything From a harbinger of Brexit populism an all American consumer capitalist and the savior of the British aristocracy to a catalyst for MeToo and in the words of one superfan the biggest punk that s come out of England Diana connects with a wider array of people than any member of the royal family ever has We feel

so familiar with Diana that it seems crushingly formal to use anything but her first name In Dianaworld Edward White guides us through this strange precinct of a global cultural obsession It s a place of mass delusions outsized fantasies and quixotic dreams of druids psychics Hollywood stars obsessive stalkers radical feminists and Middle Eastern generals In a signature innovative exploded biography White offers both a portrait of the princess and group portraits of those who knew her intimately those who worked with and for her and the many ordinary people whose connection to Diana reveals her unique and enduring legacy White draws on a kaleidoscopic array of sources and perspectives never before used in books about Diana or the royal family from interviews with sex workers and professional lookalikes to the Mass Observation social research project and the Great Diary Project in Britain and the peculiar work of outsider artists Diana would have approved of her posthumous title the People s Princess the image of a royal with a pauper s soul was exactly how she marketed herself In Dianaworld White explores Diana Spencer the person and the cultural figure by re creating the world Diana lived in and illuminating her lasting impact on the world she left behind Our King: Charles III Robert Jobson,2023-04-13 The definitive biography of King Charles with exclusive material and insight from a source close to the King himself Food Junkies Vera Tarman,2019-01-05 A fact filled guide to coping with compulsive overeating problems by an experienced addictions doctor who draws on many patients stories of recovery Overeating binge eating obesity anorexia and bulimia Food Junkies tackles the complex poorly understood issue of food addiction from the perspective of a medical researcher and dozens of survivors What exactly is food addiction Is it possible to draw a hard line between indulging cravings for comfort food and engaging in substance abuse For people struggling with food addictions recognizing their condition remains a frustrating battle This revised second edition contains the latest research as well as practical strategies for people facing the complicated challenges of eating disorders and addictions offering an affirming and manageable path to healthy and sustainable habits **To whom the majesty of kingship has not been conferred** Samuel Tuominen,2022-05-09 How did Sir Isaac Newton the most important figure of the Scientific Revolution believe in literal fulfillment of the biblical prophecies on the end times What did he say about the foretold Antichrist What Paul really taught in 2 Thessalonians 2 3 on the revelation of the man of lawlessness Will Rapture precede that or vice versa How and why did Princess Diana think that her husband Charles the Prince of Wales was a murderer How and why did she think that there was a conspiracy against her and that he would murder also her in a staged car accident How does this relate to the biblical prophecies on the foretold Antichrist Why so many students of the Bible prophecy have taught since the early 1980s that Prince Charles could be actually the foretold Antichrist To many of us he seems superficially the most unlikely candidate for this role But is he in fact the most likely candidate based on the number of biblical prophecies on that man what Charles can fulfill more literally than any other presumed Antichrist candidate How there is hardly any biblical prophecy on that man s foretold attributes that Charles cannot already fulfill one way or another How has he taken lately a more prominent and visible political role Why Joe

Biden and many other world leaders follow the post pandemic agenda called Build Back Better that Prince Charles launched in January 2020 at Davos together with the founder of World Economic Forum Klaus Schwab Why does its expert Justin Haskins think it represents the most significant threat to capitalism and individual liberty in more than a half century Why Prince Charles has been compared already with such bloodthirsty tyrants as Pol Pot like Michael Rubin did in his op ed in the Washington Examiner an American conservative news website and weekly magazine How Charles himself likes to compare himself with the cruel tyrants of the past centuries like Henry VIII How the Book of Daniel foretold the whole world history of the last twenty five centuries How it relates to Prince Charles Did Daniel see the history of the British Empire and its monarchy Did he see something epoch making to happen in 2023 What about the mysterious relic of the Middle Ages called True Cross And so much more in this book that one reader characterized as revolutionary **Intellectual Property Rights** D. Battle Royal David Johnson,2018-01-20 A nuanced and thorough investigation of the cases for preserving or abolishing the monarchy in Canada Subjecting both sides to searching critiques political scientist David Johnson examines the republican challenge to the Crown and the monarchist defence of it while giving a tantalizing view of what the reign of King Charles III might look like **Ladies Who Punch** Yasmin Alibhai-Brown,2020-09-01 Throughout history plucky indomitable daring fearless women and girls have done what they felt they had to and intentionally or otherwise upended the social order and common values This collection remembers ladies who punched their way through life in the past whilst also recognising today s amazing rebels **No Such Thing as Society** Andy McSmith,2010-09-16 The 1980s was the revolutionary decade of the twentieth century To look back in 1990 at the Britain of ten years earlier was to look into another country The changes were not superficial like the revolution in fashion and music that enlivened the 1960s nor were they quite as unsettling and joyless as the troubles of the 1970s And yet they were irreversible By the end of the decade society as a whole was wealthier money was easier to borrow there was less social upheaval less uncertainty about the future Perhaps the greatest transformation of the decade was that by 1990 the British lived in a new ideological universe where the defining conflict of

the twentieth century between capitalism and socialism was over Thatcherism took the politics out of politics and created vast differences between rich and poor but no expectation that the existence of such gross inequalities was a problem that society or government could solve because as Mrs Thatcher said There is no such thing as society people must look to themselves first From the Falklands war and the miners strike to Bobby Sands and the Guildford Four from Diana and the New Romantics to Live Aid and the big bang from the Rubik s cube to the ZX Spectrum McSmith s brilliant narrative account uncovers the truth behind the decade that changed Britain forever
