# Diasporas And Foreign Direct Investment In China And India

**Ian Pickup**

## **Diasporas And Foreign Direct Investment In China And India:**

**Diasporas and Foreign Direct Investment in China and India** Min Ye, 2014-08-18 A comparative and historical analysis of foreign direct investment liberalization in China and India explaining how the return of these countries diasporas affects such liberalization **Diasporas and Foreign Direct Investment in China and India** Min Ye, 2014 This book offers a comparative and historical analysis of foreign direct investment FDI liberalization in China and India and explains how the return of these countries diasporas affects such liberalization It examines diasporic investment from Western FDI and finds that diasporas rather than Western nations have fueled globalization in the two Asian giants In China diasporas contributed the lion s share of FDI inflows In India returned diasporas were bridges for and initiators of Western investment at home Min Ye illustrates that diasporic entrepreneurs helped to build China into the world s manufacturing powerhouse and that Indian diasporas facilitated their homeland s success in software services development **Beyond Regimes** Duara Prasenjit, Elizabeth J. Perry, 2020-10-26 For many years China and India have been powerfully shaped by both transnational and subnational circulatory forces This edited volume explores these local and global influences as they play out in the contemporary era The analysis focuses on four intersecting topics labor relations legal reform and rights protest public goods provision and transnational migration and investment The eight substantive chapters and introduction share a common perspective in arguing that distinctions in regime type democracy versus dictatorship alone offer little insight into critical differences and similarities between these Asian giants in terms of either policies or performance A wide variety of subnational and transnational actors from municipal governments to international organizations and from local NGO activists to a far flung diaspora have been and will continue to be decisive The authors approach China and India through a strategy of convergent comparison in which they investigate temporal and spatial parallels at various critical junctures at various levels of the political system and both inside and outside the territorial confines of the nation state The intensified globalization of recent decades only heightens the need to view state initiatives against such a wider canvas **Understanding the Indian Diaspora - History, Identity, and Global Linkages** Mr. Rohit Manglik, 2024-04-12 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic support EduGorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels ***Diaspora, Development, and Democracy*** Devesh Kapur, 2013-12-01 What happens to a country when its skilled workers emigrate The first book to examine the complex economic social and political effects of emigration on India *Diaspora Development and Democracy* provides a conceptual framework for understanding the repercussions of international migration on migrants home countries Devesh Kapur finds that migration has influenced India far beyond a simplistic brain drain migration s impact greatly depends on who leaves and why The book offers new methods and empirical evidence for measuring these traits and shows how data about these

characteristics link to specific outcomes For instance the positive selection of Indian migrants through education has strengthened India s democracy by creating a political space for previously excluded social groups Because older Indian elites have an exit option they are less likely to resist the loss of political power at home Education and training abroad has played an important role in facilitating the flow of expertise to India integrating the country into the world economy positively shaping how India is perceived and changing traditional conceptions of citizenship The book highlights a paradox while international migration is a cause and consequence of globalization its effects on countries of origin depend largely on factors internal to those countries A rich portrait of the Indian migrant community *Diaspora Development and Democracy* explores the complex political and economic consequences of migration for the countries migrants leave behind **Foreign Direct Investment** Yingqi Wei,V. N. Balasubramanyam,2004-01-01 This book consists of detailed case studies of foreign direct investment FDI in China India Ireland Malaysia Mexico and Sub Saharan Africa providing a critical review of the determinants and impact of FDI on growth and development employment technology transfer and trade The expert contributors examine a range of controversial issues including the contribution of the relatively large volume of FDI in China to its growth whether India should fully liberalise its FDI regime and the impact of Mexico s membership of NAFTA on the volume of FDI it has attracted Malaysia s economic policies which appear to have attracted relatively large volumes of FDI but failed to generate the hoped for transmission of technology and skills are also questioned along with the role of corruption in limiting the contribution of FDI to achieving social goals in Sub Saharan Africa The impressive record of the Irish Republic in attracting and harnessing FDI to development objectives is examined closely and provides a detailed analysis of policies likely to promote efficient utilisation of FDI *Diaspora and Transnational Communities* Mr. Rohit Manglik,2024-03-16 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic support EduGorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels *The Routledge Handbook to Global Political Economy* Ernesto Vivares,2020-04-16 The Routledge Handbook to Global Political Economy provides a comprehensive guide to how Global Political Economy GPE is conceptualized and researched around the world Including contributions that range from traditional International Political Economy IPE to GPE approaches the Handbook gathers the investigations varying perspectives and innovative research of more than sixty scholars from all over the world Providing undergraduates postgraduates teachers and researchers with a complete set of traditional contending and regional perspectives the book explores current issues conceptual tools key research debates and different methodological approaches taken Structured in five parts methodologically correlated the book presents GPE as a field of global regional and national research historical waves and diverse ontological axes major theoretical perspectives beyond traditional perspectives regional inquiries research arenas Carefully selected contributions from both established and

upcoming scholars ensure that this is an eclectic pluralist and multidisciplinary work and an essential resource for all those with an interest in this complex and rapidly evolving field of study      **Indian Diaspora in the United States** Anjali

Sahay, 2009-05-16 Indian Diaspora in the United States takes a new perspective on the topic of brain drain departing from the traditional literature to include discussions on brain gain and brain circulation using Indian migration to the United States as a case study Sahay acknowledges that host country policies create the necessary conditions for brain drain to take place but argues that source countries may also benefit from out migration of their workers and students These benefits are measured as remittances investments and savings associated with return and social networking that links expatriates with their country of origin Through success and visibility in host societies diaspora workers further influence economic and political benefits for their home countries This type of brain gain becomes an element of soft power for the source country in the long term Indian Diaspora in the United States is a ground breaking work that intersects economic and political issues to the dimension of migration and the concerns over brain drain With its rigorous connectionist approach this book is a valuable contribution to the fields of diaspora labor globalization and Indian studies      *Shifting Transnational Bonding in Indian*

*Diaspora* Ruben Gowricharn, 2020-05-26 This volume examines Indian diasporic communities in various countries including the United Kingdom Trinidad Portugal Netherlands and Fiji among others and presents new perspectives on the shifting nature of Indian transnationalism The book Discusses how migrant communities reinforce the diaspora and retain a group identity while at the same time maintaining a bond with their homelands Highlights new tendencies in the configuration of Indian transnationalism especially cultural entanglements with the host countries and the differentiation of homelands Studies forces affecting bonding among these communities such as global and local encounters glocalisation as well as economic political and cultural changes within the Indian state and the wider Indian diaspora Featuring a diverse collection of essays rooted in robust fieldwork this volume will be of great importance for students and researchers of diaspora studies globalization and transnational migration cultural studies minority studies sociology political studies international relations and South Asian studies      **Nigeria** Iyorwuese Hagher, 2011-04-18 Nigeria After the Nightmare is an in depth look into the

Nigerian experience explaining what went wrong during the country s thirty years of dictatorship The book describes Nigeria s problems including oil corruption and dictatorship but also provides a way for Nigeria to recover and become a leading democratic state      **Modi Doctrine** Sreeram Chaulia, 2016-10-10 Since becoming India s prime minister in 2014 Narendra

Modi has been a tour de force in foreign policymaking A vastly experienced administrator who has held key public positions as chief minister of an Indian state for more than a decade and now as prime minister he has always seen value in foreign affairs and devoted special attention to it with his unique entrepreneurial flair and coherent set of ideas Every realm of Indian foreign policy commercial diplomacy defence diplomacy diaspora outreach cultural diplomacy geostrategy and soft power has been transformed by him with a sense of destiny not witnessed in recent memory Indians and people the world

over have noticed his star presence and are asking questions like Why is he investing so much time and energy into promoting India's international relations and global image What are his vision and goals for India's role in the world What kind of distinct techniques define his approach to foreign policy How is he changing India's self understanding and preparing it for world affairs This book provides the answers by delving into the mind and method behind Narendra Modi's avatar as India's diplomat in chief It argues that under his able watch India is heading toward great power status in the international order

*Diaspora Networks and the International Migration of Skills* Yevgeny Kuznetsov, 2006-01-01 Network diasporas are but the latest bridge connecting developing economy insiders with their risk mitigating knowledge and connections to outsiders in command of technical know how and investment capital This book examines the interaction of expatriate talent with institutions in expatriates countries of origin in an attempt to make the potential of diasporas and their knowledge a reality The question of how to trigger and sustain such a virtuous cycle is a central concern of this book The focus is on the how to details of how to design effective diaspora networks and transform brain drain into brain gain

**Foreign Direct Investment in China and India** Min Ye, National University of Singapore. East Asian Institute, 2013

*China, India and Southeast Asia* Edmund Terence Gomez, Kee Cheok Cheong, Vamsi Vakulabharanam, 2018-12-07 This volume studies the outcomes of the two way flow of investments and people between China and India and Southeast Asia These cross border flows have led to new settlements in Southeast Asia from which new outlooks have emerged among locally born generations that have given rise to new forms of solidarity and identification The advent of new generations of ethnic Chinese and Indians in Southeast Asia with no ties to China or India has spawned important debates about identity shifts which have not been registered by government leaders in Southeast Asia China and India as reflected in policy statements and investment patterns Identity changes are assessed in forms where they best manifest themselves in social life and in business ventures forged or unsuccessfully nurtured through tie ups involving foreign and domestic capital A state society distinction is employed to determine how the governments of these rapidly developing countries envision development through state intervention as well as with the employment of highly entrepreneurial ethnic groups and the outcomes of this on their societies and on their economies The chapters were originally published as a special issue in *The Round Table*

*Handbook on the Geopolitics of Business* Joseph Mark S. Munoz, 2013-01-01 Global economic challenges and political upheavals underscore the importance of geopolitical understanding in the management of the contemporary corporation Handbook on the Geopolitics of Business assembles a global cast of thought leaders in the geopolitical arena The insights offered are highly valuable to students corporate executives entrepreneurs government officials and policy makers This serves as a compass that would help you find your bearings in the complex world of international business Ilan Alon Rollins College US

In recent years rapid globalization novel technologies and business models as well as economic and political changes have transformed the international business landscape This pioneering volume offers a comprehensive discussion of the new

global terrain and makes a strong case for the consideration of geopolitics in both the study and practice of modern day business. Featuring original contributions from experts across the world, this Handbook provides a solid foundation for both understanding and responding to recent changes and trends in global economics, politics, and business. Topics discussed include the shifting nature of international trade, economic growth in emerging economies, voluntary sustainability codes, management in international corporations, organization of mega events, entrepreneurship, and geopolitical risk and investment law and firm behavior. This volume offers important implications for both the academic and corporate communities. It will appeal to professors and students of international business and management, economics, and political sciences. Offering groundbreaking perspectives that drive contemporary business strategy, this book is also highly valuable to global managers, entrepreneurs, and policymakers.

*African Diaspora Direct Investment* Dieu Hack-Polay, Juliana Siwale, 2018-03-14. Examining the experiences of Africans setting up businesses back home, the main focus of this book is to establish the economic, social, and psychological reasons for such home direct investment. Despite the personal sacrifices that are often needed in order to set up new ventures, the diaspora invests relentless effort and motivations in the pursuit of home ventures. The authors explore critical areas such as the social and psychological pressures that African Diasporas experience when investing in their home countries, as well as the management of diaspora businesses and the impact of such investment to local economies.

*The Oxford Handbook of Indian Foreign Policy* David M. Malone, C. Raja Mohan, Srinath Raghavan, 2015-07-23. Following the end of the Cold War, the economic reforms in the early 1990s and ensuing impressive growth rates, India has emerged as a leading voice in global affairs, particularly on international economic issues. Its domestic market is fast growing, and India is becoming increasingly important to global geo-strategic calculations at a time when it has been outperforming many other growing economies and is the only Asian country with the heft to counterbalance China. Indeed, so much is India defined internationally by its economic performance and challenges that other dimensions of its internal situation, notably relevant to security and of its foreign policy, have been relatively neglected in the existing literature. This handbook presents an innovative, high-profile volume providing an authoritative and accessible examination and critique of Indian foreign policy. The handbook brings together essays from a global team of leading experts in the field to provide a comprehensive study of the various dimensions of Indian foreign policy.

**Labor Migration in Asia: Increasing the Development Impact of Migration through Finance and Technology** OECD, Asian Development Bank Institute, International Labour Organization, 2018-04-04. This report documents the increase in labor migration in Asia and looks at how finance and technology can aid its positive impact on home countries. As diasporas increase, governments have reached out to citizens abroad to provide them with financial instruments. Remittance channels have long **India's Foreign Policy** Harsh V. Pant, 2019-03-21. This volume brings together cutting-edge research in the field of Indian foreign policy, both at the theoretical and empirical level.
