Idiom Translation in the Financial Press Despoina Panou,2014-05-02 Bringing together disciplines such as news translation

media studies linguistics and financial discourse this book addresses the issue of English Greek idiom translation in the news press It adopts a novel idiom typology which draws its main concepts from psychology and gives a detailed description of the idiom translation strategies employed in the Greek financial press More specifically this book explores the syntactic semantic and pragmatic changes that idioms undergo when they are translated and proposes possible parameters that license a particular idiom translation strategy to be used in preference to another It is suggested that the four major tendencies dominant in idiom translation namely idiom adherence literalization deletion and compensation are determined by syntactic semantic pragmatic cognitive and textual parameters On these grounds a new idiom translation model is presented where it is assumed that idiom translation is genre sensitive thus pointing to the context sensitive nature of idiom translation expected to influence the translation quality of genres
