Designing Your Organization Amy Kates, Jay R. Galbraith, 2010-12-23 Designing Your Organization is a hands on guide that provides managers with a set of practical tools to use when making organization design decisions Based on Jay Galbraith's widely used Star Model the book covers the fundamentals of organization design and offers frameworks and tools to help leaders execute their strategy The authors address the five specific design challenges that confront most of today's organizations Designing around the customer Organizing across borders Making a matrix work Solving the centralization and decentralization dilemma Organizing for innovation

Leading Organization Design Gregory Kesler, Amy Kates, 2010-11-02 Praise for Leading Organization Design Sheds light on the challenges of organization design in a complex enterprise and more importantly provides an insightful and practical roadmap for business decisions Randy MacDonald SVP human resources IBM Designing organizations for performance can be a daunting task Kesler and Kates have done an admirable job distilling the inherent complexity of the design process into manageable parts that can yield tangible results Leading Organization Design provides an essential hands on roadmap for any business leader who wants to master this topic Robert Simons Charles M Williams Professor of Business Administration Harvard Business School Kesler and Kates have encapsulated their wealth of knowledge and practical experience into an updated model on organizational design that will become a new primer on the subject Neville Isdell retired chairman and CEO The Coca Cola Company In today's world of global business organizational design is a critical piece of long term success Kesler and Kates have captured multiple approaches to optimize global opportunities while highlighting some of the keys to managing through organizational transition A great read for today's

global business leaders Charles Denson president Nike Brand Leading Organization Design has some unique features that make it valuable It is one of the few and certainly only recent books to take us through an explicit process to design modern organizations This is accomplished with the five milestone process The process is not a simple cookbook Indeed the authors have achieved a balance between process and content In so doing Kesler and Kates show us what to do as well as how to do it Jay Galbraith from the Foreword

The Handbook of High Performance Virtual Teams Jill Nemiro,Michael M. Beyerlein,Lori Bradley,Susan Beyerlein,2015-06-10 The Handbook of High Performance Virtual Teams is an essential resource for leaders virtual team members and work group leaders The editors provide a proved framework based on five principles for working collaboratively across boundaries of time space and culture Written by experts in the field the contributors offer practical suggestions and tools for virtual team who need to assess their current level of effectiveness and develop strategies for improvement This important resource also contains an array of illustrative cases as well as practical tools for designing implementing and maintaining effective virtual work

The Heart of Change Field Guide Dan S. Cohen,2005-11-09 In 1996 John P Kotter s Leading Change became a runaway best seller outlining an eight step program for organizational change that was embraced by executives around the world Then Kotter and co author Dan Cohen s The Heart of Change introduced the revolutionary see feel change approach which helped executives understand the crucial role of emotion in successful change efforts Now The Heart of Change Field Guide provides leaders and managers tools frameworks and advice for bringing these breakthrough change methods to life within their own organizations Written by Dan Cohen and with a foreword by John P Kotter the guide provides a practical framework for implementing each step in the change process as well as a new three phase approach to execution creating a climate for change engaging and enabling the whole organization and implementing and sustaining change Hands on diagnostics including a crucial change readiness module reveal the dynamics that will help or hinder success at each phase of the change process Both flexible and scaleable the frameworks presented in this guide can be tailored for any size or type of change initiative Filled with practical tools checklists and expert commentary this must have guide translates the most powerful approaches available for creating successful change into concrete actionable steps for you and your organization Dan Cohen is the co author with John P Kotter of The Heart of Change and a principal with Deloitte Consulting LLC

Organization Design Jeroen van Bree,2021-08-03 This upper level textbook provides a practical guide to the field of organization design grounded in academic literature It is set apart from other books on the topic by its commitment to be relevant to Master s students as well as practitioners looking for evidence based guidance The book provides a solid theoretical background for students defining what organization design is exploring the history of the field and describing established frameworks and theories It then investigates why organizations may seek to embark on a re design and what a well designed organization looks like referencing case studies and the author s own research From there it takes students through how organization design occurs examining various

models for intervention the core steps in designing an organization and what challenges a practitioner may face all illustrated by stories from the field This book includes a wide range of didactic elements for students including learning objectives case study examples review questions and further reading It examines the impact of new ways of organizing and draws on the author s years of experience as a consultant to ensure that academic theory is seamlessly melded with practical application

Successful Organizational Change: The Kotter-Cohen Collection (2 Books) John P. Kotter, Dan S. Cohen, 2015-12-22 Learn how to lead organizational change with this Harvard Business Review digital collection The Heart of Change is your guide to helping people think and feel differently in order to meet your shared goals According to bestselling author and renowned leadership expert John Kotter and coauthor Dan Cohen this focus on connecting with people s emotions is what will spark the behavior change and actions that lead to success The Heart of Change Field Guide provides leaders and managers with tools frameworks and advice for bringing these breakthrough change methods to life within their own organizations

Filling the Leadership Pipeline Robert B. Kaiser, 2005 Competition is fiercer today than ever before and effective leadership represents a rare source of competitive advantage With strong leadership and a richly stocked pool of future leaders organizations prosper and endure There is an easy case to make for the imperative of investing in tomorrow s leaders today It s the law of supply and demand more organizations in greater competition under increased pressure to perform put a premium on scarce talent The labor economy has become a seller s market and poaching or luring talent away from other organizations is a losing proposition The alternative is to become good at developing your talented managers into great leaders and aggressively seeking out potential and developing it anywhere and everywhere you can find it across the organization The purpose of this volume is to share what has been learned in the last few years of increased attention to the systematic and strategic cultivation of leadership talent The time is ripe for leading practitioners to share key lessons about building and filling a leadership pipeline
