Educating About Religious Diversity and Interfaith Engagement Kathleen M. Goodman, Mary Ellen Giess, Eboo Patel, 2023-07-03 This book arises out of a recognition that student affairs professionals have little preparation or guidance in dealing with matters of spirituality religion secularity and interfaith work at a time of greater diversity in students beliefs and from a broad recognition that there is a need to engage with this aspect of student life For those who don't know how to begin and may be nervous about tackling a topic that has the potential to lead to heated disagreements this book provides the resources and practical guidance to undertake this work With the aim of providing student affairs practitioners and faculty with the tools they need to increase their comfort level and enable their ability to engage in discussions about belief both in and out of the classroom the contributors provide foundational knowledge concrete teaching ideas sample activities and case studies that can be used in a variety of settings This book serves multiple audiences in student affairs by providing teaching ideas for practitioners who want to include a session or two about interfaith in their programs as well as ideas for student affairs

faculty who may be teaching one session on this topic or a whole course The book is divided into four sections The first offers context provides the findings of research and asks readers to reflect on the framework they use to embark on this work whether a social justice framework that aims to highlight issues of power and privilege or an interfaith cooperation framework that aims to create religious pluralism Part Two provides concrete ideas for creating courses activities events and programs focused on spirituality religion secularity and interfaith engagement as well as ideas for incorporating these topics into courses typically offered in student affairs preparation programs Part Three presents case studies to engage students practitioners and faculty in thinking about campus situations related to religious diversity Part Four provides some basic information about a variety of religions and worldviews held by college students

Improving College Student Retention

Robert D. Reason, John M. Braxton, 2023-07-03 Higher education institutions have already begun to see decreasing enrollment numbers even as higher education enrollment is predicted to drop precipitously starting in 2025 Much of the decrease in enrollment will be driven by demographic trends about which higher education institutions can do little making the retention of students who do enroll that much more important Overall retention rates have stagnated and differential retention rates by race and ethnicity have persisted If higher education institutions researchers and policy makers are to improve retention rates a critical examination of the current state and future directions of retention research is essential This edited volume begins that examination by addressing several questions What are the needed directions in theory and research on college student persistence and how do we translate new theory and research into effective practices Are we asking the right questions looking in the right places or trying to apply out of date theories to new populations In short how can the research community help institutions improve retention in this challenging time

Black Collegians' Experiences in US Northern Private Colleges

Dafina-Lazarus Stewart, 2017-04-22 This book is a narrative study of the lives and experiences of sixty eight Black collegians in a set of northern private colleges in the Midwest between 1945 and 1965 Through oral histories and archival material this text documents and reflects on their experiences in the racially isolated northern rural towns in Ohio Michigan Indiana and Western Pennsylvania This history illuminates both the empowerment of these collegians and the persistent challenges of enacting institutional values in the face of resistance from both outside and within Stewart seeks to understand the nature of progress toward pluralistic diversity in college environments characterized by the paradox of racial homogeneity and interracial engagement In this way the complex interplay of social movements institutional context individual identities and the experiences of marginalized students in postsecondary education are more effectively demonstrated

Promoting Inclusive Classroom Dynamics in Higher Education

Kathryn C. Oleson, 2023-07-03 This powerful practical resource helps faculty create an inclusive dynamic in their classrooms so that all students are set up to succeed Grounded in research and theory including educational psychology scholarship of teaching and learning intergroup dialogue and social justice theory this book provides practical solutions to help faculty create an

inclusive learning environment in which all students can thrive Each chapter focuses on palpable ideas and adaptive strategies to use right away when teaching The first chapter consider professors intersecting personal and social identities and their expectations for themselves and their students Chapter 2 considers students backgrounds including class race disability and gender and focuses on what students bring to the classroom exploring their basic psychological needs of autonomy competence and belonging their approaches to learning and their self doubts and uncertainties Chapter 3 draws on universally designed learning in combination with educational design rooted in social justice and multiculturalism to describe ways to design spaces in which students flourish academically Two chapters focus on classroom dynamics Chapter 4 primarily focuses on preparation for having difficult conversations in the classroom considering how instructors can create a shared understanding between themselves and their students Chapter 5 focuses on in the moment strategies to both create and manage discomfort about sensitive and controversial topics while supporting students of various social identities such as gender race disability In the closing chapter the author integrates all the elements in the preceding chapters and also presents more general college wide programs to help faculty develop and improve their teaching
