Crisis in Handloom Industry Y. Gangi Reddy,P. Sivaram,2011 Middle India and Urban-Rural Development Barbara Harriss-White,2015-07-28 Middle India and Rural Urban Development explores the socio economic conditions of an India that falls between the cracks of macro economic analysis sectoral research and micro level ethnography Its focus the middle India

of small towns is relatively unknown in scholarly terms for good reason it requires sustained and difficult field research But it is where most Indians either live or constantly visit in order to buy and sell arrange marriages and plot politics Anyone who wants to understand India therefore needs to understand non metropolitan provincial small town India and its economic life This book meets this need From 1973 to the present Barbara Harriss White has watched India s development through the lens of an ordinary town in northern Tamil Nadu Arni This book provides a pluralist multi disciplinary and inter disciplinary perspective on Arni and its rural hinterland It grounds general economic processes in the social specificities of a given place and region In the process continuity is juxtaposed with abrupt change A strong feature of the book is its analysis of how government policies that fail to take into account the realities of small town life in India have unintended and often perverse consequences In this unique book Harriss White brings together ten essays written by herself and her research team on Arni and its surrounding rural areas They track the changing nature of local business and the workforce their urban rural relations their regulation through civil society organizations and social practices their relations to the state and to India s accelerating and dynamic growth That most people live outside the metropolises holds for many other developing countries and makes this book and the ideas and methods that frame it highly relevant to a global development audience *Handloom Industry in Action* Umesh Charan Patnaik,Aswini Kumar Mishra,1997 Study with reference to Orissa India Informal Economy and Sustainable Development Goals A Vinodan,S Mahalaskhmi,S Rameshkumar,2024-10-07 What role does the informal economy have to play in SDG implementation The chapters collected here by a range of scholars explore this question in detail examining case studies and presenting empirical evidence based on both qualitative and quantitative assessment **Other Backward Classes in India** Simhadri Somanaboina,Akhileshwari Ramagoud,2025-06-27 This book presents an exhaustive account of the development of movements thoughts and policies of Other Backward Classes OBCs in India It discusses various facets of the OBC situation in India today along spatial and specific caste lines A comprehensive work on the politics of identity and plurality of experiences of OBCs in India this handbook Scrutinises social deprivation mobilisation involvement of the state public policies and programmes for development and indent formation of OBCs Studies specific communities and industries shaped by OBC communities the impact of these businesses on the larger socio political scene and their changing contours Sheds light on the lives of nomadic and denotified tribes weaver communities shepherding tribes Dudekula Noorbasha Muslims and other minority groups Showcases the impact of new media and globalisation on shaping OBC experiences in the contemporary society The companion to The Routledge Handbook of the Other Backward Classes in India this book will be essential reading for scholars and researchers of exclusion and discrimination studies diversity and inclusion studies Global South studies affirmative action sociology Indian political history Dalit studies political sociology public policy development studies and political studies **Labour-Intensive Industrialization in Global History** Gareth Austin,Kaoru Sugihara,2013-09-13 The prevailing view of industrialization has focussed on technology capital

entrepreneurship and the institutions that enabled them to be deployed Labour was often equated with other factors of production and assigned a relatively passive role Yet it was labour absorption and the improvement of the quality of labour over the course of several centuries that underscored the timing pace and quality of global industrialization While science and technology developed in the West and whereas the use of fossil fuels especially coal and oil were vital to this process the more recent history has been underpinned by the development of comparatively resource and energy saving technology without which the diffusion of industrialization would not have been possible The labour intensive resource saving path which emerged in East Asia under the influence of Western technology and institutions and is diffusing across the world suggests the most realistic route humans could take for a further diffusion of industrialization which might respond to the rising expectations of living standards without catastrophic environmental degradation
