The breakthrough 3 step program to conquer type 2 diabetes with little to no medication If you ve been diagnosed with prediabetes or type 2 diabetes it s easy to think How did this happen I watched what I ate If only I had tried harder eaten fewer calories and burned more But you re not alone and it s not your fault Many traditional diets can actually

promote insulin resistance over time because they don't take into account your different metabolism. You may be one of the millions who have Metabolism B metabolic syndrome, an inherited condition that can cause your body to overreact to carbohydrate foods, release excess insulin, and gain body fat, and eventually develop type 2 diabetes. The good news is that you can take control of your diabetes starting today. When registered dietician Diane Kress herself developed this condition over a decade ago despite following the ADA recommended dietary guidelines, she realized that the status quo nutrition plans just don't work for everyone. In *The Diabetes Miracle*, she identifies the reason why. Now she shares the groundbreaking 3-step program that she has created for the prevention and management of this progressive, potentially fatal condition. It's the miracle diet and lifestyle plan that thousands of her patients have been successful with, and that Kress personally adheres to today, controlling her diabetes without medication. Now you can get the facts and eat to treat the root cause of type 2 diabetes. With *The Diabetes Miracle*, you can expect to correct your body's insulin imbalance naturally and stop the progression from Metabolism B to prediabetes to diabetes. Rest, reset, and retrain your pancreas to process carbs and react more normally to blood glucose changes. Lose weight and keep it off, especially the love handles and excess back fat. Get the best blood sugar readings you have experienced since your diagnosis on the least amount of medication. Have more energy, sleep great, look younger, and feel healthier. Gain control of type 2 diabetes on an easy, livable program. This diabetes bible provides clear details about the disease itself, the newest parameters for diagnosis and preventing complications. Kress also gives you the most up-to-date information on blood glucose testing, medications, the use of insulin, and tricks of the trade for great blood sugar control. With helpful Q & A throughout and a fresh, compassionate approach, *The Diabetes Miracle* takes the frustration out of living with type 2 diabetes so that you can take control permanently. Get ready for better health and a brand new lease on life.

**The 30-Day Diabetes Miracle** Franklin House, Stuart Seale, Ian Blake Newman, 2008-01-02. A revolutionary program for combating and reversing diabetes. Over the past ten years, Lifestyle Center of America has emerged as the center in the country that offers a proven, successful program to combat diabetes and even reverse its adverse effects on the body. Now available in book form for the first time, LCA's program enables individuals to actually get to the root of their problems by teaching them the ways of lifestyle change, the power of diet, activity, and stress management. It also shows how to eliminate counterproductive habits, adopt therapeutic and preventative nutritional changes, overcome insulin resistance with a new lifestyle medicine paradigm, achieve motivation and inspiration through proactive healthcare coaching, understand the extraordinary benefits of a plant-based diet for diabetics, energize with a unique, simple, and effective intermittent training exercise program, take ownership of one's own health and future.
