*Engaged Leadership* Joan Marques, Satinder Dhiman, 2018-05-02 This professional book examines the concept of engaged leadership Specifically it focuses on the need for leaders in personal and professional realms for profit and non profit to understand the importance of engagement in order to achieve enhanced satisfaction and motivation among stakeholders including employees shareholders investors supporters customers suppliers the community competitors family and partners and hence an augmented level of designed thinking which leads to increased innovation and on going leadership development Divided into three sections engaged leadership development at the personal level implementation at the organizational level and manifestation in practice this book provides professionals practitioners and policy makers as well as students with the tools and skills to lead actively and conscientiously and help them understand the importance of creativity and compassion for development Engaged leadership operates on the fundamental principle that leaders have to first and foremost perceive themselves as leaders and then engage in design thinking as they will need to develop strategies to reach encourage and positively appeal to these stakeholder groups Leadership is neither limited to those holding formal managerial position nor to any particular setting Leaders can be found everywhere in all layers of society Leadership is only possible however if one dares to perceive and define oneself as a leader And only when leadership is adopted as a reality within one s personal perception can engaged leadership be applied Featuring contributions from academics scholars and professionals from around the world each providing cases interactive questions and reflective notes this book will be of interest to professionals practitioners policy makers students and scholars interested in creative leadership management organizational behavior and governance

**Holistic Leadership** Satinder Dhiman, 2017-01-11 This book suggests that the solution to the current leadership crisis lies in leaders self cultivation process emanating from their deepest values and culminating in their contribution to the common good Traditional approaches to leadership rarely provide any permeating or systematic framework to garner a sense of higher purpose or nurture deeper moral and spiritual dimensions of leaders Learning to be an effective leader requires a level of personal transformation on the continuum of self spirit and service Synthesizing the best of contemporary approaches to leadership in a holistic manner this book presents a unique model of leadership that is built on the sound principles of Self Motivation Personal Mastery Creativity and Flow Emotional Intelligence Optimal Performance Appreciative Inquiry Authentic Leadership Transformational Leadership Positive Psychology Moral Philosophy and Wisdom Traditions of the world This broad interdisciplinary approach is well suited to effectively address the multifaceted issues faced by contemporary organizations and leaders It will be of great interest to

graduate business and organizational leadership students and faculty as well as corporate leaders

**Partnering With Students** Mary Jane O'Connell, Kara Vandas, 2015-04-04 Empower students to own their learning The world today needs students prepared to set goals to fail to get up and try a new strategy to fail again and to persist until their goals are realized Therefore we must ask Are all students in our classrooms equipped with the skills and confidence to take ownership of their learning If not what can we do to change that Building on the work of John Hattie Larry Ainsworth and other leaders in the field Partnering With Students Building Ownership of Learning offers a powerful framework to accelerate student motivation and learning This resource is designed to empower teachers and leaders with strategies to develop learners who have the confidence and tools to engage in any challenge By flipping the focus to student ownership of learning the authors provide clear and simple ways to Develop collaborative relationships Jointly establish clear expectations for learning and criteria for success Intentionally build learner strategies that last a lifetime Use formative assessment results to monitor progress Harness the power of reciprocal feedback to improve teaching and learning Empower and motivate students set meaningful goals and prove learning When students are invited to partner and share in the responsibility of learning they become our greatest allies and we will learn as much from them as they will learn from us O Connell and Vandas provide a wealth of information to educators proving that it is not only important to be student focused but essential if students are to reach their fullest potential In an era where we seemingly complicate things because we can it is refreshing to see a book like this that is clearly written driven by commonsense evidenced by good practice and supported with tools and clear examples Russell J Quaglia President Founder Quaglia Institute for Student Aspirations An extremely rich resource for educators who genuinely want to empower students to be successful in college AND careers The research supported strategies put forth press educators to engage in deep reflection and analysis of their personal beliefs and practices while equipping them with practical techniques to engage students in rigorous relevant ways in the classroom Kim S Benton Chief Academic Officer Deputy State Superintendent Mississippi Department of Education

**Paradoxes of Power and Leadership** Miguel Pina e Cunha, Stewart R. Clegg, Arménio Rego, Marco Berti, 2021-05-30 Why do great companies and other organizations fail sometimes abruptly Why do admired leaders fall from their organizational pedestals Why do young and promising managers derail Why do organizations create and reinforce rules that manifestly damage both them and those that they employ serve and sustain Leadership is a much discussed but ill defined idea in business and management circles Analysing and understanding the skills and behaviours exhibited in leadership practice reveal that leaders exhibit paradoxical activities that challenge our understanding of organizations In this text the authors identify leadership behaviours that compete towards business equilibrium selfish versus selfless distance versus proximity consistency versus individuality enforcing professional standards versus flexibility and control versus autonomy These paradoxical dilemmas require a reflexive and analytical approach to a subject that is tricky to define The book explores the paradoxes of power and leadership not as a panacea for

solving organizational problems but as a lens through which leadership and power are seen as an exercise in dynamic balance Read this book as an invitation to the paradoxes of power and leadership that frame organizational life today Be prepared to find surprises and some counterintuitive arguments Providing a thought provoking guide to the traits and skills that will help readers to understand and navigate paradoxical leadership behaviour this reflexive book will be a useful reading for students and scholars of business management and psychology globally **Leaders Who Lead Successfully** Teruni Lamberg,2018-04-05 This book will help readers develop their leadership skills by drawing from a higher purpose to find passion to lead purposefully and creatively Team leaders will learn how to identify a problem from a 360 degree perspective to meet the needs of the customer and how to select a diverse team that can work synergistically together to innovate This process involves matching expertise to project and project to expertise Successful leaders acquire a combination of knowledge and experiences help them make better decisions Dr Lamberg also provides strategies for growing as a leader and for making decisions so that project goals and team members expertise align to create optimal conditions for thinking and productivity Leadership in Practice Susan Helm-Murtagh,Susan C.
