**Life Story Research in Sport** Kitrina Douglas, David Carless, 2014-12-17 What is life really like for the elite athlete How does the experience of being a professional sports person differ from the popular perceptions of fans journalists or academics Why might elite sports people experience mental health difficulties away from the public gaze In the first book length study of its kind Kitrina Douglas and David Carless present the life stories of real elite athletes alongside careful analysis and interpretation of those stories in order to better understand the experience of living in sport Drawing on psychology sociology counselling psychotherapy and narrative theory and on narrative research in sports as diverse as golf track and field athletics judo and hockey they explore the ways in which the culture of sport interacts with the mental health development identity and life trajectories of elite and professional sports people in highly pressurised and sometimes unhealthy environments By casting light on a previously under researched aspect of sport the book makes a call for strategies to be put in place to minimise difficulties or distress for athletes for support to be tailored across the different life phases and highlights the potential benefits in terms of athlete well being and improved performance The book also considers how these important issues relate to broader cultural and social factors and therefore represents important reading for any student or professional with an interest in sport psychology coaching sport sociology youth sport counselling or exercise and mental health

**Rethinking 'Authority' in Late Antiquity** A.J. Berkovitz, Mark Letteney, 2018-06-14 The historian's task involves unmasking the systems of power that underlie our sources A historian must not only analyze the content and context of ancient sources but also the structures of power authority and political contingency that account for their transmission preservation and survival But as a tool for interpreting antiquity authority

has a history of its own As authority gained pride of place in the historiographical order of knowledge other types of contingency have faded into the background This book s introduction traces the genesis and growth of the category describing the lacuna that scholars seek to fill by framing texts through its lens The subsequent chapters comprise case studies from late ancient Christian and Jewish sources asking what lies beyond authority as a primary tool of analysis Each uncovers facets of textual and social history that have been obscured by overreliance on authority as historical explanation While chapters focus on late ancient topics the methodological intervention speaks to the discipline of history as a whole Scholars of classical antiquity and the early medieval world will find immediately analogous cases and applications Furthermore the critique of the place of authority as used by historians will find wider resonance across the academic study of history
