Patterson, 2018-05-22 Many books focus on issues of Holocaust representation but few address why the Holocaust in
particular poses such a representational problem David Patterson draws from Emmanuel Levinas's contention that the Good
cannot be represented He argues that the assault on the Good is equally nonrepresentable and this nonrepresentable aspect
of the Holocaust is its distinguishing feature Utilizing Jewish religious thought Patterson examines how the literary word
expresses the ineffable and how the photographic image manifests the invisible Where the Holocaust is concerned
representation is a matter not of imagination but of ethical implication not of what it was like but of what must be done
Ultimately Patterson provides a deeper understanding of why the Holocaust itself is indefinable not only as an evil but also as
a fundamental assault on the very categories of good and evil affirmed over centuries of Jewish teaching and testimony
