## **Dictee Theresa Hak Kyung Cha:**

*Dictee* Theresa Hak Kyung Cha, 2001 This autobiographical work is the story of several women Deploying a variety of texts documents and imagery these women are united by suffering and the transcendence of suffering Understanding Theresa Hak Kyung Cha's Dictee Richard Chang, 1992 **Transnational Asian American Literature** Shirley Lim, 2006 Examines the diasporic and transnational aspects of Asian American literature and engages works of prose and poetry as aesthetic articulations of the fluid transnational identities formed by Asian American writers Feminist Measures Lynn Keller, 1994 Explores the role of gender in poetic production the tensions between poetry and contemporary literary theory and the fluid boundaries between theoretical and literary writing **MLAIB und ABELL** Jost Hindersmann, 1997

**Postmodernity and Cross-culturalism** Yoshinobu Hakutani, 2002 Whereas the text of modernity thrived on its rhythms symbols and representations of beauty and above all on its impersonality postmodernity in the late decades of the twentieth century sought relationships outside the text those between literature and history philosophy psychology society and culture The exploration of such relationships is literary to postmodernity as it is ancillary to modernity **BOOK JACKET** *Language, History and Loss in Theresa Hak Kyung Cha's Dictee* Ching-Yu Wu, 2007 **Asian American Autobiographers** Guiyou Huang, 2001-05-30 Asian Americans have made many significant contributions to industry science politics and the arts At the same time they have made great sacrifices and endured enormous hardships This reference examines autobiographies and memoirs written by Asian Americans in the twentieth century Included are alphabetically arranged entries on 60 major autobiographers of Asian descent Some of these such as Meena Alexander and Maxine Hong Kingston are known primarily for their writings others such as Daniel K Inouye are known largely for other achievements which they have chronicled in their autobiographies Each entry is written by an expert contributor and provides a reliable account of the autobiographer's life reviews major autobiographical works and themes including fictionalized autobiographies and autobiographical novels presents a meticulously researched account of the critical reception of these works and closes with a bibliography of primary and secondary sources An introductory essay considers the history and development of autobiography in American literature and culture and discusses issues and themes vital to Asian American autobiographies and memoirs such as family diaspora nationhood identity cultural assimilation racial dynamics and the formation of the Asian American literary canon The volume closes with a selected bibliography Other Sisterhoods Sandra Kumamoto Stanley, 1998 Where are the women writers of color Where are their theoretical voices The fifteen contributors to *Other Sisterhoods* examine how women writers of color have contributed to the discourse of literary and cultural theory They focus on the impact of key issues such as social construction and identity politics on the works of women writers of color as well as how these women deal with differences relating to gender class race ethnicity and sexuality The book also explores the ways women writers of color have created their own ethnopoeitics within the arena of literary and cultural theory helping to redefine the nature of theory itself

*Democratic Anarchy* Matthew Scully, 2024-07-02 A dramatic and necessary rethinking of the meaning of Democracy Democratic Anarchy grapples with an uncomfortable but obvious truth inimical to democracy both aesthetics and politics depend on the structuring antagonism of inclusion and exclusion Yet in Democratic Anarchy Matthew Scully asks how can the people be represented in a way that acknowledges what remains unrepresentable What would it mean to face up to the constitutive exclusions that haunt U S democracy and its anxious fantasies of equality Synthesizing a broad range of theoretical traditions and interlocutors including Lacan Ranci re Edelman and Hartman Democratic Anarchy polemically declares that there has never been nor can there ever be a realized democracy in the U S because democracy always depends on the hierarchical institution of a formal order by one part of the population over another Engaging with an expansive corpus of American literature and art Harriet Jacobs Nathaniel Hawthorne Louis Zukofsky Thomas Pynchon Toni Morrison Theresa Hak Kyung Cha Nari Ward Ocean Vuong and Safiya Sinclair Democratic Anarchy argues that many liberal concepts and institutions are in fact structurally opposed to democratic equality because they depend on regulating what can appear and in what form By focusing on works that disrupt this regulatory impulse Scully shows how rhetorical strategies of interruption excess and disorder figure the anarchic equality that inegalitarian fantasies of democracy disavow Democratic Anarchy develops a rigorous theory of equality that refuses to repeat the inequalities against which it positions itself and it does so by turning to moments of resistance both aesthetic and political inaugurated by the equality that inheres in and antagonizes the order of things

**Dark Soil** Angie Sijun Lou, Karen Tei Yamashita, 2024-05-07 Eight authors works of personal nonfiction join with ten stories by Karen Tei Yamashita to illuminate the hidden histories of places large and small Faced with a scant historical record Karen Tei Yamashita turns to fiction to animate the secrets of Santa Cruz the city she s called home for nearly three decades Her characters come alive through her signature witty humor and surreal premises transcending the past and urging themselves into the present to illuminate a hidden geography of this California coastal city unseen in textbooks Alongside these stories eight nonfiction writers chart their own counternarratives of place through the greater United States Diverging and converging in their scale and scope from an unnamed lot on the bank of the Ohio River to the territory of Guam their essays use language as an instrument of excavation uncovering layers of hurt and desire concealed in the land

**Tell This Silence** Patti Duncan, 2009-05 Tell This Silence by Patti Duncan explores multiple meanings of speech and silence in Asian American women s writings in order to explore relationships among race gender sexuality and national identity Duncan argues that contemporary definitions of U S feminism must be expanded to recognize the ways in which Asian American women have resisted and continue to challenge the various forms of oppression in their lives There has not yet been adequate discussion of the multiple meanings of silence and speech especially in relation to activism and social justice

movements in the U S In particular the very notion of silence continues to invoke assumptions of passivity submissiveness and avoidance while speech is equated with action and empowerment However as the writers discussed in *Tell This Silence* suggest silence too has multiple meanings especially in contexts like the U S where speech has never been a guaranteed right for all citizens Duncan argues that writers such as Maxine Hong Kingston Mitsuye Yamada Joy Kogawa Theresa Hak Kyung Cha Nora Okja Keller and Anchee Min deploy silence as a means of resistance Juxtaposing their unofficial narratives against other histories official U S histories that have excluded them and American feminist narratives that have stereotyped them or distorted their participation they argue for recognition of their cultural participation and offer analyses of the intersections among gender race nation and sexuality *Tell This Silence* offers innovative ways to consider Asian American gender politics feminism and issues of immigration and language This exciting new study will be of interest to literary theorists and scholars in women s American and Asian American studies

*Transnational Narratives in Englishes of Exile* Catalina Florina Florescu, Sheng-mei Ma, 2017-11-15 Monolingual monolithic English is an issue of the past In this collection by using cinema poetry art and novels we demonstrate that English has become the heteroglossic language of immigration Englishes of exile By appropriating its plural form we pay respect to all those who have been improving standard English thus proving that one may be born in a language as well as give birth to a language or add to it one s own version The story of the immigrant refugee exile expatriate is everybody s story and without migration we could not evolve our human race

**The Oxford History of the Novel in English** Cyrus R. K. Patell, Deborah Lindsay Williams, 2024-03-05 The Oxford History of the Novel in English is a twelve volume series presenting a comprehensive global and up to date history of English language prose fiction written by a large international team of scholars The series is concerned with novels as a whole not just the literary novel and each volume includes chapters on the processes of production distribution and reception and on popular fiction and the fictional sub genres as well as outlining the work of major novelists movements and tendencies This book offers an account of US fiction during a period demarcated by two traumatic moments the eve of the entry of the United States into the Second World War and the onset of the Covid 19 pandemic The aftermath of the Second World War was arguably the high point of US nationalism but in the years that followed US writers would increasingly explore the possibility that US democracy was a failure both at home and abroad For so many of the writers whose work this volume explores the idea of nation became suspect as did the idea of national literature as the foundation for US writing Looking at post 1940s writing the literary historian might well chart a movement within literary cultures away from nationalism and toward what we would call cosmopolitanism a perspective that fosters conversations between the occupants of different cultural spaces and that regards difference as an opportunity to be embraced rather than a problem to be solved During this period the novel has had significant competition for the US public s

attention from other forms of narrative and media film television comic books videogames and the internet and the various forms of social media that it spawned If however the novel becomes a residual form during this period it is by no means archaic The novel has been reinvigorated over the past eighty years by its encounters with both emergent forms such as film television comic books and digital media and the emergent voices typically associated with multiculturalism in the United States

*Transnationalism and Resistance: Experience and Experiment in Women's Writing* Adele Parker, Stephanie Young, 2013 This study presents a unique collection of essays which focus on the relationships among form aesthetics and transnational women's writing produced in recent years The essays in this volume treat literary works from diverse cultures and geographies concentrating on the intersections of theory and literature This results in a wide spectrum of identities and texts including the work of Swedish poet Aase Berg the Indian translation market the Chicana novel creative non fiction by Croatian writer Dubravka Ugrešić and multilingual hybrid texts by Theresa Hak Kyung Cha in order to provide a framework for an overarching theory of transnationalism as it interacts with newer paradigms of gendered identity and the new forms of literature to which they contribute Transnationalism and Resistance offers a multifaceted approach to transnational studies and constitutes a cogent analysis of the ways in which women's writing informs contemporary global literary Production This volume is of interest for scholars in women's studies literature the social sciences cultural studies and all other fields that take an interest in writing that addresses contemporary global issues

*Anglo-American Perceptions of Hellenism* Tatiani Rapatzikou, 2008-12-18 In this volume an attempt is made to tackle Hellenism as a global and transcultural entity Through an array of essays this book constitutes a comparative study of various literary cultural and artistic trends as these develop throughout the course of the eighteenth nineteenth and twentieth centuries on both sides of the Atlantic Having been designed with the general as well as the specialized reader in mind this book will prove to be a valuable guide to scholars undergraduate and postgraduate students as well as to a broad spectrum of readers with an interest in comparative literature cultural history history of the classical heritage transatlantic studies English and American romantic modernist and postmodernist narratives Its diverse material falls under the umbrella terms of English Hellenisms and American Hellenisms with the intention of enhancing intercultural dialogue and understanding By embracing multivocality as proven by the number of articles it contains this book proves the tenacity diachronic and intercontinental appeal of Hellenism at the era of multiculturalism and globalization
