Fachkräfte im Wandel Robert Seyfert, Jonathan Roberge, 2025-12-27 Wandel steht nicht nur bevor er ist dauerhaft Wie also sollte man damit umgehen Die

theoretische Kategorie Komplementwissen ermöglicht einen potentialorientierten Blick auf die Bewältigung von Wandel anstatt diesen defizitär zu betrachten. Das Komplementwissen ordnet sich dabei zwischen non formalem und informellem Wissen ein und bildet ein Bindeglied zwischen Arbeitssoziologie und Bildungsforschung, das beide Wissensformen ernst nimmt. Marco Blank verdeutlicht am Beispiel von Fachkräften anhand von Interviewpassagen und quantitativen Analysen, wie das Komplementwissen dabei hilft, Unvorhersehbares zu bewältigen, ohne in Unsicherheit zu verfallen.

Social Media, Politics and the State Daniel Trottier, Christian Fuchs, 2014-07-17 This book is the essential guide for understanding how state power and politics are contested and exercised on social media. It brings together contributions by social media scholars who explore the connection of social media with revolutions, uprising, protests, power and counter power, hacktivism, the state, policing and surveillance. It shows how collective action and state power are related and conflict as two dialectical sides of social media power and how power and counter power are distributed in this dialectic. Theoretically focused and empirically rigorous research considers the two-sided contradictory nature of power in relation to social media and politics. Chapters cover social media in the context of phenomena such as contemporary revolutions in Egypt and other countries, populism, 2010 anti-austerity protests, the fascist movement in Greece's crisis, Anonymous and police surveillance.

Media/Society David Croteau, William Hoynes, Clayton Childress, 2025-05-06 Media Society Technology Industries Content and Users provides a framework to help students understand the relationship between media and society while developing skills to critically evaluate both conventional wisdom and one's own assumptions about the social role of media. The Eighth Edition retains its basic sociological framework but has been thoughtfully streamlined in length while still including additional discussions of new studies and up-to-date material about a rapidly changing media landscape. With updated research, the latest industry data and current examples from popular media, this edition helps illustrate enduring themes in the sociology of media.

Media, Society, World Nick Couldry, 2013-08-29 Media are fundamental to our sense of living in a social world. Since the beginning of modernity, media have transformed the scale on which we act as social beings. And now in the era of digital media, media themselves are being transformed as platforms, content and producers multiply. Yet the implications of social theory for understanding media and of media for rethinking social theory have been neglected. Never before has it been more important to understand those implications. This book takes on this challenge. Drawing on Couldry's fifteen years of work on media and social theory, this book explores how questions of power and ritual, capital and social order and the conduct of political struggle, professional competition and everyday life are all transformed by today's complex combinations of traditional and new media. In the concluding chapters, Couldry develops a framework for global comparative research into media and for thinking collectively about the ethics and justice of our lives with media. The result is a book that is both a major intervention in the field and required reading for all students of media and sociology.

Digital Media, Denunciation and Shaming Daniel Trottier, Qian Huang, Rashid Gabdulhakov, 2024-06-20 This book offers a common set of concepts to help

make sense of online shaming practices accounting for instances of discrimination and injury that morally divide readers and at times risk unjust and disproportionate harm to those under scrutiny Digital media denunciation has become a primary form of expression and entertainment across media environments with new socially desirable forms of accountability under movements such as MeToo and BlackLivesMatter addressing longstanding forms of systematic and interpersonal abuse Building on recent scholarship on shaming surveillance and denunciation in fixed contexts this study generates a cross contextual and multi actor account of practices like cancel culture doxing and status degradation ceremonies It addresses instances of moral ambivalence by discussing how digital shaming becomes normalised and embedded across socio cultural and institutional settings The authors establish key actors and practices in online denunciations of individuals in a range of cases and contexts including responses to COVID 19 political polarisation and social justice movements as well as more local and quotidian circumstances They draw from empirical data including interviews with nearly 100 individuals targeted by mediated shaming and or involved in these practices as well as ethnographic observations of digital vigilantism and discourse analysis of press coverage and online comments relating to online shaming Diverse applications and contexts including China the UK Russia and Central Asia are considered advancing an ambivalent understanding of media and denunciation that reconciles progressive and regressive practices as well as celebratory and critical accounts of these practices This book is recommended reading for advanced students and researchers of online visibility and harm across media studies cultural studies and sociology The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license This research was funded by the Dutch Research Council NWO project number 276 45 004 and file number 36 201 097
