The New Wave of British Women Playwrights Elisabeth Angel-Perez, Aloysia Rousseau, 2023-01-30 It is a fact that today's British stages resound with powerfully innovative voices and that very often these voices have been those of young women playwrights This collection of essays gives visibility and pride of place to these fascinating voices by exploring the vitality inventiveness and particularly strong relevance of these poetics These women playwrights sometimes invent radically new forms and sometimes experiment with conventional ones in fresh and unexpected ways as for example when they re energize naturalism and provide it with new missions The plays that are addressed are all concerned with the necessity to grasp the complexity of the contemporary world and to further investigate what it means to be human Intimate or epic and sometimes both at once visionary or closer to everyday life these plays approach the contemporary world through a multitude of prisms historical scientific political and poetic and open different and visionary perspectives

A Narratology of Drama Christine Schwanecke, 2022-01-19 This volume argues against Gérard Genette's theory that there is an insurmountable opposition between drama and narrative and shows that the two forms of storytelling have been productively intertwined throughout literary history Building on the idea that plays often incorporate elements from other genres especially narrative ones the present study theorises drama as a fundamentally narrative genre Guided by the question of how drama tells stories the first part of the study delineates the general characteristics of dramatic narration and zooms in on the use of narrative forms in drama The second part proposes a history of dramatic storytelling from the Renaissance to the twenty first century that transcends conventional genre boundaries Close readings of exemplary British plays provide an overview of the dominant narrative modes in each period and point to their impact in the broader cultural and historical context of the plays Finally the volume argues that throughout history highly narrative plays have had a performative power that reached well beyond the stage dramatic storytelling not only reflects socio political realities but also largely shapes them

Authenticity in Contemporary Theatre and Performance Daniel Schulze, 2017-03-23 Authenticity is one of the major values of our time It is visible everywhere from clothing to food to self help books While it is such a prevalent phenomenon it is also very evasive This study analyses the culture of authenticity as it relates to theatre and establishes a theoretical framework for analysis Daniel Schulz argues that authenticity is sought out and marked by the individual and springs from a culture that is perceived as inherently fake and lacking depth The study examines three types of performances that exemplify this structure of feeling intimate theatre seen in Forced Entertainment productions such as Quizoola 1996 2015 as well as one on one performances such as Oentroerend Goed's Internal 2009 immersive theatres as illustrated by Punchdrunk's shows The Masque of the Red Death 2007 and The Drowned Man 2013 which provide a visceral sensate understanding for audiences finally the study scrutinises the popular category of documentary theatre through various examples such as Robin Soan's Talking to Terrorists 2005 David Hare's Stuff Happens 2004 Edmund Burke's Black Watch 2007 and Dennis Kelly's

pseudo documentary play *Taking Care of Baby* 2007 It is specifically the value of the document that lends such performances their truth value and consequently their authenticity The study analyses how the success of these disparate categories of performance can be explained through a common concern with notions of truth and authenticity It argues that this hunger for authentic unmediated experience is characteristic of a structure of feeling that has superseded postmodernism and that actively seeks to resignify artistic and cultural practices of the everyday **The Handbook of Diverse Economies** J.K.
