Sadhguru More Than A Life:

Sadhguru, More Than a Life Arundhathi Subramaniam, 2010 The thirst to be boundless is not created by you it is just life longing for itself Sadhguru This is the extraordinary story of Sadhguru a young agnostic who turned yogi a wild motorcyclist who turned mystic a sceptic who turned spiritual guide Pulsating with his razor sharp intelligence bracing wit and modern day vocabulary the book empowers you to explore your spiritual self and could well change your life It seeks to re create the life journey of a man who combines rationality with mysticism irreverence with compassion ancient wisdom with a provocatively contemporary outlook and a deep knowledge of the self with a contagious love of life Described as a profound mystic visionary humanitarian and prominent spiritual leader of our times he is equally at home in a satsangh in rural Tamil Nadu as at the World Economic Forum in Davos In his early years Jaggi Vasudev or Sadhguru as he is now known was a chronic truant a boisterous prankster and later a lover of motorbikes and fast cars It is evident that the same urgency passion and vitality echo in his spiritual pursuits to this day from his creation of the historic Dhyanalunga the mission of three lifetimes to his approach as a guru In Sadhguru's view faith and reason spirituality and science the sacred and the material cannot be divided into easy binaries He sees people as spiritual beings dabbling with the material rather than the reverse and liberation as the fundamental longing in every form of life Truth for him is a living experience instead of a destination a conclusion or a matter of metaphysical speculation The possibility of self realization he strongly believes is available to all Drawing upon extended conversations with Sadhguru interviews with Isha colleagues and fellow meditators poet Arundhathi Subramaniam presents an evocative portrait of a contemporary mystic and guru a man who seems to pack the intensity and adventure of several lifetimes into a single one

Singapore, Spirituality, and the Space of the State Joanne Punzo Waghorne, 2020-03-19 This book examines spirituality in Singapore showing how important the city state is for understanding contemporary global configurations of urban space religion and spirituality Joanne Punzo Waghorne highlights how the formal religious spaces temples churches and mosques have been confined to allotted sites on the map of Singapore whereas various spiritual organizations particularly of Hindu origins and headed by a guru still continue to operate as societies classified by the government with other clubs These unconventional religiosities are not confined but ironically make their own places meeting in ostensive secular venues high rise flats malls businesses and community centers thus existing in the overall space of religion commerce and the state The book argues that State of Singapore also operates between the secular and the religious constructing an overarching spatial regime that both accommodates and yet rivals the alternate spheres that spiritual movements construct under its umbrella Both spatial configurations challenge the presumed relationships between myth and reality religion and commerce the ethereal and the concrete the sacred and the secular on the levels of self community and polity Singapore now deemed a model for urban development in Asia also offers an understanding of a new post secularity and perhaps reveals where the urbanized world is headed

When India Eclipse China: Futurist Lawrence Taub on the Unexpected 21st Century Jan Krikke, In the next few decades the rivalry between China and India will reshape the world as we know it in unexpected ways. This is one of the key take away points from futurist Lawrence Taub's forecast outlined in his book. The Spiritual Imperative: Age, Sex and the Last Caste, 1995. From the beginning of the Christian era up to the Industrial Revolution in the 19th century, China and India were the world's two largest economies. Soon they will be the world's two superpowers again and their influence will be felt around the world. Taub explains the economic, cultural and spiritual dynamics of the rivalry between the two Asian giants which he depicts as a clash between two conflicting worldviews: China's here and now Confucianism and India's spiritualized, transcendental Hinduism. Rare among futurists, Taub takes gender into account to

show that a male bias accounts for most social economic and ecological ills confronting us today To correct this imbalance society is now moving in a direction that aligns more with feminine than with masculine values Taub s macrohistory bridges the gap between futurists like Alvin Toffler Samuel Huntington and Paul Kennedy and spiritually influential thinkers like Aurobindo Jean Gebser and Ken Wilber When we internalize his models we see the world through different eyes **Death** Sadhguru,2025-06-10 Yogi mystic and bestselling author Sadhguru provides a deeper understanding of death so that we can live more fulfilling lives Death is an inevitable part of our lives yet most societies have struggled to come to terms with it Today we continue to grapple with the enduring questions What is death Why do we fear it What happens after death Is it an end or a doorway to something beyond In this unique clear sighted exploration of death Sadhguru dwells extensively upon his inner experience as he expounds on the deeper aspects of death that are rarely spoken about What if death is not the catastrophe it is made out to be but an essential aspect of life rife with spiritual possibilities for transcendence Avoiding death is avoiding life Our fear of death is really a fear of loss Sadhguru shows us how to go beyond that fear so that it no longer rules our behavior He invites you to explore how living with an awareness of mortality can allow you to experience life more deeply Coming to terms with death will ensure that you live purposefully striving to make each moment as beautiful as it can be Sadhguru also breaks down the mysteries surrounding death including practical aspects such as what preparations one can make for one s death how best we can assist someone who is dying and how we can continue to support their journey even after death Drawing from profound wisdom and his own transformative journey Sadhguru delivers an entirely new and necessary perspective death not as an end but part of the continuum of existence **Leadership full Circle** Marc

Raes,2025-07-23 Just as it is an illusion to claim This is the War that ends all Wars it may be presumptuous to think that one can write a book that addresses all needs of all leaders now and forever I do feel the need however to bring a story that goes beyond the partial or fragmented messages of many management books I also want to break down some misconceptions and limiting beliefs about leadership and motivation My story wants to emphasise the awesome responsibility of leaders in organisations and denounce the toxic environment that traditional management nurtures with its manipulative rather than inspirational approach As ever learning and aspirational leader myself I want to confess the error of my ways as corporate manager in the past 30 years I also want to share my insights gained as consultant in the past 10 Both periods gave me the benefits of a wide range of personal encounters and showed me the diversity of organisations beyond the corporate

Death Sadhguru Jaggi Vasudev,2025-06-24 Death is an inevitable part of our lives yet most societies have struggled to come to terms with it Today we continue to grapple with the enduring questions What is Death Why do we fear it What happens after death Is it an end or a doorway to something beyond In this unique clear sighted exploration of death Sadhguru dwells extensively upon his inner experience as he expounds on the deeper aspects of death that are rarely spoken about What if death is not the catastrophe it is made out to be but an essential aspect of life rife with spiritual possibilities for

transcendence Avoiding death is avoiding life Our fear of death is really a fear of loss Sadhguru shows us how to go beyond that fear so that it no longer rules our behavior He invites you to explore how living with an awareness of mortality can allow you to experience life more deeply Coming to terms with death will ensure that you live purposefully striving to make each moment as beautiful as it can be Sadhguru also breaks down the mysteries surrounding death including practical aspects such as what preparations one can make for one's death how best we can assist someone who is dying and how we can continue to support their journey even after death Drawing from profound wisdom and his own transformative journey Sadhguru delivers an entirely new and necessary perspective death not as an end but part of the continuum of existence

Life and Death in One Breath Sadhguru,2013-11-01 For ages most of humanity has placed life and death at two ends of the existential spectrum favoring one fearing the other and continuously floundering between the two Only when someone who has consciously traversed between both life and death offers to articulate some aspects of it does humanity get a glimpse of what lies beyond the horizon of its normal perception With his extraordinary insights coming from a profound inner experience Sadhguru reveals that life and death are in fact two sides of the same coin It is only by embracing both that we can break the shackles of our selfmade struggles and be set free In his own words he says Death is a cosmic joke If you get the joke when you fall on the other side it will be wonderful If you don't get the joke when you are here you fear the other side and when the other side comes you just don't know what it is about If death becomes a laughing matter in your life life becomes an utterly effortless process there is no need to restrain yourself in the process of life you can live your life absolutely totally The distance between your life and death is just one breath isn't it Sadhguru **Encounter the**
