Sai Bhagvatham Manoj Nakra,2015-09-22 Sai Bhagvatham is a story of man s engagement with God The book uses over a thousand personal spiritual experiences and anecdotes that record inner experiences of persons wrestling with their religious circumstances The experiences drawn from all religious traditions are evocative of how the divine engages with man The experiences with Sri Sathya Sai Baba are juxtaposed with the narratives of spiritual experiences recorded by seekers over the millennia The experiences with Sai are uncannily similar to the universal experiences of man with God they mirror man s journey to the Divine The spiritual journey with Sai is tangible poignant accessible and more intense than recorded before Sai is relentless in the pursuit of his purpose transformation of man however much man falters vacillates resists struggles or even tries to escape Sai demonstrates that in the relationship of man with the Divine God is actively engaged with man he is not an impassive bystander The engagement of man with God is planned and activated by God it progresses based upon the responses of man and the engagement stimulates the transformation of man Man in his engagement with God asks the why questions seeking to comprehend and explain God He is also reflective attempting to understand himself and realize who he really is The diverse and innumerable first person incidents with Sri Sathya Sai Baba create a vivid characterization of the persona of Sai hence the use of Bhagvatham in the title **The Triple Incarnations**

As a scientist, he brings credibility to this book with his credentials from a long and productive scientific career. From this vantage point, he then explores topics that don't fit into our current materialist paradigm, looking deeper to see if he can find more satisfying answers. After exploring the mysteries of quantum physics, he concludes his exploration by saying, "Experiencers tell us that reality is that realm outside Plato's cave where colours are brighter and Oneness with everything is self-evident." *Little Miracles Everywhere* Marcie

Fallek, 2024-10-29 Join holistic veterinarian Marcie Fallek on an unconventional healing path that puts love of animals and their wellness first. In this funny, honest, and illuminating memoir, Marcie Fallek, a skeptical New Yorker and animal lover, embarks on a journey to become a veterinarian. She begins her quest at an Italian veterinary school where most students flunk out. Her struggles lead her to India in search of Divine help. She vows, following a series of cathartic experiences, there to devote her life to caring for animals with her conscience as her guide. Eventually licensed and working, Marcie discovers that the driving force for many of her colleagues is money, not a love of animals. Unscrupulous vets fake test results, perform unnecessary procedures, and prescribe drugs and food to line their pockets. In fact, Marcie discovers that many of the very prescriptions and procedures designed to heal her charges might in fact be leading to more injury and illness. Though she risks losing everything that took so long to build, she sets out to learn the truth. This quest is not without consequences. Yet Marcie stays true to her ethical compass, refusing to compromise her morals and values. At each dark turn, a succession of instances, coincidences, miracles leads her down an unconventional healing path where her spiritual and professional self merge. Marcie finds her true purpose in life: healing animals, including those destined for end-of-life measures, using her wit, wisdom, intuition, love, and holistic care. *The Life And Teachings Of Sai Baba Of Shirdi* Antonio Rigopoulos, 1993-01-01

Your Unique Consciousness Dr. Anthony J. Emmett,2023-03-20 The story of consciousness describes the mystery we are where we come from before birth and where we go after death and the thinking both in our body mind and subconscious and beyond it It is the dimensions of rational awareness of mind and heart we use for our ego and creative life on earth and in other dimensions around us Imagine that you have an all pervading higher intelligence within in your many layered consciousness How we employ it for this dynamic life with love and the ways it works make you the self you are Consciousness is an energy which comes into the brain of the embryo to activate the mind for this life it functions at many levels The level we call the heart is an influence emotionally with love and loving Consciousness radiates and the way it relates in us and beyond is the story of our lives We can use this to great effect with certain techniques We are alive in several levels of consciousness Identity Unknown Donna Seaman,2017-02-14 An award winning writer rescues seven first

himself and his importance to the movement In detailing Kasturi s relationship to Sathya Sai Baba Rigopoulos emphasizes that the hagiographer s work was not subordinate to the guru s definition of himself Rather his discourses with the holy man had a reciprocal and reinforcing influence resulting in the construction of a unified canon Furthermore Kasturi s ability to perform a variety of functions as a hagiographer successfully mediated the relationship between the guru and his followers Drawing on years of research on the movement as well as interviews with Kasturi himself this book deepens our understanding of this important pan Indian figure and his charismatic religious movement The Heirs of the Prophet Liyakat N.
