substantial law keeping in the absence of the lawgiver We must first love God the first commandment before we can love others The worldliness of today s church has impacted Christianity as we know it There is no other answer than to be unique and separate This book was written for readers in all stages of their spiritual journey It promises to be interesting challenging enlightening and instructional Use it for personal reading or a group study [Strange but True](#) Monica-Maria Stapelberg,2014-09-18 Why do we Christen ships and sailing vessels or refer to them as she Avoid the number thirteen breaking mirrors or walking under ladders Use the phrase having a skeleton in the cupboard Dress baby boys in blue speak of true blue or blue blooded Decorate the Christmas Tree or eat Easter Eggs Kiss under the mistletoe or trick or treat on Halloween In this easy to read book a revised and updated re publication of her previous book Curious and Curiouser author lecturer and public speaker Dr Monica Maria Stapelberg shares the results of her many years of research to uncover the historical background behind numerous commonly held beliefs and traditions These range from general popular beliefs to the more specific and enlightening traditions of western culture Strange but True also brings to light how many of our day to day words phrases and actions are anchored in past ritual or sacrificial observances or simply based on fearful superstitious notions This book is a must read for a curious mind [Religions of Ancient China](#) Herbert Allen Giles,2019-11-22 In Religions of Ancient China by Herbert Allen Giles readers are taken on a scholarly exploration of the various religious beliefs and practices of ancient China With a meticulous attention to detail Giles delves into the historical context of these religions examining how they shaped the social and cultural fabric of ancient Chinese society The book not only provides a comprehensive overview of Confucianism Taoism and Buddhism but also explores lesser known religious traditions that have had a profound impact on Chinese civilization Giles writing style is both informative and engaging making this book an essential read for anyone interested in the religious history of China By analyzing primary sources and academic studies Giles offers readers a deep understanding of the complexities of ancient Chinese religious thought His extensive research and expertise in Chinese history make Religions of Ancient China a valuable contribution to the field I highly recommend this book to scholars students and general readers who wish to gain insight into the rich tapestry of ancient Chinese religions

Lacan's Clinical Technique Antonio Quinet,2018-03-26 How do psychoanalysts act during analysis When does treatment start How long does a session or treatment last How much does it cost What does analytical interpretation entail What is the final aim of analysis These are the main issues Antonio Quinet addresses for clinical psychoanalysts and students in training This is not a do it yourself book or a step by step manual but rather an examination of Freudian and Lacanian techniques based on psychoanalytical theory and ethics The ideas examined are grounded in the structure of subjectivity and the basic assumption that analysts have taken their own analysis to the end It is from thereon that the will have the analyst s desire as a practicla tool for their own clinical practice Antonio Quinet s contribution regarding the start of treatment comes from his updated examination of Freudian concepts through Lacanian mathemes This approach has made this book s first version a best seller in Brazil with over 30 000 copies sold **Modern Saints and Seers** Jean Finot,2022-08-01 Jean Finot s Modern Saints and Seers presents an intriguing exploration of spirituality and mysticism as envisaged through the lives of various contemporary spiritual figures Meticulously researched and elegantly articulated Finot s work transcends mere biographical accounts and delves deeply into the philosophical underpinnings and the sociocultural impact that these modern prophets have potentiated The literary style is both rich in narrative and analytically comprehensive painting a vivid portrayal that

situates itself within the broader context of religious thought and the quest for transcendent knowledge amidst the societal challenges of modernity Jean Finot a writer with a profound interest in socio religious phenomena examines in this text the complex interplay between the transcendental aspirations of the human spirit and the palpable need for guidance and inspiration in an age often criticized for its material excesses and spiritual voids The fusion of Finot s academic rigor and personal contemplations on spiritual enlightenment conceives a work that is as scholarly as it is impassioned championing a unique perspective on the enduring mystery of sanctity and its incarnations in contemporary times Recommended for both the erudite scholar and the casual reader Modern Saints and Seers is an essential addition to the collection of anyone invested in the study of modern spirituality and religious movements Finot s adept blend of literary finesse and intellectual inquiry proves engaging and enlightening offering a rare portal into the lives and philosophies of individuals who have arguably attained a degree of sanctity amid the secular landscape of the modern world This book is an invitation to understand reflect upon and perhaps find solace in the narratives of those who seek to illuminate human existence with divine sparks of wisdom
