Embracing Autonomy Gregory Weeks,2024-03-15 Gregory Weeks s Embracing Autonomy departs from other general treatments of Latin American US relations not by putting US policy aside but by bringing in the Latin American and global contexts more closely and thus avoiding the incomplete picture provided by a narrow focus solely on the policies of the United States The core of autonomy for Latin America from the United States is seen in new deeper and more numerous relationships that do not include the United States The book is not a study of rebellion against the United States or even a critique of US policy Instead it is an examination of the major shifts that have taken place in the region in recent decades and how they have shaped Latin American US relations Weeks s book provides a clearer understanding of where Latin America stands vis vis the United States in the early twenty first century In doing so we gain a better sense of the trajectory of Latin American US relations and how they develop in turbulent times

Border Patrol Nation Todd Miller, 2014-03-24 In his scathing and deeply reported examination of the U S Border Patrol Todd Miller argues that the agency has gone rogue since the Sept 11 terrorist attacks trampling on the dignity and rights of the undocumented with military style tactics Miller s book arrives at a moment when it appears that part of the Homeland Security apparatus is backpedaling by promising to tone down its tactics maybe prodded by investigative journalism maybe by the revelations of NSA leaker Edward Snowden Border Patrol is quite possibly the right book at the right time Tony Perry Los Angeles Times At the start of his unsettling and important new book Border Patrol Nation Miller observes that these days it is common to see the Border Patrol in places such as Erie Pennsylvania Rochester New York or Forks Washington where only fifteen years ago it would have seemed far fetched if not unfathomable Barbara Spindel Christian Science Monitor Miller s approach in Border Patrol Nation is to offer a glimpse into the secretive operations of the Border Patrol reporting with a journalist s objectivity and nose for a good story Miller s book is full of facts and it s clear he s outraged but he gives voices to people on every side of the issue Miller s book is a fascinating read and bring the work of Susan Orlean to mind Amanda Eyre Ward Kirkus Reviews Todd Miller s invaluable and gripping book Border Patrol Nation Dispatches from the Front Lines of Homeland Security is the story of how this country s borders are being transformed into up armored heavily militarized zones run by a border industrial complex It s an achievement and an eye opener Tom Engelhardt TomDispatch What Jeremy Scahill was to Blackwater Todd Miller is to the U S Border Patrol Tom Miller author On the Border Portraits of America s Southwestern Frontier Todd Miller has entered a secret world and he has gone deep Powerful Luis Alberto Urrea author of The Devil s Highway A True Story Journalist Miller tells an alarming story of U S Border Patrol and Homeland Security s ever widening reach into the lives of American citizens and legal immigrants as well as the undocumented In addition to readers interested in immigration issues those concerned about the NSA s privacy violations will likely be even more shocked by the actions of Homeland Security Publishers Weekly Starred Review Armed authorities watch from a military grade surveillance tower as lines of people stream toward the security checkpoint tickets in hand anxious and excited to get through the gate Few seem

to notice or care that the US Border Patrol is monitoring the Super Bowl as they have for years one of the many ways that forces created to police the borders are now being used in an increasingly militarized fashion to survey and monitor the whole of American society In fast paced prose Todd Miller sounds an alarm as he chronicles the changing landscape Traveling the country and beyond to speak with the people most involved with and impacted by the Border Patrol he combines these first hand encounters with careful research to expose a vast and booming industry for high end technology weapons surveillance and prisons While politicians and corporations reap substantial profits the experiences of millions of men women and children point to staggering humanitarian consequences Border Patrol Nation shows us in stark relief how the entire country has become a militarized border zone with consequences that affect us all Todd Miller has worked on and written about US border issues for over fifteen years *Análisis del desarrollo mediático en República Dominicana* Grullón Morillo, Adalberto, 2017-09-04
