Music's Fourth Wall and the Rise of Reflective Listening Cary C Boshamer Distinguished Professor of Music Emeritus Mark Evan Bonds, Mark Evan Bonds, 2025 *Music's Fourth Wall and the Rise of Reflective Listening* examines fundamental changes in concert hall listening since the Enlightenment with an emphasis on changing assumptions about the very act of listening itself Author Mark Evan Bonds shows how reflective distanced listening previously limited to professional musicians and connoisseurs ousted the earlier ideal of resonant self forgetful listening And for better or worse it is the ideal of reflective listening that has prevailed ever since

Basic Music Reference Alan Green, Michael J. Duffy, IV, 2012-11-01 *Basic Music Reference* is a quick start guide designed to introduce library employees to the basic tools and techniques involved in answering questions related to music As in every specialist subject area music has its own terminology but unlike most it also has a multitude of formats on paper and other materials as well as special notation and frequent use of foreign languages in titles and texts These features make it particularly difficult for library employees to answer users questions and thus a guide such as this one is essential Not all libraries with a music collection can afford to hire a music reference librarian Even libraries with such a specialist rely on support staff and student employees to answer questions when the music librarian is not available Whatever the scenario this volume will serve as a helpful training tool for library employees to learn about the basic music reference tools and to develop the techniques of greatest use when answering the most common types of music related questions

Don Giovanni Captured Richard Will, 2022-06-14 *Don Giovanni Captured* considers the life of a single opera engaging with the entire history of its recorded performance Mozart's opera *Don Giovanni* has long inspired myths about eros and masculinity Over time its performance history has revealed a growing trend toward critique an increasing effort on the part of performers and directors to highlight the violence and predatoriness of the libertine central character alongside the suffering and resilience of his female victims In *Don Giovanni Captured* Richard Will sets out to analyze more than a century's worth of recorded performances of the opera tracing the ways it has changed from one performance to another and from one generation to the next Will consults audio recordings starting with wax cylinders and 78s as well as video recordings including DVDs films and streaming videos As Will argues recordings and other media shape our experience of opera as much as live performance does Seen as a historical record opera recordings are also a potent reminder of the refusal of works such as *Don Giovanni* to sit still By choosing a work with such a rich and complex tradition of interpretation Will helps us see *Don Giovanni* as a standard bearer for evolving ideas about desire and power both on and off the stage
