This book examines how language is a central resource in transforming migrant women into transnational domestic workers. Focusing on the migration of women from the Philippines to Singapore, the book unpacks why and how language is embedded in the infrastructure of transnational labor migration that links migrant sending and migrant receiving countries. It sheds light on the everyday lives of transnational domestic workers and how they draw on their linguistic repertoires and in particular on English as they cross geographical and social spaces. By showing how the transnational mobility of labor is dependent on the selection and performance of particular assemblages of linguistic resources that index migrants as labor and not as people, the book provides a powerful lens with which to examine how migration contributes to relationships of inequality and how such inequalities are produced and challenged on the terrain of language.

Le Soft power sud-coréen en Asie du Sud-Est Hui-Yeon Kim, 2018-07-03

Cette étude consacre au soft power sud-coréen autrement qualifié de puissance douce permet de mieux comprendre un aspect moins connu du développement des échanges entre la Corée du Sud et les pays du sud-est asiatique. Il s'agit ici d'appréhender en particulier les liens qui se sont tissés entre la démarche prosélyte d'une église pentecôtiste et l'expansion de la présence sud-coréenne au sein de la région. Les actions menées par l'église du Plein Vangile doivent être comprises en relation avec les efforts entrepris ces dernières années par le gouvernement et les grandes entreprises sud-coréennes afin de véhiculer une bonne image de la Corée du Sud et de faciliter les échanges avec les différents pays d'Asie du Sud-Est. Cette politique s'inscrit dans une démarche de long terme fondée sur des sphères d'influences partagées issues des univers politiques, économiques et culturels. C'est en effet dans cette optique que l'on peut s'interroger sur la mise en place de stratégies d'influences sud-coréennes. L'analyse précise de l'organisation et des activités de cette institution religieuse permet ainsi de mieux saisir l'articulation entre ces réseaux d'influences multiples souvent analysés séparément et de souligner le rôle de cette église dans la mise en scène d'une représentation fantasmatique de la réussite du modèle de développement sud-coréen.

International Labour Migration in the Middle East and Asia Kwen Fee Lian, Naomi Hosoda, Masako Ishii, 2019-08-22

The discourse on migration outcomes in the West has largely been dominated by issues of integration but it is more relevant to view immigration in non-Western societies in relation to practices of exclusion and inclusion. Exclusion refers to a situation in which individuals and groups are usually denied access to the goods, services, activities and resources associated with citizenship. However, this approach has been criticised in relation to gender issues which are very relevant to the situation of migrants. The authors in this volume address this criticism. Furthermore, when framed within a North-South discourse, it may be potentially ethnocentric to assume that the experience of exclusion is cross-culturally uniform. Indeed, work on migration issues has invariably been conducted within such a discourse. The contributors go beyond this binary discourse of exclusion versus inclusion which has dominated migration research. They examine the situation of migrants in the Middle East and Asia as one that encompasses both exclusion and inclusion, addressing related

concepts of empowerment ethnocracy the feminisation of migration and gendered geographies of power liberal constraint and multiculturalism individual agency migrant friendly discourses spaces of emancipation and spaces of insecurity The book highlights current research in the Arab Gulf states and examines multiculturalism in Asia more broadly It will be of particular interest to students and researchers in international labour migration studies in the Middle East and Asia **Newcomers and Global Migration in Contemporary South Korea** Joong-Hwan Oh, Sung-Choon Park, 2020-09-29 Newcomers and Global Migration in Contemporary South Korea Across National Boundaries examines the intersections of race class gender and inequalities in global migration in contemporary South Korea The contributors explore South Korean migration policies and study diverse migrants living and working in South Korea as low wage undocumented workers refugees Korean returnees migrant women married to Korean men and white professionals The chapters in this collection make visible the differentiation and divergence of migration experiences due to race class gender and place of origin which are all also mediated by local inequalities in South Korea **Swiun Hangugeo** Choi Sungmin, 2018-10-24 Dewasa ini perkembangan bahasa Korea sebagai bahasa kedua semakin banyak digemari oleh banyak kalangan Apalagi dengan mewabahnya arus budaya Korea yang masuk ke Indonesia akhir akhir ini tingkat tren untuk mempelajari bahasa ini juga menjadi sangat tinggi Belum lagi saat ini banyak perusahaan Korea berdiri di Indonesia dan dengan ini memiliki kemampuan berbahasa Korea menjadi nilai plus yang menjanjikan di kemudian hari Dari banyak buku belajar bahasa Korea buku ini menawarkan pedoman utama bagi Anda dalam mempelajari bahasa Korea secara mudah dan berbeda Sembari mengenal lebih dekat kebudayaan Korea melalui buku ini pembelajaran bahasa Korea disajikan dengan pembahasan yang unik dan menarik seperti mengenal dan menulis aksara Hangul membaca dalam bahasa Korea ragam kosakata yang sering digunakan dalam percakapan dan tata bahasa Korea *International Migration Outlook 2012* OECD, 2012-06-27 This publication analyses recent development in migration movements and policies in OECD countries and some non member countries This edition s special chapters cover renewing ageing workforce skills and Asia in international migration **The Koreas** Theodore Jun Yoo, 2022-09-27 Korea is one of the last divided countries in the world Twins born of the Cold War one is vilified as an isolated impoverished time warped state with an abysmal human rights record and a reclusive leader who perennially threatens global security with his clandestine nuclear weapons program The other is lauded as a thriving democratic and capitalist state with the thirteenth largest economy in the world and a model that developing countries should emulate In *The Koreas* Theodore Jun Yoo provides a gateway to understanding the divergent developments of contemporary North and South Korea In contrast to standard histories Yoo examines the unique qualities of the Korean diaspora experience which has challenged the master narratives of national culture homogeneity belongingness and identity *Global Asian City* Francis L.
