**Medical Records for Attorneys** Laurence M. Deutsch, 2001      **One Nurse Universe** Susan Turnage, 2019-08-16 My occupational memoir reveals one nurse's bedside observations on where nurses come from how we are educated treated in the workplace and how we learn to do what can never be taught in a curriculum When a patient vomits explosively onto your chest how you may unexpectedly vomit right back How to explain to a deaf patient where a suppository goes while an audience of staff and visitors listen in from the hallway How to collect your thoughts and make a plan when you arrive for a home care visit to find your elderly confused patient has ingested a full bottle of liquid laxative and left evidence of those results all over the walls floor and Barco lounge in the home It is where medical science meets nursing artistry Where technology meets humanity Where hearts open and wounds heal Through selected vignettes I recognize modern nurses courage to lean into discomfort and hard emotions I acknowledge the power they hold in their healing hands and throw forward a lifeline of hope to renew their faith and joy in their vocation And to my many non nurse readers come experience a nurse's day what we see feel hear and touch Have a peek behind the bedside curtain      **Becoming a Nurse** Sonny Kleinfield, 2020-08-18 A revealing guide to a nursing career written by esteemed reporter Sonny Kleinfield and based on the real life experiences of the celebrated emergency room nurses of New York's Lenox Hill Hospital required reading for anyone considering a path to this profession Becoming a Nurse takes you behind the scenes to find out what it's really like and what it really takes to become a nurse Acclaimed former New York Times reporter Sonny Kleinfield shadows veteran nurse Hadassah Lampert of Lenox Hill Hospital in New York to show how this in demand job becomes a reality Known for her mastery of technical skills and her heartfelt compassion for her patients Lampert embodies the best of nursing Go inside a hectic ER as veteran nurses work around the clock to treat incoming patients in a dazzling display of focus skill and bravery Learn about their paths to the top of their field from nursing school and clinical rotations to on the job realities like dealing with trauma and death Gain insight about how this high stakes job is actually practiced at the highest levels As a nurse expect the unexpected      **The Nurses** Alexandra Robbins, 2015-04-14 A New York Times bestseller A funny intimate and often jaw dropping account of life behind the scenes People Nurses is the compelling story of the year in the life of four nurses and the drama unsung heroism and unique sisterhood of nursing one of the world's most important professions nurses save lives every day and one of the world's most dangerous filled with violence trauma and PTSD In following four nurses Alexandra Robbins creates sympathetic characters while diving deep into their world of controlled chaos It's a world of hazing nurses eat their young Sex not exactly like on TV but surprising just the same Drug abuse disproportionately a problem among the best and the brightest and a constant temptation And bullying by peers by patients by hospital bureaucrats and especially by doctors an epidemic described as lurking in the shadowy dark corners of our profession The result is a page turning shocking look at our health care system      **Decisions and Orders of the National Labor**

**Sheer Buffoonery** X Nurse X,Nurse X,2006-06 Sheer Buffoonery How Hospitals Kill Patients is a stunning no holds barred expose on the hospital industry For the first time ever a nurse exposes the shocking mismanagement sheer incompetence and raw greed in our nation s hospitals Let s review just some of the standard buffoonery found in hospitals You need oxygen but the hospital didn t purchase enough oxygen flow regulators so you ll have to gasp on room air until your nurse manages to find one somewhere There is no security in a hospital so the flasher in room 2108 was able to freely walk into your room in the middle of the night and expose himself to you You got an infection in your incision because the NA wore the same pair of gloves with you that she had on when she dug out the bowel impaction patient in room 2314 In the middle of the night some male tech wheeled you down to the basement alone to give you an enema you didn t need You desperately need assistance to the bathroom but your nurse is busy in the morgue struggling to shove a dead patient onto one of the slabs The lab refused to run your crucial lab tests because your Official Patient Stamper Plate Card was misplaced and they didn t want to handwrite in your information Your nurse wasn t with you when you suffered a massive heart attack because she was at the nurse s station fielding calls from the general public like this I feel sick Do you think I have the flu that s going

around And last but not least your incision is going to rip open as soon as you get home because your nurse couldn't find enough steri strips to apply after she removed your staples
