

L2 Theory	Author	Analysis of L2 Acquisition	Criticism
<u>Contrastive Analysis Hypothesis (CAH):</u> <u>L1 Transfer:</u> - Positive Transfer - Negative Transfer Interlingual Errors	Lado (1957) Fries (1945)	CA explains L2 learners' acquisitional difficulties on the basis of L1-L2 differences and similarities. Different L1 and L2 features are difficult to acquire, whereas similar features are easy to acquire. L2 learners' errors are due to L1 negative transfer. <u>The Strong CAH:</u> A systematic CA could predict L2 learners' difficulties (i.e. interlingual errors) and remedial teaching materials could be devised. <u>The Weak CAH:</u> A comparison between L1 and L2 might help explain the difficulties evident from the L2 learners' errors.	- CA predicts limited errors and interlingual errors only. - Some similar L1 and L2 features were difficult to acquire, whereas some different features were easy to acquire. - L2 learners' errors are not only due to L1 interference.
<u>Error Analysis (EA):</u> Interlingual and Intralingual Errors	Corder (1967)	EA explains L2 learners' errors by comparing the learner's interlanguage with the L2 norm. It explains both interlingual (L1 negative transfer) and intralingual errors. Intralingual errors are not related to L1 negative transfer and are due to other factors such as faulty teaching techniques or materials, overgeneralization of L2 rules, age of L2 acquisition and individual differences.	- EA misses the L2 learner's correct forms by counting incorrect forms only. - EA also misses 'avoidance': L2 learners may find ways to avoid producing L2 difficult structures.
<u>Markedness Theory:</u> A. Markedness Differential Hypothesis (MDH)	Eckman (1977) Eckman (1977)	Markedness Theory is the CAH plus typological markedness. It explains both the L2 learners' difficulties (CAH) and the degree (levels) of these difficulties (markedness). MDH states that L2 structures that are both different and more marked than corresponding L1 structures will cause learning difficulty. Unmarked structures are acquired before and easier to acquire than marked structures.	- Some L2 errors did not occur in an area of difference between L1 and L2. - The MDH did not explain why L2 learners altered the marked structures in the way they did. - Markedness is a fact to be explained (Archibald, 1998).
B. Structural Conformity	Eckman (1991)	SCH states that interlanguage and primary languages obey the same set of universal	- Using typological universals as explanatory

Error Analysis And Contrastive Linguistics

Julia Schneider

Error Analysis And Contrastive Linguistics:

As recognized, adventure as capably as experience nearly lesson, amusement, as with ease as accord can be gotten by just checking out a ebook **Error Analysis And Contrastive Linguistics** afterward it is not directly done, you could allow even more a propos this life, on the order of the world.

We have enough money you this proper as with ease as easy pretension to get those all. We present Error Analysis And Contrastive Linguistics and numerous books collections from fictions to scientific research in any way. accompanied by them is this Error Analysis And Contrastive Linguistics that can be your partner.
