**Mathematics and Authentic Assessment** Thomas A. Romberg, 1995-01-01 Today new ways of thinking about learning call  
 for new ways for monitoring learning Reform in School Mathematics builds from the vision that assessment can become the  
 bridge for instructional activity accountability and teacher development It places teachers in key roles while developing the  
 theme that we cannot reform the way in which school mathematics is taught without radically reforming the ways the effects  
 of that teaching are monitored Among others this volume addresses the issues of the specification of performance standards  
 the development of authentic tasks the measure of status and growth or a combination the development of psychometric  
 models and the development of scoring rubrics The new models proposed in this book give teachers a wealth of  
 nontraditional assessment strategies and concrete ways to obtain measures of both group and individual differences in  
 growth      **Federal Job Training Programs** United States. Congress. Senate. Committee on Labor and Human
