deposed before the Tribunal's jury from 26-28 May 2007 helping reconstruct what exactly happened on that fateful morning Nandigram What Really Happened is based on the Tribunal's report that unequivocally dubs the incident of 14 March a state sponsored massacre and calls for stringent punishment for those responsible and adequate compensation for those who suffered its consequences However the impunity accorded by the State government to the perpetrators of the violence of 14 March led to a repeat of violence in Nandigram during 6-14 November 2007 when the CPI M cadre recaptured the area with fresh atrocities that are still being unearthed Nandigram What Really Happened is an important read to understand the gradually emerging police state in India with corporations political parties state institutions and criminal elements joining hands to put down all forms of resistance by citizens to their agenda of loot and grab development The details of what happened in Nandigram are a grim pointer to what is in store in the coming years and the urgent need to fight for restoration of basic democratic rights enshrined in the Indian Constitution but violated with contempt by the very people appointed to defend them
