Estimating Costing M Chakraborty :

Estimating Costing Specification And Valuation In Civil Engineering M. Chakraborti,1992 *Progress in Education* R. Nata,2007 This series presents substantial results from around the globe in selected areas of educational research The field of education is consistently on the top of priority lists of every country in the world yet few educators are aware of the progress elsewhere Many techniques programs and methods are directly applicable across borders This series attempts to shed light on successes wherever they may occur in the hope that many wheels need not be reinvented again and again

Cost Accounting And Financial Management (For C.A. Course-1) S. K. Chakraborty,2004 This Book Is Designed As Per The New Syllabus Effective From 1st October 2001 Prescribed By The Institute Of Chartered Accountants Of India The Book Has The Following Significant Features It Contains Solutions Of Numerous Problems Set In The Previous C A Examinations At The End Of Each Chapter Objective Descriptive Type Questions With Answers And Summary Of Important Formulae Are Given Descriptive Questions Will Enable The Students To Test Their Understanding Of The Subject It Explains The Various Cost Accounting Principles And Concepts Tool And Techniques Of Financial Management And Their Applications In Real Life Situations In A Simple And Lucid Language With Appropriate Examples Diagrams Tables Etc It Describes

Different Sources Of Finance Available To Business Enterprises To Cater To Their Various Types Of Requirements Examples Have Been Graded With Care This Book Would Serve As An Excellent Comprehensive Text For Not Only C A Students But Also For Those Preparing For M B A I C W A I Inter C S And Similar Examinations Desalination Project Cost Estimating and Management Nikolay Voutchkov,2018-10-26 Desalination Project Cost Estimating and Management examines the key issues associated with the estimation of costs for desalination plants It covers all aspects of desalination project cost estimating and management direct and indirect capital costs fixed and variable operation and maintenance costs and total costs for water production In addition it provides a detailed overview of the factors that influence project costs and discusses the technological and project delivery methods to control and optimize project costs The book includes cost curves for the most commonly used seawater desalination facilities and numeric examples illustrating how to prepare a budgetary cost estimate for a typical desalination project Features Presents a comprehensive engineering overview of key issues associated with desalination project cost estimating Includes cost curves which can be used for budgetary level estimates of capital and operation and maintenance O M expenditures Contains easy to use cost estimating rules of thumb derived from actual desalination projects Includes several numeric examples illustrating the cost estimating process **Vision 2020** N.

Ravichandran,2005-09-11 **Combining Visual Intelligence and Federated Learning in Smart Healthcare** Guduri, Manisha,Chakraborty, Chinmay,Margala, Martin,2025-08-11 Smart devices in healthcare can interact with the environment by gathering processing interpreting storing and retrieving information originated from sensors neuromorphic analog circuits robots and other data retrieving sources through explainable AI Internet of Things gestural technology and federated

learning These systems can utilize visual languages to improve communication with people in real life scenarios such as intelligent devices which recognize patterns Such languages combined with intelligent experience based healthcare systems fall in the area of visual intelligence empowering people to understand how machines process the data smart healthcare devices The combination of smart healthcare and visual intelligence with federated learning may give rise to new applications in fields as diverse as healthcare education marketing gaming and automation Combining Visual Intelligence and Federated Learning in Smart Healthcare explores research areas that connect visual information processing with intelligence federated learning and the Internet of Things promoting their integration and exciting new developments It examines theories practices and experiences in the field of smart healthcare for visual intelligence with federated learning This book covers topics such as artificial intelligence predictive analytics and smart technology and is a useful resource for medical professionals business owners healthcare workers computer engineers data scientists academicians and researchers

Mercury Toxicity Nitish Kumar,2023-11-23 This book presents mercury toxicity with respect to remediation and health issues It covers sources of mercury contamination its impact on human health and prospective remediation by both bioremediation and phytoremediation with the application of recent advanced techniques such as genetic engineering and nanotechnology Both anthropogenic activities and natural processes cause the release of mercury into different spheres of the environment resulting in severe adverse impacts Increased anthropogenic discharge of mercury leads to disturbance in its natural biogeochemical cycle which results in unenviable diseases and hazardous health effects Mercury pollution is responsible for causing neurobehavioral kidney heart gastrointestinal liver and other diseases Many published works about the impact of mercury on health are also available worldwide however there is no complete understanding available on toxicological studies of mercury that covers the broader spectrum of findings ranging from sources of exposure to mercury toxicity to its remediation strategies This book brings together a diverse group of environmental science sustainability and health researchers to address the challenges posed by global mass poisoning caused by mercury contamination The book also proposes solutions to contamination through multi disciplinary approaches The book contains three sections The first part describes the different sources and distribution of mercury in soil and plant ecosystems The second part explains the health risks linked to mercury toxicity The third part addresses sustainable mercury toxicity mitigation strategies and the potential applications of recent technology in providing solutions This book is a valuable resource to students academics researchers and environmental professionals working in the field of mercury contamination

Clinical Practice and Unmet Challenges in AI-Enhanced Healthcare Systems Liu, Haipeng,Tripathy, Rajesh Kumar,Bhattacharya, Pronaya,2024-08-05 As the demand for advanced technologies to revolutionize patient care intensifies the medical industry faces a pressing need to confront challenges hindering the assimilation of AI enhanced healthcare systems Issues such as data interoperability ethical considerations and the translation of AI advancements into practical clinical applications pose formidable hurdles that

demand immediate attention It is within this context of challenges and opportunities that the book Clinical Practice and Unmet Challenges in AI Enhanced Healthcare Systems promises to pave the way for a transformative era in healthcare The book serves as a comprehensive guide for academic scholars researchers and healthcare professionals navigating the dynamic landscape of data driven AI enhanced healthcare By showcasing the latest advancements the book empowers its readers to not only comprehend the existing frontiers in data sciences and healthcare technologies but also to actively contribute to overcoming obstacles Through detailed case studies and practical guidance the publication equips its audience with the skills necessary to implement AI in various clinical settings

Trends in Wireless Communication and Information Security Mithun Chakraborty,Raman Kr. Jha,Valentina Emilia Balas,Samarendra Nath Sur,Debdatta Kandar,2021-04-22 This book presents best selected papers presented at the International Conference on Emerging Wireless Communication Technologies and Information Security EWCIS 2020 held from 8th 9th October 2020 at Amity University Jharkhand Ranchi India The book includes papers in the research area of wireless communications and intelligent systems signal and image processing in engineering applications data communication and information security IoT and cloud computing The contribution ranges from scientists engineers and technologists from academia as well as from industry

Recent Advances in Artificial Intelligence in Cost Estimation in Project Management Nevena Rankovic,Dragica Ranković,Mirjana Ivanovic,Ljubomir Lazić,2024-12-06 This book focuses on the practical application of AI tools and techniques in software project management offering detailed theoretical explanations and practical examples of over 40 state of the art machine learning and deep learning algorithms applied across each project phase as well as in risk and resource management Helping the business world estimate projects more accurately while saving costs and resources is crucial in today s rapidly changing fast paced technological landscape Moreover it presents specific aspects of combined approaches through ensemble models incorporating Taguchi s optimization method to further improve estimation accuracy advancing this area of software project management A valuable resource for students and professionals to deepen their knowledge and skills it also serves as a great manual for companies adopting smarter strategies to manage and develop projects more efficiently and effectively

The Indian Journal of Agricultural Economics ,2000 Vols include Proceedings of the conference of the Indian Society of Agricultural Economics **Toxicology** Vinood B. Patel,Victor R Preedy,2020-11-17 Toxicology Oxidative Stress and Dietary Antioxidants examines the nature of oxidative stress as a consequence of exposure to toxins and how antioxidant approaches can mitigate the impact of toxicant exposures Sections covers the basic biology of oxidative stress from molecular biology to physiological pathology mechanisms of action of specific toxicants metals and other chemicals drugs and antioxidant approaches and therapies for toxic exposures With contributions from an international group of experts useful summary sections a dictionary of terms and applications to other areas of toxicology this book is an informative consolidated reference that helps bridge the interrelationship between toxicology oxidative stress and

antioxidants Provides a novel collection of information linking both sides of redox biology oxidants and antioxidants and toxicology Explores the role of free radical mediated damage and toxicology Contains contributions from experts on toxicological science surrounding oxidative stress and on antioxidant approaches for reducing the impact of toxicant exposures

Cost-Benefit Analysis and the Environment Collectif,2018-06-25 This book explores recent developments in environmental cost benefit analysis CBA This is defined as the application of CBA to projects or policies that have the deliberate aim of environmental improvement or are actions that affect in some way the natural environment as an indirect consequence It builds on the previous OECD book by David Pearce et al 2006 which took as its starting point that a number of developments in CBA taken together altered the way in which many economists would argue CBA should be carried out and that this was particularly so in the context of policies and projects with significant environmental impacts It is a primary objective of the current book not only to assess more recent advances in CBA theory but also to identify how specific developments illustrate key thematic narratives with implications for practical use of environmental CBA in policy formulation and appraisal of investment projects Perhaps the most significant development is the contribution of climate economics in its response to the challenge of appraising policy actions to mitigate or adapt to climate change Work in this area has increased the focus on how to value costs and benefits that occur far into the future particularly by showing how conventional procedures for establishing the social discount rate become highly problematic in this intergenerational context and what new approaches might be needed The contribution of climate economics has also entailed thinking further about uncertainty in CBA especially where uncertain outcomes might be associated with large and adverse impacts

International Conference on Innovative Computing and Communications Deepak Gupta,Ashish Khanna,Siddhartha Bhattacharyya,Aboul Ella Hassanien,Sameer Anand,Ajay Jaiswal,2020-08-01 This book includes high quality research papers presented at the Third International Conference on Innovative Computing and Communication ICICC 2020 which is held at the Shaheed Sukhdev College of Business Studies University of Delhi Delhi India on 21 23 February 2020 Introducing the innovative works of scientists professors research scholars students and industrial experts in the field of computing and communication the book promotes the transformation of fundamental research into institutional and industrialized research and the conversion of applied exploration into real time applications

Cost-Benefit Analysis and the Environment Further Developments and Policy Use OECD,2018-06-25 This book explores recent developments in environmental cost benefit analysis CBA This is defined as the application of CBA to projects or policies that have the deliberate aim of environmental improvement or are actions that affect in some way the natural environment as an indirect consequence

Advances in Service Science Hui Yang,Robin Qiu,2018-12-28 This volume offers the state of the art research and developments in service science and related research education and practice areas It showcases emerging technology and applications in fields including healthcare information technology transportation sports logistics and public services

Regardless of size and service a service organization is a service system Because of the socio technical nature of a service system a systems approach must be adopted to design develop and deliver services aimed at meeting end users both utilitarian and socio psychological needs Effective understanding of service and service systems often requires combining multiple methods to consider how interactions of people technology organizations and information create value under various conditions The papers in this volume highlight ways to approach such technical challenges in service science and are based on submissions from the 2018 INFORMS International Conference on Service Science

Reintroduction of Fish and Wildlife Populations David S. Jachowski, Joshua J. Millspaugh, Paul L. Angermeier, Rob Slotow, 2016-09-13 Reintroduction of Fish and Wildlife Populations provides a practical step by step guide to successfully planning implementing and evaluating the reestablishment of animal populations in former habitats or their introduction in new environments In each chapter experts in reintroduction biology outline a comprehensive synthesis of core concepts issues techniques and perspectives This manual and reference supports scientists and managers from fisheries and wildlife professions as they plan reintroductions initiate releases of individuals and manage restored populations over time Covering a broad range of taxonomic groups ecosystems and global regions this edited volume is an essential guide for academics students and professionals in natural resource management

Renewable Energy Applications for Freshwater Production Jochen Bundschuh, Jan Hoinkis, 2012-07-02 Worldwide many regions have a great potential to cover part of their pressing water needs by renewable energy powered water treatment processes using either thermal or membrane based technologies Not only arid and semiarid regions are increasingly suffering from water shortage but also many other regions face a limitation of freshwater resources either by increasing contamination of surface water bodies or groundwater resources unsuitable for drinking and irrigation purposes either due to their high grade of mineralization or their contents of toxic components In many areas without centralized water supply treatment techniques using locally available renewable energy resources such as wind solar and geothermal can provide an economical social and environmentally sustainable option for clean water production from seawater and from highly mineralized or otherwise unsuitable ground and surface water This book provides an overview on possible cost efficient techniques and application opportunities for different scales and shows why the implementation of these technologies faces numerous technological economic and policy barriers and provides suggestions how they can be overcome It serves as a synoptic compendium of the fundamentals of freshwater production using renewable energies applicable to all types of water ranging from brackish to marine water and also including industrial and communal residual water The book is aimed at professionals academics and decision makers worldwide working in the areas of water resources water supply land planning energy planning greenhouse gases emission mitigation and rural development

Smart Trends in Computing and Communications Tomonobu Senjyu, Chakchai So-In, Amit Joshi, 2024-06-01 This book gathers high quality papers presented at the Eighth International Conference on Smart Trends in Computing and Communications SmartCom

2024 organized by Global Knowledge Research Foundation GR Foundation from 12 to 13 January 2024 in Pune India It covers the state of the art and emerging topics in information computer communications and effective strategies for their use in engineering and managerial applications It also explores and discusses the latest technological advances in and future directions for information and knowledge computing and its applications

Econometrics, Statistics And Computational Approaches In Food And Health Sciences Alok Bhargava, 2006-11-03 This book is a compendium of Alok Bhargava's most important contributions in longitudinal econometric methods and its application to problems of food nutrition and health It demonstrates the usefulness of rigorous econometric and statistical methods in addressing issues of under nutrition and poor child health in developing countries as well as obesity in developed countries The close connection between the issues and themes analyzed in disciplines such as economics nutrition psychology demography epidemiology and public health provides a sound basis for the formulation of public policies
