Criminology Mark M. Lanier, 2018-04-19 In the fourth edition of *Essential Criminology* authors Mark M Lanier Stuart Henry and Desire M Anastasia build upon this best selling critical review of criminology which has become essential reading for students of criminology in the 21st century Designed as an alternative to overly comprehensive lengthy and expensive introductory texts *Essential Criminology* is as its title implies a concise overview of the field The book guides students through the various definitions of crime and the different ways crime is measured It then covers the major theories of crime from individual level classical and rational choice to biological psychological social learning social control and interactionist

perspectives In this latest edition the authors explore the kind of criminology that is needed for the globally interdependent twenty first century With cutting edge updates illustrative real world examples and new study tools for students this text is a necessity for both undergraduate and graduate courses in criminology Statistics for Criminology and Criminal Justice Ronet D. Bachman, Raymond Paternoster, Theodore H. Wilson, 2021-02-08 Communicating the excitement and importance of criminal justice research this practical and comprehensive book shows students how to perform and understand statistical analyses while helping them recognize the connection between statistical analyses used in everyday life and their importance to criminology and criminal justice This updated Fifth Edition is packed with real world case studies and contemporary examples utilizing the most current crime data and empirical research available Each chapter presents a particular statistical method in the context of a substantive research story The Origins of American Criminology Francis T. Cullen, Cheryl Lero Jonson, Andrew J. Myer, Freda Adler, 2011 The essays contained in this book capture the stories behind the invention of criminology s major theoretical perspectives and preserves information from the generation that defined the field for the past decades that otherwise would have been lost This history shows criminology to be a human enterprise Its ideas were not driven primarily by data nor were the theories invented solely as part of the scientific process To the contrary American criminology s great theories most often preceded the collection of data they guided and produced empirical inquiry not vice versa This volume demonstrates that humanity is what makes theory possible in that diverse experiences allow individual scholars to see the world differently and thus shape theoretical paradigms based on their own unique life stories
