Dear Diary,

I feel like a writer today. Not like any old writer, but like myself. I have so much to say. Often, it all gets caught at once in my throat and I choke. In those times I don't feel like myself. I don't feel like a writer. But today is different. I am flowing steadily like a stream, and my thoughts are so fluid that they slip through my throat easily, sliding to make room for one another in the stream. No longer a blockade, but a waterfall of consciousness, frictionless and transcendent to be easily recorded with pen and paper. Without friction. Today I have a frictionless mental sky. I have so much to say. Now is the time. I'm ready to switch. I'm ready to make today my everyday. And so it is.

Volume 5, Tome III: Kierkegaard and the Renaissance and Modern Traditions - Literature, Drama and Music Jon Stewart, 2016-12-05 The long period from the Renaissance to the nineteenth century supplied numerous sources for Kierkegaard's thought in any number of different fields. The present rather heterogeneous volume covers the long period from the birth of Savonarola in 1452 through the beginning of the nineteenth century and into Kierkegaard's own time. The Danish thinker read authors representing vastly different traditions and time periods. Moreover, he also read a diverse range of genres. His interests concerned not just philosophy, theology, and literature but also drama and music. The present volume consists of three tomes that are intended to cover Kierkegaard's sources in these different fields of thought. Tome III covers the sources that are relevant for literature, drama, and music. Kierkegaard was well read in the European literature of the seventeenth and eighteenth century. He was captivated by the figure of Cervantes' Don Quixote, who is used as a model for humor and irony. He also enjoyed French literature represented here by articles on Chateaubriand, Lamartine, and Molière. French dramatists were popular on the Danish stage, and Kierkegaard demonstrated an interest in, among others, Molière and Scribe. Although he never possessed strong English skills, this did not prevent him from familiarizing himself with English literature primarily with the help of German translations. While there is an established body of secondary material on Kierkegaard's relation to Shakespeare, little has been said about his use of the Irish dramatist Sheridan. It is obvious from among other things, The Concept of Irony, that Kierkegaard knew in detail the works of some of the main writers of the German Romantic movement. However, his use of the leading figures of the British Romantic movement, Byron and Shelley, remains largely unexplored terrain. The classic Danish authors of the eighteenth century, Holberg, Wessel, and Ewald, were influential figures who prepared the way for the Golden Age of Danish poetry. Kierkegaard constantly refers to their dramatic characters, whom he often employs to illustrate a philosophical idea with a pregnant example or turn of phrase. Finally, while Kierkegaard is not an obvious name in musicology, his analysis of Mozart's Don Giovanni shows that he had a keen interest in music on many different levels.
