

## FALLING UP

I tripped on my shoelace  
And I fell up—  
Up to the roof tops,  
Up over the town,  
Up past the tree tops,  
Up over the mountains,  
Up where the colors  
Blend into the sounds.  
But it got me so dizzy  
When I looked around,  
I got sick to my stomach  
And I threw down.

**The Rational Imagination** Ruth M. J. Byrne, 2007-01-26 The human imagination remains one of the last uncharted terrains of the mind This accessible and original monograph explores a central aspect of the imagination the creation of counterfactual alternatives to reality and claims that imaginative thoughts are guided by the same principles that underlie rational thoughts Research has shown that rational thought is more imaginative than cognitive scientists had supposed in The Rational Imagination Ruth Byrne argues that imaginative thought is more rational than scientists have imagined People often create alternatives to reality and imagine how events might have turned out if only something had been different Byrne explores the fault lines of reality the aspects of reality that are more readily changed in imaginative thoughts She finds that our tendencies to imagine alternatives to actions controllable events socially unacceptable actions causal and enabling relations and events that come last in a temporal sequence provide clues to the cognitive processes upon which the counterfactual imagination depends The explanation of these processes Byrne argues rests on the idea that imaginative thought and rational thought have much in common
