Family Religion And Social Change In Diverse Societies:

Family, Religion, and Social Change in Diverse Societies Sharon K. Houseknecht, Jerry G. Pankhurst, 2000 Family and religion face a myriad of challenges in the modern age Although many social theorists think these institutions would be greatly weakened or eliminated in the course of modernization this book rejects that notion and demonstrates that both family and religion no matter what significant transformations they may be undergoing are nevertheless well rooted in societies throughout the world The persistence and vitality of these two institutions contradict the secularization thesis or the family decline thesis Though the importance of religion and family is manifested in different ways and in different contexts these institutions are important virtually everywhere in both the public and private spheres Family Religion and Social Change in Diverse Societies deals with family and religion together examining their unique relationship as institutions as well as the way in which they interact with other social institutions including politics and economics Authored by an international group of scholars in sociology and anthropology the fourteen essays are complex analyses of social change processes occurring within societies Taking an inter institutional perspective each essay explores the special link between religion and family in a specific society Together the introduction and essays in the book cover societies on five continents examining varying levels of economic development diverse religious traditions and differing degrees of cultural homogeneity Providing informative and compelling studies Family Religion and Social Change in Diverse Societies offers a good mix of both descriptive and statistical information

Religion and Family in a Changing Society Penny Edgell, 2013-12-03 The 1950s religious boom was organized around the male breadwinner lifestyle in the burgeoning postwar suburbs But since the 1950s family life has been fundamentally reconfigured in the United States How do religion and family fit together today This book examines how religious congregations in America have responded to changes in family structure and how families participate in local religious life Based on a study of congregations and community residents in upstate New York sociologist Penny Edgell argues that while some religious groups may be nostalgic for the Ozzie and Harriet days others are changing knowing that fewer and fewer families fit this traditional pattern In order to keep members with nontraditional family arrangements within the congregation these innovators have sought to emphasize individual freedom and personal spirituality and actively to welcome single adults and those from nontraditional families Edgell shows that mothers and fathers seek involvement in congregations for different reasons Men tend to think of congregations as social support structures and to get involved as a means of participating in the lives of their children Women by contrast are more often motivated by the quest for religious experience and can adapt more readily to pluralist ideas about family structure This Edgell concludes may explain the attraction of men to more conservative congregations and women to nontraditional religious groups

The Zionist Churches in Malawi Strohbehn, Ulf, 2016-05-11 This book presents an African Christian movement full of vitality and creativity. The reader will meet believers who drink milk so that they may dream about angels, reports about funerals where the mourners dance with the coffin on their shoulders, and church members who are ritually not allowed to fertilize their fields or wear neck ties. The author's unique insight into Malawi's Christian community addresses important issues in society: Why have Spirit Churches including Pentecostalism been so successful in Malawi? Why do some religious groups still refuse medical help up to the point that children die of cholera? How did the independent churches deal with the colonial trauma? In this masterful portrait, Strohbehn takes the reader from industrial mine compounds to rural colonies where churches have set up their own spiritual and political rule. He carefully dissects the fine lines between traditional notions and Christianity's influence. We find a spiritual portrait of the Ngoni people, a fascinating cultural analysis of dancing, and an encounter with a unique style of preaching.

Familienreligiosität im Bildungshandeln Miriam Boger, Steffen Kleint, Freimut Schirrmacher, 2022 Wie entwickelt sich das religiöse Familienleben gegenwärtig? Inwieweit wird es als ein biographisches und intergenerationales Lerngeschehen erforscht? Wie greifen Bildungsanbieter die Bandbreite an religiöser Familienpraxis, Sprache und Dynamik auf? Die Autorinnen und Autoren des Bandes zeigen in welcher Weise Familienreligiosität aktuell wahrgenommen und pädagogisch adressiert wird. Sie diskutieren religionspädagogische Ansätze, neue Forschungsergebnisse und Praxiserfahrungen. Ausgehend von erwachsenenpädagogischen Überlegungen regt der Band im Ergebnis zur konzeptionellen Weiterentwicklung religiöser Familienbildung an. Sie sollte sich noch stärker lebensweltlich intergenerativ und interreligiös ausrichten. Sie darf explorativer arbeiten. Sie kann länger hinschauen, was Eltern und Großeltern unter religiösen Gesichtspunkten bewegt und interessiert.
